

WOMEN ELECT MRS. PENNYBACKER

Texas Candidate Victorious by Vote of 856 to 225 Over Mrs. Carpenter.

SINGLE CONTEST SETTLED

Mrs. Pennypacker Opposed to Bringing Suffrage Question Before Federation, Opponent Being Non-Committal.

SAN FRANCISCO, July 4.—Mrs. Percy V. Pennypacker, of Austin, Tex., is the new president of the General Federation of Women's Clubs. Her election over Mrs. Philip Carpenter, of New York, was announced here tonight at the regular business session of the federation's convention, now in session. She received 856 votes to 225 cast for Mrs. Carpenter. Other officers whose election was announced are: Vice-President, Mrs. L. Blankenburg, Philadelphia; second vice-president, Mrs. Samuel B. Sneath, Ohio; recording secretary, Mrs. Harry T. Keefe, Nebraska; corresponding secretary, Mrs. Eugene Howell, North Carolina; treasurer, Mrs. John Threadgill, Oklahoma; auditor, Mrs. Charles H. McMahon, Utah.

The directors elected are: Mrs. William E. Andrews, Washington, D. C.; Mrs. Francis D. Everett, Illinois; Mrs. Grace Julian Clark, Indiana; Mrs. J. Creighton Mathews, Louisiana; Mrs. William P. Harper, Washington; Mrs. A. S. Christy, Montana; Mrs. Frank White, North Dakota; Mrs. Lucy White, Michigan.

Announcement of Mrs. Pennypacker's election was followed by handclapping, then by joyous feminine cheers, and finally by what was pronounced to be a "rebel" rally by the club which she represented. Business of the convention was suspended while she was escorted to the platform, where another ovation was given her.

The vote on the presidency and the other offices was taken yesterday and all day eager delegates pried around, trying to learn what had happened. Some 29 women served as tellers, but each had only a good-sized bunch of ballots to count.

These were turned in to Mrs. Samuel Hayes, chairman of the committee on election, who worked out the totals for herself and kept them to herself. All day, however, reports that Mrs. Pennypacker had won were in circulation.

Particular interest was manifested in the election because, while both candidates for the Presidency are advocates of equal suffrage, Mrs. Pennypacker had made a formal announcement against bringing the subject before the Federation, while Mrs. Carpenter, in a similar statement, refrained from committing herself on that point. The Federation's sessions end tomorrow.

Motorboat, Canoe and Swimming Races Close Events.

Although the class B race for the commodore's pennant was called off at the Oregon Yacht Club yesterday afternoon, because of calm, the other events were interesting, the motor boat race being so close that the boats all finished within nine seconds of the winner, Alice M., manned by E. J. Carr.

The swimming race of the day was won by F. Ruzsky, who swam a 50 yards in 38 seconds. Dr. E. M. Emerson came in second in the swim, only a few yards behind Ramsdell. The canoer received silverware as a trophy, presented by Commodore Roberts.

The half mile canoe race was another pretty event, Brown winning after being third nearly the whole length of the course. Irwin was the leader, but became confused as to the course and was put out. Brown received a gold stickpin, presented by the club, while Towle, who came in second, received a silver match case, bearing the insignia of the club.

The women's double canoe race also was close. Nettie Buszky and Mrs. Brown being behind Miss N. and Miss B. Smith, until 25 yards from the finish, when they forged ahead and won.

The 3-mile motor boat race was a handicap affair. Commodore Roberts was the starter, and the race ended an oiling outfit to keep the winning engine in shape.

C. A. Hastorf was the starter for the other events of the day and Frank Creasey, timer.

The evening was passed in dancing on the club's balcony and the floor. T. J. Mendenhall being the master of ceremonies.

HOQUIAM, Wash., July 4.—(Special.)—On a muddy field with a fine rain falling, the Hoquiam State League Cougars were shut out today by Aberdeen in a loosely played game. Both pitchers were in fine form, the Aberdeen twister striking out 13 men and the Hoquiam artist nine. The score: R. H. E. Aberdeen . . . 5 11 0 Hoquiam . . . 0 8 1 Batteries—James and Gleason; Starkell and Troch, Wilkins. Umpire—Turner.

FIGHT PRINCIPALS ARRESTED

McGoorty, Brown and Officials Charged With Law Violation.

BRENTON HARBOR, Mich., July 4.—Sheriff Denton and his deputies backed a stop to the Eddie McGoorty-Knockout Brown ten-round fight today, ten seconds before the end of the last round, by arresting both principals and officials. All are charged with violating the Michigan boxing law.

