

DENEEN REFUSES TO DESERT TAFT

Roosevelt Committee Learns Position.

GOVERNOR UPHOLDS NOMINEE

Other Illinois State Officials Also for President.

T. R. FORCES DECLARE WAR

Entire Third Party Ticket to Be Placed in Field in Illinois and, Dixon Says, in Every State Throughout Union.

CHICAGO, July 22.—(Special.)—Governor Deneen and all the other candidates for state offices on the Republican ticket except Andrew Russell, running for Treasurer, and Lieutenant Governor Olsen, who was out of the conference at Springfield headed by Medill McCormick that they would remain on the regular party ticket and make their fight with Taft for the vote of Illinois. Mr. Russell informed the committee he would state his attitude in a formal letter to Chairman McCormick. Immediately following the conference, which was with each of the candidates separately, Mr. McCormick issued a statement in which he said there would be a full third party Illinois state ticket, but that probably there would be no county tickets named by the organization.

Doyle Also for Taft.

The conference was of short duration. After visiting the Governor's office the committee waited on Secretary of State Doyle, who gave them the same answer as did Governor Deneen. Mr. Russell was next visited and replied that he would support Chairman McCormick a written answer. J. S. McCullough, Auditor of Public Accounts, was the next man waited on and here the committee received the answer that he would support Taft. Then the committee went to the Supreme Court building, where Attorney General Stead made the same reply. Governor Deneen gave out a typewritten statement to the committee, as did also Secretary Doyle.

Mr. Doyle voted the views of the other state officers when he said in his statement: "As long as I remain a candidate on the Republican ticket I feel in honor bound to support the Republican platform and nominees. I cannot believe that the Republican party has fulfilled its destiny and should be abandoned as an agency of the promotion of good government."

Third Party Declares War. The state executive's decision was followed by an open declaration of political warfare. As a result, an entire third party state ticket will be placed in the field.

Immediately after Governor Deneen's decision Senator Dixon, Colonel Roosevelt's campaign manager and mouthpiece, came into the limelight. He had been in hiding in Chicago until the Illinois Governor had spoken. Governor Deneen was a mere incident to him. He announced the new party stood for political revolution, that it was off with the old and on with the new. He delivered the ultimatum that there were to be full state tickets—from top to bottom—in every state in the Union. The will be launched under the National Progressive appellation, except where the Rooseveltians have been able to deliver over the entire state election machinery to the new party.

Deneen Only Leader, Says Dixon.

Dixon said the movement was apart from the Republican and Democratic parties. It is to go all the way down the lines and build up its fences from School Trustees to the Presidency. It is to lay plans for two years hence and 20 years in the future. Rooseveltism is not an issue. He is merely the great leader at an opportune time to lead the revolution.

TUBERCULOSIS DANGER OF GENTLE BOSSIE TOLD.

Children Especially Susceptible to Bovine Infection, Says Professor Beckwith at Salem Show.

SALEM, Or., July 22.—(Special.)—That the gentle bossie, in all her meekness, may be an engine of disease and death, attacking the children of the state, was one of the salient features of an address given here tonight at the tuberculosis exhibit by Professor T. D. Beckwith, bacteriologist of the Oregon Agricultural College. Although admitting the difference of opinion as to the possibility of adult human beings becoming infected through bovine products, he held to the theory that children are susceptible and highly so to tuberculosis in milk. The disease, he stated, is found in man, cattle, other mammals, birds, reptiles and fishes with no species of mammals entirely exempt, sheep and goats being the more fortunate in being not so susceptible.

The tubercular bacilli, he pointed out, is killed by light and boiling, but not by freezing. Infection is through the mouth and nose, through digestion, more frequently in the young, and in rare instances through the skin. Tuberculosis infecting children through milk may not be perceptible at once, he asserted, but may lie dormant for from three to 25 years. Dr. J. O. Van Winkle, county health officer, issued a warning against the danger of too readily following the theory that has gained wide credence that there should be an immediate change from a low to a high altitude in endeavoring to stay and cure tuberculosis. Frequently, he stated, the patient may be attacked by hemorrhages or other dangerous maladies because of the sudden change in altitude.

PORTLAND MAN DROWNED

Millard A. Seltz, Attorney, Ventures Out Too Far at Gearhart.

GEARHART-BY-THE-SEA, July 22.—(Special.)—Millard A. Seltz, of Portland, was drowned here this morning while bathing in the ocean. Seltz was a strong swimmer and much at home in the water. He got out too far and drowned before help could reach him. Mr. and Mrs. Seltz and their child had come to Gearhart within the past few days to enjoy a vacation. The body was recovered after 4 o'clock. The dead man's brother arrived on the 6 o'clock train and took charge of the remains.

