

COLONEL'S POLICY NEW TO POLITICS

Candidacy in Only Part of Country Taken as Admission He Will Lose.

FRIENDS ARE PROTECTED

Borah, Who Has Won ex-President's Admiration, Rewarded by Promise of No Third Ticket to Embarrass Him.

OREGONIAN NEWS BUREAU, Washington, July 18.—Considerable excitement was occasioned in Washington by the announcement of Senator Dixon that Colonel Roosevelt will not place his third-party ticket in the field in Idaho, where progressive candidates for Senate and House of Representatives believe such a ticket would injure their chances of election. For this announcement was taken as an admission on the part of the Colonel that he does not expect success for himself, and an acknowledgment that his own fight might imperil the political prospects of his friends.

Just what states the Colonel intends to scratch off his list has not been made known and probably will not be determined fully until after the Colonel has had time to correspond with his various progressive friends. It has been announced, however, that he will not place a third ticket in the field in Idaho, because of the fear that such a ticket might injure the chances of Senator Borah, who seeks re-election.

Colonel Admired of Borah. The Colonel decided to keep out of Idaho, notwithstanding the fact that Senator Borah refuses to bolt the Republican party and become a member of the Bull Moose bandana. Senator Borah counseled against placing a third ticket in the field. He told Colonel Roosevelt that such a move in his judgment, would injure rather than aid the progressive movement, and then refused to follow Roosevelt when the Colonel bolted the Chicago convention. Nevertheless, the Colonel is a great admirer of Senator Borah and wants him returned to the Senate and will stay out of Idaho this year.

From the announcement made by Senator Dixon it is to be presumed that other states will be passed by by Colonel Roosevelt whenever progressive candidates for either branch of Congress hold the view that his candidacy will injure their prospects. Just how many of these candidates will be as frank as Senator Borah remains to be seen. Not all the progressive candidates will desire the Colonel to keep out. Some will array themselves with him in his fight this Fall and will figure that they will be the stronger if he has a ticket in their particular states. But there are others who agree with Senator Borah that a third ticket will injure the chances of Republican candidates by making more probable the election of Democratic Legislatures.

Personal Factor Will Be Strong. In the campaign this year the personal equation will be much in evidence, even among the progressive candidates for the Senate and House, as a general rule, will be less concerned about principle than ever their own prospects of election, and it will be this personal equation that will move some men of this class to suggest to the Colonel the advisability of keeping his third ticket out of their states. The interesting thing about the situation, however, is the announced willingness of Colonel Roosevelt to make no fight in those states where his friends think his candidacy would injure them. It is something new in American politics for a candidate for the Presidency to run in only a part of the country, refusing to place a ticket in the field in several of the states.

REPORT WILL BE MADE

The members of the committee that has completed the revision are H. W. Atkinson, City Attorney Grant, Chief Deputy Auditor Grutes and P. L. Willis.

The full membership of the commission will consider the draft in its entirety, preliminary to making the final revision, which will be published for the information of the public and the reception of further suggestions before submitting it to the voters in a special election.

BUSINESS TEACHERS ELECT

National Commercial Federation Names Van Antwerp President.

SPOKANE, July 17.—Delegates to the National Commercial Teachers Federation forook the schoolrooms where the convention is being held and became, this afternoon, the guests of the Spokane Chamber of Commerce on a sight seeing tour through the Spokane Valley.

gates were given a breathing spell. Because of a change in the programme which will bring the convention to a close one day earlier than originally planned, so the delegates may visit Seattle, the meetings of the Federation, as well as all departmental meetings, have been crowded to the utmost. The National Commercial Teachers Federation elected tonight F. M. Van Antwerp, Louisville, Ky., president; F. B. Bridges, Oakland, Cal., first vice-president; Mrs. Frances Effinger Raymond, San Francisco, second vice-president; C. A. Faust, Chicago, treasurer; Walter F. Ingersoll, Spokane, secretary.

The only contest for office was between President Morton MacCormac of Chicago and Mr. Van Antwerp for the presidency. Mr. MacCormac was defeated by 19 votes. He had made his fight for re-election to carry forward the movement. For this reason, particularly the "back to the farm" movement. Other selections were made by acclamation.

BILL IS UP TO WARBURTON

Lafferty Says Vancouver Logical Place for Brigade Post.

A telegram received by the Commercial Club from Representative Lafferty explains the status of the move being made by the Oregon delegation and others in Washington to have Vancouver made a brigade post. The message reads as follows: "Your telegram urging the united action of Congress in favor of having Vancouver made a brigade post, has been received. I have conferred with War Department, with Chairman of the House committee on Military Affairs, and with both Oregon Senators. The War Department is opposed to the abandonment of Vancouver as an Army post on account of its strategic position and as a brigade post will be established in the Northwest. Vancouver is the logical location."

Warburton and I agree that Warburton ought to introduce the bill to that end. I already have a bill providing for such action, but will gladly abandon it in order to secure united action in support of the Warburton bill. Chairman Hay is willing to refer the bill to the War Department for its recommendation at any time we quote. I deem it best to let Warburton's bill introduce and have referred to the War Department if we can.