McGoorty put Brown down for a count of eight near the opening of the fourth round. It was McGoorty's fight, although Brown took punishment gamely.

KILBANE OUTFIGHTS DIXON

Kansas City Boy Stays Full 12 Rounds With Champion.

CLEVELAND, July 4.—Johnny Kilbane, featherweight champion, won over Tommy Dixon, of Kansas City, tonight, their fight going the full 12 rounds.

No decision was rendered by the referee, but the popular newspaper verdict accorded the Cleveland lad victory.

41 ARE KILLED IN COLLISION IN FOG

Engineer of Lackawanna Express Fails to See Signal Set Against Him.

BODIES BADLY MANGLED

Fast Running Train Ploughs Way Through Excursion Cars on Sidings—Number of Persons Injured Exceeds 50.

CORNING, N. Y., July 4.—Forty-one persons were killed and between 50 and 60 injured in a wreck near here early today.

Westbound Lackawanna passenger train No. 9, from New York, due to arrive at Corning at 4:47 A. M., composed of two engines, a baggage car, three Pullmans and two day-coaches in the order named, was demolished at Gibson, three miles east of Corning, at 5:26 o'clock this morning by express train No. 11, due at Corning at 5:10 A. M. Many of the victims were holiday excursionists.

Schroeder, the engineer of the express train, had taken No. 11 at Elmira, and was sending his train along at its rated speed. No. 9 was supposed to be half an hour ahead of him. He had no warning until he made out the outline of the rear coach through the fog. Then he applied the brakes without shutting off steam.

Locomotive Ploughs Through Train. The jerk threw the train off the track and the locomotive ploughed on to splinter the two day coaches filled with excursionists and tear through the last of the Pullmans. Schroeder said the impact threw him from the cab and landed him on his shoulder on the roadbed, practically unhurt. The engine continued its plunge through the middle of the train, grinding everything in its path. Finally, blocked by the debris, it remained on the roadbed in the midst of the desolation it had caused, while hundreds of persons rushed in every kind of vehicle to the scene to lift and pry the wreckage and from the tangled mass of wreckage.

Signals Not Seen in Fog. Schroeder, in telling his story, said he failed to see the signal that he thought was set against him. The morning was foggy and he said he could not make them out. The wrecked train stood on the main track, blocked by a Corning freight train. There was no flag out, according to Engineer Schroeder. The signals which he declared it was too foggy to see were just a few rods away and crashed into the rear of No. 9.

Among the identified dead are Mr. and Mrs. Charles Brandeis, of New York City, who were married yesterday and were on their wedding trip. A number of the dead are immigrants.

Taking advantage of the holiday excursion rates to Buffalo and Niagara Falls, many excursionists had boarded No. 9 at all points from Hoboken. By the time Elmira was reached the train carried so many passengers that a second engine was attached.

Freight Train Blocks Way. Long before, extra freight train No. 51, bound for Buffalo, had pulled through Elmira. When the heavy grade at Gibson was reached a drabed Pullman-Hollweg, and his third son, Prince Adalbert, arrived here today on board the Imperial yacht Hohenzollern, escorted by the cruiser Moltke, to meet the Emperor of Russia who, with the members of his family and Premier Kokovsov and Foreign Minister Sazonov, were already in waiting here.

A division of Russian torpedoboats, the Russian Admiralty yacht Neva, with the German Ambassador to Russia and the attaches of the German Embassy at St. Petersburg, went out to meet the German Emperor, who upon his arrival received the salutes of the assembled Russian warships and was greeted with cheers by their crews, to which the sailors of the Moltke replied.

OAKLAND, Cal., July 4.—(Special.)—Attacked by a maddened bulldog when he attempted to enter the home of Mrs. E. Robinson, 2333 Fifty-fifth avenue, to dress wounds inflicted by the animal, Dr. Maurice Harvey was compelled to use the fence as a wall between himself and the infuriated dog and the patient.

Theraputist Mrs. Robinson held her hand over the fence and Dr. Harvey proceeded to dress the wounds while waiting for the police, who arrived shortly afterward from the Melrose station and shot the animal.

Mrs. Robinson was removed to the Alameda Sanitarium, where her condition is said to be serious.

The dog belonged to Mrs. Robinson and began to act queerly yesterday. When she attempted to soothe it she was bitten on the hand and knee.

