

WILSON MAY NAME LA FOLLETTE'S AIDE

Charles Crane, of Chicago, Likely to Be National Democratic Treasurer.

GOVERNOR VISITS GOTHAM

Democratic Candidate Holds Conference With McCombs, but Does Not Make Presence in City Known.

SEAGIRT, N. J., Aug. 4.—Charles R. Crane, of Chicago, wealthy manufacturer and supporter of La Follette in his campaign for the Republican Presidential nomination, may be treasurer of the Democratic National campaign.

Governor Woodrow Wilson had the name of Crane under consideration today. The only announcement of the Governor would make was that a treasurer had been agreed on by himself and National Chairman McCombs, but that the name was not yet known.

Mr. Crane, who was appointed by President Taft, in July, 1909, Minister to China, but who was recalled in October of the same year just as he was leaving for the Orient, is known to have leaned favorably toward the candidacy of Governor Wilson.

Wilson Visits New York. The announcement that Joseph E. Davies, of Wisconsin, secretary of the National committee, would be in charge of the Wilson headquarters in Chicago, acting there as assistant treasurer, added some strength to the probability that Mr. Crane would be selected as National committee treasurer because of the friendship between Davies and Crane.

Governor Wilson returned tonight to Seagirt, after a 24-hour visit to New York, the first since his nomination, but of the score of more political leaders in New York, none saw him. He talked politics with National Chairman McCombs for four hours.

The Governor was met today on the train by Joseph E. Daniels, National committeeman of North Carolina, who rode for a few miles, talking earnestly with the nominee.

Marshall to Take Stumps. Governor Wilson had nothing to say tonight on politics. He is preparing for the notification ceremonies Wednesday, when he expects to meet Governor Marshall, the Vice-presidential nominee, Judge Charles Parker, and many other prominent Democrats.

It is virtually certain that Governor Marshall will take the stump in Maine, where the election for Governor is held only in Seagirt. It has not yet been decided whether Governor Wilson will speak in Maine. Some of Governor Wilson's friends do not wish him to enter Maine, because they believe the National ticket ought to be kept apart from the local issues of prohibition.

The National campaign committee, however, is giving its attention to New England states, particularly Maine, and important announcements in this connection are expected soon.

Newspapermen Are Secured. Thomas L. Pence, of Raleigh, N. C., has been designated assistant to National Chairman McCombs. Pence for a long time was Washington correspondent of the Raleigh News and Observer, owned by Josephus E. Daniels, a senior member of the National committee and chairman of the publicity committee.

Four years ago Mr. Pence directed the publicity for the Democratic National committee and had the charge of the publicity in Washington of the Wilson campaign for the nomination. Frank B. Lord, another Washington newspaperman, will be right hand man to Chairman Daniels, taking charge of the literary bureau in New York.

MOOSE WILL MAKE DEBUT

(Continued from First Page.) office, it is said he will accept the nomination.

The proposed selection of Colonel Parker, of New Orleans, as permanent chairman, led to talk tonight that the National ticket might be made up of former Republicans. Much depends, however, upon the attitude of Colonel Roosevelt, who will arrive tomorrow morning.

OHIO CASE CONSIDERED

A sub-committee of the provisional National committee met tonight to dispose of contests in the Ohio delegation, which were not regarded as especially important. Tomorrow morning the National committee will meet early finally to dispose of the contests from Mississippi and Florida, where the contestants are negroes.

It was not known tonight whether Colonel Roosevelt would attend the opening session of the convention. It was intimated that he might remain away from the Coliseum until Tuesday afternoon, when in response to an invitation to be extended by the convention, he would make the address outlining his views.

Several state delegations came in today but many have deferred their arrival until tomorrow.

WOMEN ARE EXPECTED

More women delegates are expected to attend the convention than any other National political gathering in the history of the country.

Among the delegations arriving today were those of Montana and Idaho. Nearly all of the states are to have delegations in excess of their allotted quota, which is just one-half the number of delegates allowed by the Republican and Democratic conventions. The basis of representation in the Progressive convention is one vote for each Senator and Representative. The votes of the delegates are to be split in fractions ranging from one-half to one-seventh.

South Carolina so far is the only state from which no official notification of participation in the convention has been received.

PLATFORM DRAFT NOT MADE

The platform of the party, it is said, has not been drafted, but it is expected to follow in a general way the various Progressive state platforms adopted in the last four weeks.

The programme for tomorrow calls for convening at noon; the speech of Mr. Beveridge as temporary presiding officer; the appointment of committees and the adoption of the resolution inviting Colonel Roosevelt to address the convention Tuesday afternoon.
