State to Exceed All Records for Yield: Wheat Alone Means \$12,500,000.

NO FAILURE IN ANY SECTION

All Lines Show Gain; Fruit to Pro duce \$6,500,000; Potato Output Enormous: Hay, Hops and Wool Add to Big Total.

(Continued From First Page.) the production is the best in 15 years. The outlook is promising in Jackson, Coos, Polk, Harney, Wallows, Baker and Sherman counties.

DIVERSIFIED FARMING WINS

Josephine County Will Buy No Outside Products as Result.

GRANTS PASS, Or., Aug. 4 .- (Spe cial.)-This section of Rogue River Valley will enjoy a good crop in every respect. In many localities the trees are over-burdened, while in others the crop is not so heavy. Fruitgrowers will receive better prices than last raising and marketing of fruit Pears will be of large size and good quality. Peaches in the local districts are plentiful. The applex will be of large will be of large size and good quality. plentiful. The apples will be of splendid quality and a good yield.

A large portion of Josephine County devoted to fruitraising will market its first crop. Had it not been for the four days of cold heavy rain during the blooming period in the Spring the production would have been far beyond expectations. Early peaches are cheaper this year in the local market than last year. Early apples are seiling at contact the general variety of berries is somewhat cheaper than formerity. The tomato crop will not be so the pest.

I had the growers are anticipating an average price. They say the hot weather will cause a short crop in California, and that the general supply will not be larger than usual. There will be only a fair wheat yield, the aphis having done a great deal of damage. Although the fields look well, the grain is not filling out well, and the yield will be much below what was expected before the advent of the pest.

The hay crop will be large, although rain did considerable damage. The A large portion of Josephine County

ered for \$10 a ton, while last year growers of prunes are now much more the price was \$16. A great deal of encouraged than they were two weeks grain will be cut and threshed, particularly in the Illinois Valley and on pected to produce almost as much large the product of the product and reaches the product and product and reaches the product and produc Upper Applegate. The grain is well fruit as last year. Plums and peaches filled and will produce heavily. will be short, due to damage done by The weather has been ideal for al-

Farmers, because of the large crops are preparing to buy cattle and feed their hay instead of holding it for later

market prices. market prices.

The potato crop will be excellent. A large proportion of land has been devoted this year to raising potatoes.

Many farmers have put out a large acreage and they report a good yield.

Prices for all produce, except hay, and likely to be satisfactory.

are likely to be satisfactory.

There is a general movement on foot to produce everything that is needed at home, and the idea of diversified farm-

bine harvesters, which were waiting the grain to finish ripening, began

Sherman County, while a large grain producer, only puts up hay enough for each individual farmer. The small amount that is sold is handled on advance orders

While there is considerable land wholly devoted to fruit lying along the Columbia, John Day and Deschutes Columbia, John Day and Descenties rivers, the major part of the county is devoted to grain products. For several years Sherman County has been first in putting Oregon-grown berries and peaches on the Portland market.

Last year the farmers of Sherman County took the advice of the Oregon Agricultural College and put potatoes on Summer fallow land, which aided naterially in keeping down the weeds For the first time in the history of the county, it exported instead of im-ported this product. The yield averaged up to as high as \$0 bushels to the acre.

up to as high as 60 bushels to the acre.
Sherman County rapidly is coming to
the front as a dairy producer. Cream
is being shipped in constantly increasing quantity, and most of the farms
are equipped with a cream separator.
The wheat crop of 1912 for Sherman
County is conceded to be the largest
ever garnered in its history. Four
million bushels is the estimate of wheat available for shipment. Twelve sacks to the acre, two and a third bushels to the sack, seem to be the average the county over. A large number of fields are known to have produced 35 bushels and some more than 40 bushels to the acre. Volunteer wheat is producing in

some places 10 bushels to the acre.

The Fall sown wheat is doing extremely well; in fact all figures are based upon that grade. Until the last few days Spring sown grain was considered more than half a failure, but later weather conditions have been weather conditions have such as to force its growth and ma-

CROPS ARE RECORD BREAKERS

Bumper Yields in All Lines Expected

in Wasco County. THE DALLES, Or., Aug. 4.—(Special.)—Wasco County will have record-breaking crops this year and practically every yield of grain, fruit and vegetables will be a bumper one. Farmers and ranchers have the facts, the property of the property

figures and crops with which to substantlate this statement. stantiate this statement.