Two other victims of dog bites reported at the Emergency Hospital for treatment. Henry Page, a ball player, said to be a member of the New York American League team, was badly bitten on the index finger while playing with a dog owned by his sister. Fred Straub undertook to amuse a neighbor's dog and the dog playfully reciprocated by taking a chunk out of his right leg.

All the cases will be held until it is determined whether the dogs were afflicted with rabies.

Commoner Thinks Wilson Will Win by "About 2,000,000."

CHICAGO, July 4.—(Special.)—The subject of Colonel Henry Watterson's "treacherous unparliamentary" editorial was in Chicago today on his way home to Fairview, he being William Jennings Bryan.

He did not look like the Nero fiddling on the wall while Democracy went to rack and ruin that the eminent Kennedys had pictured him. Neither did he outwardly resemble a "traitor and pharisee," "beaten mountebank," "rattle-snake" or "unprincipled charlatan."

"I can't match vituperation with Colonel Watterson," he said. "Woodrow Wilson will be elected President by about 2,000,000 majority. The tariff, trust and money questions will be paramount issues and Colonel Roosevelt's propaganda will not injure Democratic chances," he said.

"Taft and Roosevelt will contend for Republican votes," he said. "Of course, even if Roosevelt stays in the race, we will get lots of his adherents."

ACCIDENT KILLS SALEM MAN

Marion Wilson Dead and Wife Is Injured in Fall Over Bank.

DALLAS, Or., July 4.—(Special.)—Marion Wilson, of West Salem, is dead and his wife is in a very serious condition as the result of an automobile accident about three miles southwest of Dallas, on the Dallas and Falls City road.

Mr. and Mrs. Wilson, with the former driving, were on their way to the celebration at Falls City. In the car were their two children and two adults, a man and his wife. The road was narrow and in turning to avoid an obstacle, Mr. Wilson lost control of the car, and it fell over a bank.

The car turned completely over. The man and woman with the Wilsons jumped and escaped injuries. The children also escaped uninjured. Mr. Wilson was injured internally, as was also his wife.

Lee Criden and Armond Smith, of Dallas, came upon the scene of the accident within a few minutes of the time it happened. They telephoned Mrs. Wilson to the hospital at Dallas. Mr. Wilson was brought in a train. Physicians were immediately called, but could do nothing for him. Wilson was a successful merchant and was especially interested in the time up to his death, which occurred at 11:30 A. M., 15 minutes after his arrival at the hospital.

Mr. Wilson has been unconscious all day. The extent of her injuries is not known, but small hope of her recovery is entertained.

Red Sebastian Is Thrown at Tacoma While on High Speed.

TACOMA, Wash., July 4.—In a trial on the automobile track today, Red Sebastian, driving a Colt machine, narrowly escaped death when the automobile threw a tire on making one of the lower turns. The machine jumped the track and Sebastian was thrown 30 feet, barely missing a concrete pole.

The mechanic jumped and escaped without a scratch. Sebastian was severely bruised and received several cuts in his face. He will be unable to drive in the race tomorrow.

PHONE COMBINE MADE

HOME COMPANY IN ROGUE VALLEY TAKES UP OPPOSITION.

New System Operating From Medford Throughout Southern Oregon—Deal \$1,000,000.

MEDFORD, Or., July 4.—(Special.)—The Home Telephone Company, operating in Medford and the Rogue River Valley, today took over the entire plant and equipment of the Pacific Telephone & Telegraph Company and hereafter there will be put one telephone system in Southern Oregon.

C. H. Moore, of Portland, represented the Pacific company and F. H. Crosby, of San Francisco, the Home company. The amount of money involved was not made public, but the consolidation will mean the merging of systems valued at \$1,000,000. The new system will operate from Medford throughout Southern Oregon, connecting with every town of any importance and will greatly improve the services, giving every phone subscriber the communication with every other subscriber.

Medford capital is represented in the transaction and the new officers will be the following: Medford men: W. H. Gora, president; C. Reames, vice-president; George C. Ulrich, secretary and treasurer; A. J. Vance, manager. The Home Telephone Company entered the field a year ago last January, after the Pacific company was established.

It has been generally known that they have operated at a loss and the two systems met with general dissatisfaction with the subscribers.

J. B. Middleton, secretary and manager of the Portland Home Telephone & Telegraph Company, said last night: "The local Home Telephone Company has no connection either in the way of lines or finance with the Medford corporation. The Portland company's lines extend as far as Albany, and in the near future there is a probability that the lines will be extended to Medford, the two systems being operated as one or else the working of the systems on a co-operative basis."
