East Side Asks for New High School. A communication was received yesterday from the East Forty-first Street and Holgate Improvement Association asking that the School Board select a site for a high school somewhere within the boundaries of Holgate street on the northeast, Fifty-second street on the east, Sixteenth avenue on the south and Thirty-fourth avenue on the west. The letter was ordered placed on file by the directors, who were in session.

HYPNOTISTS UNDER BAN

Police Put Stop to Practice on Boys in Moving Picture Shows. Hypnotists who practice upon susceptible boys for the amusement of crowds in moving picture shows, are to be severely dealt with by the police, pursuant to an order issued by Chief Slover yesterday. The action was brought about by a report of Sergeant Lyon, based upon his unsupervised body. A woman connected with the show allowed her arms to be sewed together with thread.

These practices, while producing no apparent effect at the time, are said by physicians to leave a lasting effect upon the nervous system of the

subject and particularly upon young persons. Chief Slover instructed all officers to see that no such performances are given in the city.

BAND'S NOISE PROTESTED

Hungarian Music Doesn't Appeal to Residents of One Neighborhood. Residents of the district about Eighteenth and Raleigh streets have appealed to the police for protection from a Hungarian band, organized in the neighborhood, and which is now engaged almost daily in relieving itself of Hungarian music alleged to be of a crude nature.

A petition signed by a number of residents was received by the health and police committee of the City Council yesterday and was referred by that committee to the Chief of Police, with power to act.

BUILDING BLOCKS STREET

Viewers Find \$20,000 Structure in Way of Extension. Extension of East Ash street between East Thirtieth and East Thirty-first streets, is obstructed by a \$20,000 reinforced three-story building, which extends directly across the street. It is being built by M. A. Blanchard. It is 10x20 feet and was started, it is reported, after the proceedings for the opening of East Ash street were begun in the City Council. The owner has put in a claim of \$20,000 damages. To open the street will have to demolish the building, as it will take 60 feet off the north end, leaving a fragment at the south end.

E. Varstege, W. A. Cadwell and A. A. Kadderly, the viewers, examined the situation yesterday, and are much puzzled. Beside the cost of taking Blanchard's building they will have to condemn a house and lot east of the building at a cost of \$6000, which will make the total cost of opening East Ash street \$26,000.

is opened through Laurelhurst from the river except at this point. Viewers say they will report the situation back to the street committee, as it would be difficult to make a \$20,000 assessment to open the street one block.

DR. C. H. WHEELER MARRIED

Miss Agnes Ritter Becomes Bride of City Health Officer. Despite all the doctor's attempts to keep it a secret, there leaked out yesterday the details of the marriage of Dr. C. H. Wheeler, city health officer, to Miss Agnes Ritter, of Portland.

The couple were united in wedlock Tuesday evening by Rev. W. E. Hinson, pastor of the First Baptist Church, at the parsonage. Dr. Ira T. Beeman, acted as best man and Miss Alta McFeron, secretary of the pastor, as the other witness. The happy pair are at present residing at the Portland Hotel, but hope to move shortly into the new home that Dr. Wheeler is having built in Irvington.