Never in the history of this section was wheat better than it is now. The general average will be between 32 and 25 bushels an acre, some yields

running as high as 40.

Phenomenal yields of rye are being reported from every corner of the county, in some instances running up to 60 bushels per acre. Barley looks ar good as the other grains, which are

ting No. 1 and will command highest market prices. The total grain crop will greatly exceed any other in the history of Wasco County, several e history of Wasco County, several undred more acres having been seeded

Hay is yielding better than four tons to the acre in many places throughout the county, and the crop will smash

The Wasco cherry crop was slightly below the average this Spring, but the crops of apples, prunes, peaches, pears, grapes and apricots will be the largest ever harvested.

will easily set the high-water mark for this product.

The prices received so far have been generally satisfactory to Wasco County break from overloading. generally satisfactory to Wasco County nchers and farmers.

This Year's Crops Are Largest Ever

Produced in Vicinity.

MEDFORD, Or., Aug. 4 .- (Special.)-Without exception, Medford and the Rogue River Valley will have the larg-est crops in their history this year. Infruit there will be a pnenomenal crop of apples. If August has an average rainfall, Professor O'Gara, county path-ologist, predicts a total of 450 cars. In 1911 there were but \$1 cars.

Although imperfect fertilization, due to damp and cold weather in the Spring, will reduce the original estimate of the pear crop, this fruit will total a greater tonnage than in 1911. The official estimate is 180 cars. Last year 117 cars were shipped

year 117 cars were shipped.

The peach crop is being boxed now and like the other fruits is of unusually large size and fine quality. In 1911 17 cars were shipped; this year 35 cars probably will go out.

the condition this year is nothing short ing condition.

as last year. Bartlett pears, however, have already sold for future delivery at \$2 a box f, o. b. Medford, which ex-ceeds last year's prices by 30 per cent. Potatoes are now selling for one cent a pound, while hay averages \$8 a ton.

YIELD IS ABOVE AVERAGE

Farmers Generally Are Satisfied With Prices Being Paid.

couraging than for several years, and the yield will be far above the average. The potato crop promises to be the largest for years, and the growers are

Hay and grain will be produced this oats prospect is fine, and the yield year in twice the quantities of 'ierstofore. Hay is cheaper. In the local in general is fair, although there will market good baled hay will be delivtered for \$10 s ton, while last year growers of princes. The same transfer of the product of the produced that the produced in general is fair, although there will be a small prune yield. However, are growers of princes.

The weather has been ideal for the weather has been ideal for the weather has been ideal for the farmers for the most part falfa, in fact the late rains this Spring and say there is no cause to ceiving and say there is no cause to falling off. The market here expect a failing off. The market here has not been overstocked, and there is still a good demand for all kinds of has not been overstocked, and there is still a good demand for all kinds of farm and garden produce and fruits.

Other Fruits, Except Prunes and Extent of Marion County Crop Not Peaches, Average in Linn.

There is a general movement on foot to produce everything that is needed at home, and the idea of diversified farming is gaining considerable ground.

NO HARVESTERS IDLE AT MORO

NO HARVESTERS IDLE AT MORO

Sherman County Will Ship 4,000,
000 Bushels of Wheat This Year.

MORO, Or., Aug. 4—(Special.)—There is not an idle piece of harvest machinery in Sherman County. Messinger's steam thresher and the last of the combine harvesters, which were waiting for the grein in the great of the great of

in June, the year's total yield in this county will be larger than usual. Despite the rain, most of the hay was saved without damage. As regards both hay and grain, the acreage in this county this year was just about that seems to be a conservative estimate, of an average year.

There will be an immense crop of potatoes in Linn County this Fall. There is a larger acreage of potatoes. There is comparatively little grain in Marion County, but what the result and the crop is a good one.

There is a larger acreage of potatoes than usual and the crop is a good one. The fruit crop this year will be good with the exception of prunes and peaches. The prune crop is light and the yield probably will be only about 25 per cent of that of 1911.

Fine Yields on Farms of Gilliam

County.

WHEAT SURPLUS IS 4,000,000

CONDON, Or., Aug. 4.—(Special.) Harvest is on in Gilliam County earnest and every farmer is busy. T crop is unusually large and is bel cut as quickly as possible. harvesters are much in evidence, while many farmers are heading and stack-ing or threshing direct from the head-

er to the stationary separator.