Millard A. Seltz was about 40 years of age and lived with his wife and child at 1175 Woodward avenue. He was a native of Michigan and came to Portland with his brother, Maurice W. Seltz, a few years ago. The brothers formed a law partnership, with offices at 526 Chamber of Commerce building. Maurice W. Seltz and wife live at 549 East Thirty-seventh street. They have no children. Mrs. Maurice W. Seltz also passed the last week at the beach. Her husband remained in Portland, but left for Gearhart yesterday afternoon when he learned of the death of his brother.

NEVADAN MAY BE BANKER

Man Who Refused Senatorship Offered Second Job, Is Report.

SAN FRANCISCO, July 22.—It was reported here today that George Wingfield, the Nevada mining man, who recently was offered and who refused a United States Senatorship, to succeed the late Senator Nixon, would accept the presidency of the four banks of which Senator Nixon was the chief executive.

The banks are in Winnemucca, Carson, Reno and Tonopah. Wingfield at present is head of the Consolidated Mining Company, of Goldfield, and the Nevada Hills Mining Company. He also is president of the John S. Cook Bank, of Goldfield.

RENO, Nev., July 22.—George Wingfield, when asked of the report that he would succeed the late George S. Nixon as president of several banks in Nevada, would not confirm nor deny it, but said that the report did not come from him.

District Attorney Obtains Names of Others From Men Now Under Writs.

NEW YORK, July 22.—(Special.)—Writs of habeas corpus were issued today before Justice Giegerich in the Supreme Court this afternoon on behalf of Sam Paul and "Bridgie" Webber, arrested last night and held by Coroner Feinberg without bail today on the charge that they were accessories before the fact to the murder of Herman Rosenthal.

Five Are Arraigned.

"Jack" Rose, Sam Paul, "Bridgie" Webber, William Shapiro and Louis Libby, all held by the police for complicity in the murder of Herman Rosenthal on the brightly lighted sidewalk in front of the new Metropole Hotel at 3 o'clock last Tuesday morning, just before Rosenthal was to tell District Attorney Whitman of a bargain between gamblers and the police, were arraigned before Coroner Feinberg today.

James H. Sullivan, lawyer for Rose, objected vehemently in behalf of his client. Rose ought to be admitted to bail, he said. District Attorney Whitman promptly put Deputy Commissioner Dougherty on the stand to tell of the voluntary statement of Rose as to his movements on the day before.

LIGHTNING BREAKS FIREMEN'S SLEEP

FIRE BELLS AT VANCOUVER RING INSISTENTLY.

Bird in Tree at Newberg Loses Feathers and Life—Boy Bumped Out of Chair by Shaft.

VANCOUVER, Wash., July 22.—(Special.)—Because the electrical storm turned on the current which operates the fire alarm bells, a dozen sleepy firemen hurried out into a soaking rain Sunday morning at 3 o'clock only to find, when they reached the station, that the elements had played a trick on them and their night's rest had been disturbed in vain.

NEWBERG, Or., July 22.—(Special.)—Lightning Saturday night struck a tree on the farm of Henry McGuire, splitting it and killing a bird perched on a branch. The bird had the feathers stripped off one side. A boy seated on a chair in the house was knocked off, but not hurt. Two boys near the house were stunned.

Four Battleships to Be Built Each Year for 5 Years—Large Proportion to Be Kept Ready at All Times for War.

LONDON, July 22.—The speech of Winston Spencer Churchill, First Lord of the Admiralty, in introducing today the supplementary naval appropriation of \$5,000,000 in the House of Commons, fully endorsed as it was by the Prime Minister, will cause graver concern to the country than to any warnings which have gone before.

Graphic Comparison Made.

In order to bring home its size to his hearers, Mr. Churchill likened it to the great fleet which all saw at Spithead, a short time ago. His text was: "build, build, untiringly" through successive years, as the only means of meeting the menace of the North Sea.

Mr. Churchill also told the House that if the information received by the Admiralty that a Mediterranean power—meaning Austria—was contemplating another considerable naval programme proved true, "it will constitute a naval factor requiring our prompt attention and not included in any forecast I had given of future naval construction."

Mr. Balfour, the former leader of the opposition, was prompt in his support of the government programme.

Balfour Supports Churchill.

