DR. COE WILL PASS ON GREDENTIALS

Oregon Delegate Picked as Committeeman by National Progressive Party.

FULL TICKET IS OPPOSED

Republicans Nominated in Primary Will Be Requested to Announce Themselves and May Then Arouse Competition.

Dr. H. W. Coe, of this city, will be a member of the credentials committee that will pass on the qualifications of the delegates to the Roosevelt or Bull loose Convention at Chicago next Mon-ay. Dr. Coe was advised of his assignent to this committee in a telegran resterday from Medill McCormick, of the committee that is arranging for the new party convention. The appointment of Dr. Coe to this committee is taken as a recognition of him by the Roosevelt managers for having signed the call for the convention when it was yesterday from Medill McCormick, of he call for the convention when it was

issued a month ago. Dr. Coe will leave Portland for Chicago Tuesday night or Wednesday so as to arrive in the convention city in time to serve on the committee which will meet Saturday noon. It is doubtful if the other delegates from this stare will be prepared to start so early in the week, having planned not to reach Chicago earlier than the night before the convention

than the night before the convention assembles.

Hitsels Vete Encouraging.

Returns from the third party primary election in Illinois, indicating the election of approximately 700 out of 1070 delegates who favor putting a full ticket in the field, is encouraging to the Roosevelt people in this state, who, although in the minority in the state convention, are advocating state and county tickets with candidates for every office to be elected in this state. By this faction, it is expected the convention at Chicago may decide in favor of nominating complete tickets in every state.

Such a plan in this state does not not contain the convention of the state of the rate will be 50s, before the first the rate will be 50s, before the first of the year, but the traffic could not stand such a rate against rail rates to the East.

The barge St. James has arrived at Tacoma from Kodiak, Alaska, where she was during the eruption of Mount Katmai, and shows considerable effects of the experience. The sulphuric fumes at a sway her paint, and tarnished all metal about the vessel, Even

nating complete tickets in every state.
Such a plan in this state does not have the indorsement of Dr. Coe. Bruce Dennis and F. W. Mulkey, who has announced his candidacy for the United States Senate as a National Progressive. Both Dr. Coe and Mr. Dennis, who are delegates to the Roosevelt convention, will oppose the full-ticket programme in the convention, at any rate so far as Oregon is concerned.

in the convention, at any rate so far as Oregon is concerned.

"I had supposed that the Roosevelt people in Illinois, as shown by the returns from Saturday's primary election, would favor state and county tickets in that state, in view of the action of Governor Deneen in refusing to cast his lot with the third party," commentation. Dr. Coe yesterday.

Advantage Must Be Figured.

Advantage Nust Be Figured.

"But the question of naming a third party ticket in every state involves the consideration of several things. In the first place, we must figure out who will help us and whom we shall help it believe in reciprocity, but not in the Canadlan sort, in which the other fellow gets all the benefits.

"I shall continue to appose the nomination by the third party of a complete ticket in this state. We must first ascertain what nominees chosen for the various offices in the April primary various offices in the April primary various offices in the April primary election will support Roosevelt. Most of these nominees were known as progressives and in many cas a were chosen by the same vote by which Roosevelt carried the state. However, I would be in favor of the new party pitting one of their number against each and every nominee on the Republican ticket as it was formed in the April election who will not pledge himself and his support unconditionally to Roosevelt."
