ROOSEVELT WOULD DISREGARD PARTIES

Colonel Makes Appeal for Votes, Asking All "Progressives" to Join.

DEMOCRATIC AID SOUGHT

In States Where Both Republicans and Democrats Are "Boss-Ridden," He Says, Straight New Ticket Must Be Entered.

NEW YORK, July 8.—Roosevelt headquarters made public here today a long telegram which Colonel Roosevelt sent last night to William Allen White at Emporia, Kan.

"Our appeal, nationally," says the telegram, "is, of course, to all men of progressive principles, regardless of past party differences. The action locally must be guided by the needs of the local situation. In any state where there is no real Republican party I am entirely content that the local organization should call itself by the title of progressive Democratic. If that is the local desire, and if they support the National progressive electors."

Entirely New Tickets Wanted.

"Where, as in New York, New Mexico and Colorado, the local organizations of both Republican and Democratic parties are helplessly boss-ridden and reactionary, then we must have a straight progressive ticket from top to bottom independent of both the old parties."

"Where, as I understand to be the case in Kansas, South Dakota, California and other states, the local Republican organizations are progressive and represent the principles for which we stand, I hope that they will be able to make the fight locally for good government in whatever effective organizations they have."

Support of Old Party Expected.

"I feel that this year in the progressive Republican states we should have the support of the organization itself. Moreover, I feel that everywhere I have a right to expect the support of the entire rank and file of the Republican party. I made a straight-out primary fight and, in the states where the Republican voters themselves had the chance to express their wishes, I won by 2,000,000 plurality."

"The titular National Republican party today is not the party of the Republican voters and is not the party of Abraham Lincoln, but purely the party of Messrs. Barnes, Penrose, Guggenheim and company, who have stolen the door plate with the name, but have no moral right to the name or anything else. Therefore, I hold every honest Republican, who is true to Lincoln's memory and principles, must vote with us."

Support of Electors Urged.

"Under such conditions the entire local Republican organization, in a state like Kansas, can rightly continue as such and yet is in duty bound loyally to support the National progressive electors. Of course, I feel that in every such progressive Republican state, the progressive candidates for any office should openly support the

National progressive electors and go in the same column on the ticket with them. "THEODORE ROOSEVELT."

Stabbing Affray Has Sequel.

CLOVERDALE, Or., July 8.—As a result of the stabbing affray at Pacific City, Friday, several men are to be arrested, the Sheriff having decided to make a thorough investigation of the affair and place it before the grand jury. The local deputy sheriff at Pa-

cific City was badly beaten by the man who was stabbed and a restaurant proprietor named Via, Henry Brooten, the man accused of the stabbing, claims that he was whittling at the time the trouble occurred and the wound was the result of an accident. He is in the hands of the Sheriff and will be held pending the investigation.

Young Gets Lane Statistics.

EUGENE, Or., July 8.—(Special)—

E. C. Statzer, representing farmers and others in the Pleasant Hill neighborhood, who are working for an extension of the Oregon Electric line from Eugene to Dexter, yesterday forwarded to President Young, of the Oregon Electric, a great mass of statistics of their portion of Lane County and also large panoramic photographs that will show the nature of the territory sought to be reached by transportation. Chief Engineer Wickersham and Freight Agent Coman are expected to come

shortly and make a personal inspection of the country and recommend to the president the feasibility of the project.

MANZANITA BEACH

The "LANE PLACE" on NEHALEM PENINSULA, and NEAR NECARNEY MOUNTAIN, is laid out into streets, avenues, and 50x100 lots, and is being put on the market as the finest BEACH RESORT proposition in the NORTHWEST, and the official name is MANZANITA BEACH. This name is appropriate, because it is a pretty name, therefore in keeping with this tract of land and its location, and because of the many thousands of pretty shrubs, known as MANZANITA, growing upon this tract.

The "Ed Lane place" is the best-known place between the mouth of the Columbia River, and the California line, because of the fact that thousands of people have, on their way south from Seaside, and north from Coos Bay, stopped at "Ed Lane's" to enjoy the generous hospitality of this excellent family, and enjoy the excellence of the surroundings, and all these people appreciated the fact that HERE is to be THE BEACH RESORT, of Oregon in particular, and the Northwest in general, and hundreds of these people said to Mr. Lane, "when you get ready to put this place upon the market, do not fail to let me know." Mr. Lane and his associates wisely deferred placing this "Lane Place" on the market until it was possible to get to it easily, have acted with rare good judgment, for those desiring to purchase can run over to the place, now with ease and little expense, and see just what they are getting, and we strongly advise this procedure, as we know that to see, is to buy.

Manzanita Beach has one-half mile of ocean front and nine-tenths of the tract is covered with a fine growth of young shade trees, and that on which there are no trees, is covered with a fine sod. The shade trees are being trimmed to a convenient height, and all underbrush will be removed, all street and avenues surface graded, and water mains laid to and in the tract. Building restrictions, and the prohibiting of the manufacture and sale of liquors, will be special features entered in each deed. Business houses will be confined to certain localities, and, in fact, everything will be done to make this place the REAL HOME BY THE SEA place along the Oregon Coast.

The elevation on the front, above extreme high tide, is twenty-five feet, and gradually rises to an elevation of one hundred and twenty feet at the back part of the property. This is ideal, and as the laying out of the streets was done by contour—streets in the low places and the building sites on the high ground—gives to this property a vast number of VIEW LOTS.

The price of lots will be such that no one will have reason to complain, and the terms of payment will be exceedingly easy.

MANZANITA BEACH will be sold on honor. The owners and management standing back of all representations. Warranty deed and copy abstract will be the means of conveyance, and all rights will be absolutely protected.

We unhesitatingly say that this is the finest location and the finest and the most appropriate piece of property for beach purposes that has ever been offered in Oregon, and we are confident that it will be fully appreciated. Go and see this property if you possibly can, but if you cannot, buy anyway, for there is not a lot in the tract but what we can sell you and look you square in the face ever afterward.
