Brewery and Retailers at Roseburg Await Analysis of Product.

ROSEBURG, Or., July 4.—(Special.)—
Armed with search warrants issued by the District Attorney and accompanied by a dozen Deputy Sheriffs, Sheriff George Quine late today swooped down on Roseburg's ten near-beer establishments, the plant of the Roseburg Brewing & Ice Company, and concluded the crusade by holding up the brewery wagon while making its usual deliveries about town.

One keg of the brew was taken from the delivery wagon while making its usual delivery. Another keg was taken from the delivery wagon. All of the seized liquor will be shipped to Eugene Friday, where it will be analyzed. If found to contain more than 2 per cent alcohol the manufacturers will be prosecuted.

Although the Sheriff and his deputtes searched the respective resorts for whisky they were more particularly interested in seizing the product of the Roseburg Brewing & Ice Company. The officers have suspected this brewery of selling beer for some time, and all the kegs confiscated in today's raid contained the local product. No whisky was found in any of the resorts raided.
