OSBORN SEES NO THIRD PARTY NEED

Eighty Per Cent of Republicans Declared Progressive-Sixty Per Cent of Them Will Stay in Ranks, Is Prediction.

LANSING, Mich. July 24.—(Special.)
—Governor Osborn, one of Colonel
Roosevelt's "seven Governors." today Roosevelt's "seven Governors, today said there was no reason why the so-called "militant progressives" should not organize if they so desired, but that he believed that \$0 per cent of the voters of the Republican party in this state were progressive and he believed that 60 per cent of the \$0 per cent would remain in the Republican party would remain in the Republicant party would be a party would be a party would be a party would be a party when the so-called "militant progressives" and the party would be a party when the party was a party was a party when the party was a party was a party when the party was a cent would remain in the Repub-

ican ranks.

"I do not wish to impose my opinion as a dictum in reference to the organization of a new political party in Michigan. My position must be well known by this time. When Mr. Wilson was nominated at Baltimore I thought there was no longer a real public reason for the candidacy of Mr. Reosevelt, but this does not imply that he has not the right to be a candidate, nor that his friends have not the right to urge him to become one and support him as such.

New Party Not Demanded.

New Party Not Demanded. "I have not been in favor of a new political party and have not believed that exigencies of times demanded one Likewise, there is no reason why the so-called militant progressives' should not have organized if they cared to do so. I still believe that 80 per cent of the voting strength of the Republican party in Michigan and, for that matter, in the United States, is progressive and I still believe that 60 per cent of that 80 per cent will remain in the Republican organization, believing that their work within can be more effective than to endeavor to build a new organization.

There is no cause for worry. This country is entitled to be governed by those most fit to govern. It may be concluded that those most fit to govern will govern. It a new party in Michigan and in this country succeeds in winning public place, it will simply bring to itself great responsibility, and if it does not, the work it has undertaken and which must be done, will have to be done by the Republican and the Democratic parties.

Platform Is "Vote-Catcher."

"The only difference I have with a new party is my belief that the work can be done by the Republican party. As for the progressiveness of the new party, the character of it does not suit me much, if any, better than the Republican party at the present time The new party, in its fine state plat-

The new party, in its fine state platform, says nothing about excessive alcoholism that is suppling the vitals of the country and filling almahouses and insane asylums and divorce courts and all dread places.

"It does not say anything about government ownership of railroads, which will come of a certainty within a little time. The statform seems to have been framed for the purpose of vote-catching."

MEDFORD FARM IS BOUGHT

Illinois Woman Pays \$200,000 for 1500 Acres of Fruit Land.

well known throughout the Middle as a fat comfy beetle is impaled on a pin, hen ranch of 1500 acres, lying seven miles southeast of Medford.

Edward Butterfield, who owns and operates a string of retail stores in Northern Illinois, is associated with Miss (Conner and will be the Medford.

"Well, everybody laughts, and some-like Conner and will be the Medford."

Well, everybody laughts, and some-like Conner and will be the Medford.

Edward Butterfield, who owns and operates a string of retail stores in Northern Illinois, is associated with Miss O'Connor and will be the Medford manager.

Miss O'Connor, who is an extensive real estate operator in Illinois, will have the property cut up into five and 10-acre tracts planted with pears and will establish her main sales office in Rockford, Ill. Although no money consideration was named it is believed to be in the neighborhood of \$200,000.

Special Inducements will be made to young women to settle on the property and it is rumored that those believing in "Votes for Women" will be particularly encouraged.

CAR COMPANY IS BLAMED

Negligence in Schmaltz Case.

One of Seven Governors Denounces Platform as VoteCatching Device.

Bliame for the death of Nicholas Schmaltz, who was so severely injured by a Depot and Morrison-street car Menday morning that he died at St. Vincent's Hospital Menday night, was placed upon the streetcar company Tuesday night by a Coroner's jury. The verdict, given after examining ten witnesses, was that "the death of the deceased was caused through the criminal negligence of the Portland Railway, Light & Power Company in employing an incompetent motorman to operate petent motorman to operate its streetcars."

its streetcars."
Schmaltz, who lived at 548 Isabelia street, where he leaves a widow and 19-months-old baby girl, was a teamster for a local lumber company. While driving across Fifth and Hoyt streets Monday morning he was run into by the streetcar, being thrown from the seat of his wagon to the pavement. He sustained a fractured skull.

Great Arch of Concrete.

Great Arch of Concrete.

Popular Mechanics.

The largest concrete arch in magnitude in the world, and the second largest as respects length of span, is practically completed at Pittsburg, Pa. It forms part of the Larimer avenue bridge over a deep ravine in the eastern residential section of the city, and measures 212 feet clear span. In Autralia, 12,000 miles away, there is a huge arch of concrete with a clear span of 317 feet, but as it is 36 feet wide as compared with the 50-foot width of the Larimer-avenue bridge, the American work is by far the largest. The height of the Pittsburg structure is 113 feet.

The shippards on the Firth of Forth in-creased their output by 2000 tons over 1810. These yards turn out yachts and other small vessels.