The yield is enormous, some fields going to 45 or 50 bushels to the acre. and men who last Fall were in straitened circumstances will pay every debt and have a comfortable

bank account. Hail did considerable damage in the southern part of the county, something that has never happened before, but when this loss is estimated it will cut very small figure in the total yield. Hay will be abundant with plenty of fruit and potatoes.

In the Shuttler, Bialock and Clem districts wheat will average between 20 and 30 bushels, while the crop in Terry Canyon, Mayville, Condon and Gooseberry will be about the same. It is a safe estimate 1,500,000 bushels will be shipped from Condon alone, while whole county will export about 4,-0,000 bushels of grain

The price at present is not satisfac tory and farmers will not sell until several years, and as Washington better prices can be obtained.

The barley crop is also excellent this rest of the state at large, growers are year.

Hood River Growers Watch Trees to Prevent Breaking.

HOOD RIVER, Or., Aug. 4.cial.)—Although the early warm spells and the unusually great precipitation of May and June went far toward making a failure of the year's strawberry crop in the Hood River Valley, the rains were the making of the greatest hay and potato crops the community has ever known. But few carload lots of potatoes have ever been shipped out of the valley in former years. However, so excellent are the prospects for the year that predictions are now made that the shipments this season will be at least 15,000 bags. The growers have formerly marketed the potatoes in

a haphazard manner.
The Hood River hay crop is double what it ever was in a former season. Many orchardists who have devoted small tracts to raising hay for their own use will have quantities to dispose

IDEAL WEATHER AIDS CROPS

Wallowa Farms' Outturn Has Never Been Exceeded, Is Belief.

ENTERPRISE, Or., Aug. 4 .- (Spe cial.)—The largest crops ever gathered in Wallowa County probably will be harvested this Fall. This will be due to two causes, unusually heavy and continued rains, and steadily increas

ing farm acreage.
On most of the hill land dry farm the wheat is in splendid condition. In some cases there has been too much moisture, but this is more than offset due by the better showing on higher land, the Rye is ripe and is producing abundant-asti-ly, although this is not a very large crop in the county. Barley is heavy some loss has been caused by rain which has caused barley to lodge where the crop had been forced, as or irrigated lands. But on the hill lands the rains have brought fuller growth with no damage.

Some hay has suffered from the Summer rains, and farmers are advised to buy stock and feed it, rather than The prunes, plums, berries, tomatoes to buy stock and feed it, rather than try to bale and market it. The yield is very heavy, however.

In grains, poultry, eggs and potatoes.

Potatoes are in remarkably flourishments alone to 700 cars

In grains, poultry, eggs and potatoes. The hill farms, which

of phenomenal.

The hay crop, with the early rains and recent fair weather, will be a record breaker. The first cutting of alfalfa has already been made and grain hay has been cut. Flour and feed mills, which have been lying idle for years, will open in a few days.

Prices promise to be about the same as last year. Bartlett pears, however, tacked with fire blight and orchard tacked with fire blight and orchard. raise the choicest potatoes, promise large yields. erously, and good prices have been realized. Cherries are now ripening. Apple and pear trees have been at-tacked with fire blight, and orchard owners are just awakening to the

ALL CROPS ARE DOING WELL Conditions Never Before So Good in

danger.

Harney County. BURNS, Or., Aug. 4.—(Special.)— There was never before a time in Har-

There was never before a time in Harney County when crops were so universally good as this year.

The wild hay growth is unusually heavy and of excellent quality. The yield will be particularly good on the uplands, where it has been very short the past few years, the copious rains of this year having furnished the necessary moisture. The alfalfa fields are producing well, all yielding two good crops and some three. Feed will be plentiful

plentiful.

Wheat is in fine shape, with a good Wheat is in fine shape, with a good growth of straw, large heads and well filled. The irrigated and subirrigated lands contiguous to streams will produce heavily, 40 to 60 bushels to the acre being expected. In the dry land sections there is also good promise, although there is not a large acreage of that cereal in those sections.

Outs will turn out heavy if nothing happens, and there is a larger acreage

happens, and there is a larger acreage Barley is extensively grown and is in fine condition. The growth is very heavy where there is even partial irri-gation and it is doing well this year

on the dry lands.