"Those who have listened to this speech of the First Lord," he said, "must now be convinced that there is no use talking about dropping our shipbuilding. The cost of the navy must increase as long as insane competition in shipbuilding goes on elsewhere. And though modern peace is as expensive as ancient war, it is much cheaper than modern war."

A notable feature of the debate was Premier Asquith's call to the Dominions to join in the defense of "our common heritage," and his remarks fore-

THREE REPORTED DROWNED

Boat With Three Women Capsized on Kootenay Lake in Storm.

NELSON, B. C., July 22.—Three persons are said to have been drowned in Kootenay Lake last night during a severe electrical storm that did much damage to property here. Houses and streetcars were struck by lightning, several launches and rowboats were driven on the rocks and mud carried by the streams of water flowing through the streets blocked the street-car tracks.

HAVOC CAUSED BY HAIL AND TORRENT

Crops Beaten Down in Baker District.

UMATILLA'S LOSS IS HEAVY

Delayed Reports Show Saturday's Damage Widespread.

IDAHO FRUIT BELT HIT

Grain in Gem State Also Suffers Greatly—Streams Overflow and Farm Buildings in Inland Empire Are Destroyed.

VARIOUS TOWNS AND SECTIONS HIT BY DAMAGING STORM. Baker—Hail sweeps valley, ruining fruit and crops, breaking windows and wrecking greenhouses. Wind velocity high. Pendleton—Rain and hail do more damage in Umatilla County to wheat and barley crops than ever known before at this season of year. Telephone lines down. Four water spouts in two places, one of which drowned two horses. As result of storm, former estimate of 6,000,000 bushels cut down considerably. Many farmers lost all, in some places barley entirely down. Shaniko—Loss to grain about this section estimated at \$30,000. Hailstones two inches in diameter. Walla Walla—Wind at 35 miles, followed by rain Saturday, sweeps portion of grain belt. Warehouses overturned; trees uprooted, electric power paralyzed and grain fields leveled. Damage estimated in four figures. Lewiston—Central Idaho's rich grain belt swept by worst hail storm ever recorded. Crop given great setback.

BAKER, Or., July 22.—(Special.)—Thousands of dollars damage was done today by the largest and most peculiar hail storm in this part of the country in years. Some of the stones were seven-eighths of an inch in diameter.

With hardly any warning the hail beat down with such fury for seven minutes at 11:30 this morning that pedestrians could not venture on the street, horses whipped by stones ran away, and one ice wagon team tore down Second street, scattering ice for blocks.

The hailstones were so thick that they stopped up the sewer gratings and would not melt fast enough so that the streets were small rivers.

A heavy lightning and rain storm followed, but did not wash away the hail, which banked on the sidewalks and made the city look as if a snow storm had raged. Merchants cleaned their sidewalks with shovels and small banks of hail remained all afternoon without melting.

The greatest damage was done in the country, the storm going northeast, although gardens and orchards in the city were badly cut. In Missouri Flat much grain was hewn to the ground. The hail remained on the ground there, and it is feared froze many of the gardens. All buds were cut off so that future berries and fruits were damaged in that way.

A path was cut for several miles between North Pine and Homestead as if an army had tramped through it. Four fine horses of W. Mitchell near Homestead were killed by lightning.

CENTRAL IDAHO GRAIN HIT

Most Severe Hail Storm Known Sweeps Over Acreage.

LEWISTON, Idaho, July 22.—(Special.)—A grain crop which until last night was destined to be the heaviest ever produced in this section of the State of Idaho, received a severe setback by probably the severest hail storm that has ever swept this section. The storm passed over the Camas Prairie, the rich grain belt of Central Idaho, about 6 o'clock last night, demoralizing all telegraphic and telephone connections. For an area of 75 square miles the hail beat down upon the heavy stand and tonight after calculation it is believed that between 5000 and 7500 acres in the vicinity of Grangeville, Idaho, will suffer a loss slightly exceeding 75 per cent of the yield.

The farmers will lose heavily, as but a small percentage of the crop has been insured against hail. The weather has been threatening here for the past four days. Numerous miniature cloudbursts have been reported on the prairie.

In the immediate Lewiston district little damage has been reported, as no hail fell here. The heavy downpour of today and yesterday will check the harvest operation several days.

Farmers of Umatilla County Suffer Greatly by Storm.

PENDELTON, Or., July 22.—(Special.)—The cloudbursts and terrific hail storm which swept over Umatilla County late Saturday did more damage than ever before known, rich harvest fields being rendered total losses, with barns
