Mountain Ascess Stanted.—Fifty Massmas left yesterday morning for the annual camp of the club near Cloud Cap Inn on the north side of Mount Hood. The trip was made by train to Parkdale by way of Hood River. From Parkdale the party will hike to Camp Sheldon, just below the snow line and about a quarter of a mile from Cloud Cap Inn. As a preliminary for the trip the party limbered up with a hike to Cloaca Pillar on the Willamette River below Canemah. They will return to Portland July 23, after having made on July 22 their official climb up Mount Hood.

Pennssula Sewen Talked.—Property

up Mount Hood.

PENINSULA SEWER TALKED.—Property owners on the Peninsula will meet with City Engineer Hurthurt early next month to discuss the laying of the proposed sewer to drain this district. About 5500 acres are in the district, and were this included in one large sewer it would be larger than any district of the city now drained by a single sewer. The Sullivan's Gulch and East Stark street sewer system drains about 4000 acres. It is likely that the Peninsula district will be subdivided.