Rye is perhaps the surest crop for dry land, as it stands the drouth well and the jackrabbits do not bother it much. It is cut largely for hay and will make a big crop this year.

Potatoes never looked so promising and there will be a large yield from a greatly increased area.

The formers are preparing a great

The farmers are preparing a great deal of ground for next year's work.

APPLES MORE THAN LAST YEAR GOOD PRUNE PRICES ASSURED

Yet Certain.

There was a big yield of hay in this there are varying predictions as to county this year and though early this crop. Some say that there will vetch was injured somewhat by rain be half a crop, some that there will in June, the year's total yield in this be a third of a crop, while others say county will be larger than the county this crop. Some say that there will be a third of a crop, while others say be a third of a crop, while others say that they will run as high as two-From what can be

grain there is here is excellent. On the whole the outlook to the farmers seems to be satisfactory. Some hay seems to be satisfactory. Some hay has been injured, but otherwise the weather conditions have been good, weather conditions have been good, barring some small late rains which threatened to do some harm, but conditions are now much improved.

ONION CROP BEST IN YEARS

Washington County Produces More Than All Rest of State.

HILLSBORO, Or., Aug. 4.—(Special.)
—Washington County never had better crop prospects. Hay is heavier than for years, and although 30 percent of the clover out was damaged slightly, the loss is more than made up by the extra heavy yield. All Fallsown grain, wheat, oats, barley and rye will yield better than for a number of years. Winter wheat in many ber of years. Winter wheat in many instances bidding fair to go from 30 to 45 bushels an acre. Potato prospects are the best at this

season of the year that the county has enjoyed for 15 years, and there is a larger acreage than usual, owing to the big price of last Spring.

Hops are superb and are better than any prospects at a like season hereto-

Apples are fair, pears an average crop, prunes a failure except on eleva-tions, where the yield will be better than usual. Prices of all products here than usual. Prices of all products never are governed by Portland markets.

Hay has been the only product that has been in the dumps, many farmers offering clover hay in the field as low as \$3 and \$5 per ton.

Onlone are a better crop than for several years, and as Washington

APPLE CROP OF 800,000 BOXES CATTLE IMPORTED FOR HAY Good Crops of All Kinds Prevail in

Crook County.

PRINEVILLE, Or., Aug. 4.—(Special.)

Good crops prevail all over Crook
County this year. Forty bushels of
wheat to the acre will not be an unusual figure for dry land and some of the frrigated wheat will yield better

The hay crop is nearly a third great-The hay crop is hearly a third great-er than last year, but the farmers are beginning to wonder where they are going to get the stock to which to feed it. On account of the high prices last Fall and this Spring, most of the stock-men sold off nearly all of their beef cattle, so it may be necessary for them to ship cattle in from the outside to feed their hay. There is still an abundance of water in both the Ochoco and

crops of apples, prunes, peaches, pears, grapes and apricots will be the largest ever harvested.

Another crop to benefit by the practically perfect climatic conditions throughout the season is that of potatoes. More acreage was put into potatoes, the potatoes than ever before, and the yield sestimated at the blossoming period, as estimated at the blossoming period, and shipped to Portland.

Crooked rivers.

There has never been a potato fall-turne here and this year's crop will surpass all previous years. The potato acreage in the vicinity of Prince with regard to the amount of propositions and the yield sestimated at the blossoming period, the railroad and shipped to Portland. raised, but that the prevailing prices

way.

Nearly every fruit tree in the county is loaded. There will be an abundance of apples, pears, plums, cherries and some peaches and grapes.

None of the storms that visited Eastern Oregon and Washington have touched this part of the country and the weather, with the exception of a few cool days in the early part of July, has been ideal for growing.

has been ideal for growing HOPS FINE IN YAMHILL COUNTY

Grain, Hay and Fruits Are Also Doing Unusually Well.

M'MINNVILLE, Or., Aug. 4—(Special.)

The farmers of Yamhill county have The farmers of Yamhill county have every prospect of a large yield and good prices this year. In fact it may be one of the most successful for several years. Crop conditions are good in general, and some are better than in former years. The Fall wheat, now being cut, is reported as well filled and will turn out better than last season. In potatoes there is a third more acreage than in 1911, and prospects of double the amount, as the potato crop is the finest this county has had for

Hay is plentiful, although the late rains damaged a little, but the loss was more than offset by the benefit to other crops. The present weather conditions are fine for grain maturing,

and especially for hops.