If Warburton introduces bill will advise the status of the bill. I am a member of the War Department, whereupon the entire Oregon delegation will unite in asking the Secretary of War to make a favorable report.

CROP PROSPECTS BRIGHT

Lincoln County Farmers Take Optimistic View of Situation.

SPOKANE, July 18.—(Special).—Lincoln County farmers are taking a more optimistic view of the coming crops and state that the yield will be better than they anticipated a week or two ago. Mrs. Amanda Sandgreen, an extensive farmer in the Harrington country, says her wheat will yield between 20 and 25 bushels to the acre and that her wheat is about the average in that part of the country.

The estimate of the yield of Spring wheat about Davenport is placed between 18 and 25 bushels to the acre, while the yield of the Winter wheat is placed 15 bushels higher.

Reports from Odessa are coming in daily that crops are turning out better than was expected. Yields will be at least 5 per cent more wheat this Fall than last year, and farmers north of town are expected to report a bumper crop. John Heimbigner, northeast of Odessa, has been hauling his recently threshed wheat, and sold No. 1 red wheat at 72 cents per bushel.

DIVORCE EVILS DEPLORED

Preacher Says Ignorance Is Cause of Domestic Strife.

That divorce in this country is increasing at an alarming rate, was the statement made Wednesday by Dr. William Spurgeon in his lecture before the young people at Centenary Methodist Church. His subject was "Marriage—Those About to Marry," and in the course of his talk he attributed the increasing divorce evil to a lack of appreciation of marriage responsibilities and ignorance on the part of both men and women.

MILLION GIVEN FOR PARKER CAMPAIGN

Sheehan Makes Estimate, Not to Be Understood as Contradicting Belmont.

ALL MATTER OF MEMORY

American Sugar Refining Company's Check for \$10,000 Returned as Soon as Committee Heard of It, Witness Said.

WASHINGTON, July 18.—The Democratic campaign fund contained about \$1,000,000 when Alton B. Parker ran for President in 1904, according to W. F. Sheehan of New York, who testified today before the Senate committee investigating campaign funds.

Sheehan then was chairman of the Democratic National executive committee. Money was sent by the committee, he said, to Maine, Colorado and Nebraska.

"To Maine, did you say?" asked a Senator. "Yes, with very gratifying results to the Democrats."

"How much was sent to Nebraska?" queried Senator Oliver. "I think about \$15,000."

"Mr. Bryan was the candidate for the Senatorship that year, was he not?" "I do not remember exactly; candidates for the Senatorship were not."

Belmont Large Contributor. Sheehan said he remembered August Belmont was a large contributor to the campaign. Money was sent by the committee, he said, to Maine, Colorado and Nebraska.

"Well, I think he was," interrupted the Pennsylvania Senator. Sheehan said he remembered August Belmont was a large contributor to the campaign. Money was sent by the committee, he said, to Maine, Colorado and Nebraska.

"It is all a matter of memory," insisted Sheehan. "I think the National committee used directly about \$500,000. I think there came through the committee some contributions for specific use in New York State. I had an impression that amounted to about \$200,000."

The witness declared the committee made a rule at the beginning of the campaign not to accept money from Senator Clapp. He believed no such contributions were made directly or indirectly.

"There was \$10,000 contributed," began Sheehan, "by the American Sugar Refining Company—not by Mr. Havemeyer—to the state committee. Before the check was cashed, we heard about it and it was returned."

Many Solicits Active. Senator Clapp asked the witness for the names of contributors of more than \$500.

"I recollect Mr. Belmont chiefly because of his testimony," replied Sheehan. "I was away up in Maine much of the time and did not have so much to do with the raising of funds. There were others who contributed more than that sum, but I cannot remember them."

"Who was most active in securing money?" asked Clapp. "Why, Senator, various people were soliciting on their own responsibility. The members of the committee were active. People were circulated. We published requests for funds. Democrats, or others interested in the success of the ticket, came in to inquire if it were satisfactory for them to get out and raise some money."

Sheehan said the late Daniel S. Lamont assisted him in collecting money. Colonel Lamont had been connected with corporations, he said, but he could not remember what ones.

MORRISON STREET AT FOURTH

Mr. McCusker told entertainingly of how he, as well as other freight men in this territory, used to get business by cutting rates, and of how, when occasion demanded it, they would cut the rates by cutting the weights. Some of the scales used in those days, he admitted, were "fixed." He related a number of amusing incidents of his personal experience.

He declared the claim agent the worst enemy of the struggling freight solicitor, saying that the unreasonable and narrow-mindedness of the average claim department man is the frequent cause of serious loss in business to the company as well as of embarrassment to the agent.

The speaker predicted that Portland will enjoy a position of commercial supremacy on the Pacific Coast following the completion of the Panama Canal. Portland's position on a water grade with 260,000 square miles of territory in the Columbia River basin tributary to it, he pointed out, will be the controlling factor in future rate making and in future distribution of commodities on the Coast.