The fruit crop is exceptionally good and promises a large yield of good quality, except prunes, of which there will be a little shortage compared with last year's crop. Apples will be plen-tiful and from all appearances of a good quality. The cherry crop. now past, was not as large as formerly, but

past, was not as large as formerly, but commanded a good price. The prices paid for hay are slightly above those of last year, and farmers are expecting satisfactory prices for grain this Fail. A number of hop contracts have been recorded the past week for 1912 hops at 19 to 22 cents, while for two and three years in advance, that is for years 1913 and 1914, the prices given were from 13 to 15 cents. It is rather early to estimate the hop yield. I pear crop is not above the average.

temporary defeat did not discourage the supporters of the resolution, who have been diligently at work ever since the state convention adjourned, FRUIT ABUNDANT, GRADE FINE

Except Cherries, Yields Are Large

in Lane County District. EUGENE, Or., Aug. 4.—(Special.)— Barring cherries, the fruit and berry crop of Lane County has been unusually large this year, and prospects for later fruits are most excellent. The greater part of the commercial

pack of fruits is handled by the Eugene Fruitgrowers' Association, which ganization furnishes these figures: or-

Gooseberries packed, pounds None
Strawberries, crates 1.800
Loganberries, tons 15
Raspberries, tons 6
Cherries, tons 6 The falling off in cherries was due

The falling off in cherries was due to rains at the pollenization season, and also to rains just as the fruit was ripening, causing rot.

The association will can 50 tons of string beans, 5 tons of beets, 7 tons of rhubarb, 1 ton spinach, 2 tons asparagus, 100 tons pie pumpkin.

Prunes will be but 40 per cent of a crop, due to lack of pollenization. Apples will be good.

When this call has been issued, the Bull Moose followers in the various counties will arrange to hold assemble in their respective counties, in advance of the state meeting, and elect a member of the state committee. The disposition in this county is to hold a county convention, just as soon after the Chicago gathering has adjourned, as can be arranged. The leaders of the third party movement are agreed

ples will be good.

Hay is fine, and grain the best crop of ten years, except in a few localities where the Hessian fly damaged Fall grain. In the Fern Ridge country, west of Eugene, hay is better than ever known before, and the price generally is dropping.

erally is dropping.

Prices of fruits and berries are prac tically the same as last year, the organization of the Fruitgrowers' Association being such that it can place the to consider any suggestion of a comtically the same as last year, the or-ganization of the Fruitgrowers' Assoproducts canned or green, depending on which offers the better market.

HOPS ARE OF FINE QUALITY

All Crops Have Done Well in Polk County This Year.

DALLAS, Or., Aug. 4 — (Special.)—General crop conditions in Polk County are better this year than they have been for many years past. The hay crop is unusually good, and, owing to the admirable weather, the crop was anyward without damage. Last year. harvested without damage. Last year, owing to rain after the hay had been cut and before it had been taken care of, many tons were destroyed. The grain crop is above the average

in size, and is excellent. The same can be said of the potatoes, and also of the Unless unforeseen weather conditions develop, the crop this year will be the best in years. The crop is heavy now, and the weather is perfect for a superior quality.

There was considerable worry on the part of the fruitgrowers some time age, owing the content of the fruitgrowers some time age.

part of the fruitgrowers some time ago, owing to unsettled weather con-ditions, which promised to decrease greatly the prune crop in this county. but, although the trees are not loaded as heavily as they have been in former years, still the prunes are larger and are of a superior quality.

The farmers and fruitgrowers of this county are satisfied with the prices prevailing for all farm products.

Candidates of unquestioned Bull Moose quality; in fact, to many of the third party, only charter members of the organization would be acceptable as candidates.

POTATOES CONSUMED AT HOME

Coos County Has Large Crop but Local Demand Is Good.

cal Demand Is Good.

COQUILLE, Or., Aug. 4.—(Special.)—
The apple growers of Coos county will suffer considerably as a result of the late Spring rains, but producers of other farm crops will reap an abundant between the success of the new party sarjousity.

harvest.

The hay crop promises to be 20 per cent greater than the average. Continual rainfall during the haying season caused a loss of about 15 per cent on the first cutting, but this loss will be considerably more than made up by the excess of later cuttings. The production of grain will be about

The prospects are good for a large crop of potatoes with a growing demand sufficient to consume the entire output, at good prices.

The yield of berries for the year has been above the average, but apples will be scarce. There probably will be less than 15 per cent of the usual crop of Gravensteins, complete pollenation having heen prevented by late cold rains. ing been prevented by late cold rains. are and will not give them a chance all products of the farm are command- to fool us again." ing good prices.

Many to Study Music

ON STATE TICKET Big Sum of Money Secured for Purpose of Giving Free Music Lessons

Many of the big plano manufacturers have found business only good "in spots" in the United States, resulting in an accumulation of fine planos that they were anxious to dispose of. In spite of the spiendid business outlook for Fall trade, many simply had to unload at once. After somewhat lengthy negotiations the Ellers Music House buyers succeeded in getting a lot of very fine planos at enormous reductions. Besides this, each manufacturer agrees to pay for music lessons to be given free to every purchaser of a plano during the month of August of the Ellers House.

NEARLY FIFTEEN THOUSAND COUNTY CAMPAIGN DESIRED

the Ellers House.

NEARLY FIFTEEN THOUSAND DOLLARS.

The magnitude of this transaction will be seen when it is known that exactly \$14,815 has been allotted to Ellers Music House to pay out for music lessons. The established teachers of Fortland can have this money; it will all be paid to instructors of music, high-priced or low-priced, throughout this city and state. One scholarship is to go to each buyer of a plano at reduced prices, but if a buyer does not want the lessons they may be transferred to any one designated by each purchaser, to be taken right away or later on as may be desired.

HOW IT WAS ARRANGED.

approaching clash of the Bull Moose in National Progressive party hold an assembly and elect a member of the state central committee. The issue that will furnish the provocation will be the matter of indorsing the nomination of state and county tickets.

When the recent state convention in Portland officially gave birth to the new party in this state, a resolution, declaring for full state and county tickets, was included in August would have to be doubly attractive in order to succeed. How IT WAS ARRANGED.

The manufacturers sold their story is stocks at prices, in many cases, representing only the cost of materials and labor; but it was decided that any sale launched in August would have to be doubly attractive in order to succeed. How IT WAS ARRANGED.

The "third ticket" advocates will ask indorsement of their plan by the county convention, when it meets. Dr. H. W. Coe and C. W. Ackerson originally suggested that the new party ascertain, whether or not the Republican nominees for the various offices on the state and county tickets were supporters of Roosevelt, before further considering the personnel of a "third ticket." Mr. Ackerson is now disposed to insist on a full ticket any-VANCOUVER, Wash., Aug. 4 .- (Spe lowans to be present on that day, and sign the roster.

contention for a complete ticket in Multnomah, and for state offices," said a supporter of the third party resoluthe success of the new party seriously at heart, and are not actuated solely by selfish political motives. "Right here I wish to say, that when tion and took part in its deilberations will be eliminated, if we have our way. The men to whom I refer, were not in sympathy with the third party move-

Each buyer may employ any teacher preferred. Eilers Music House is neutral in the entire matter. The only condition is that the teacher shall be using a plane bought from Ellers Music House. Nearly every teacher of standing is a patron of the Ellers firm, so this condition can be readily compiled with. It is only fair and just that the big music house should direct the manufacturers' funds, as far as possible, into the purses of its own patrons. BUYER SELECTS TEACHER.

of these free scholarships. It is ex-pected that there will be a new record for piano buying established at the Big Piano House located in Portland at Seventh and Alder streets. See also page 11, section 1, of yesterday's Oregonian for full particulars.

Fall From Dock Is Fatal, ARERDEEN, Wash, Aug. 4 .- (Spe cial.)—Thomas Madden, aged 50 years fell off a dock today and drowned in the Chehalis River. He struck a piling and was rendered unconscious be fore drowning.

The highest point of woman's happiness is reached only through motherhood. Yet the mother-to-be is often fearful of nature's ordeal and shrinks from the suffering incident to its consummation. In Mother's Friend is to be found a medicine of great value to every expectant mother. It is intended to prepare the system for the crisis, and thus relieve, in great part, the suffering through which the mother usually passes. The regular use of Mother's Friend will repay any mother in the comfort it affords before, and the helpful restoration to health and

strength it brings comes. Mother's Friend is for sale at drug stores. about after baby Write for our
