

ROSENWALD GIVES RICHLY TO CHARITY

Benefactions of \$687,500 to Make Chicagoan's Fiftieth Birthday Memorable.

TOTAL NOW NEAR MILLION

Chicago University, Hebrew Institute, Booker Washington, Tuberculosis Sanitarium and Y. M. C. A. Are Aided.

CHICAGO, Aug. 11.—(Special.)—Julius Rosenwald will celebrate his 50th birthday anniversary tomorrow with gifts of \$687,500 to seven charitable and educational institutions. He has made benefactions totaling more than \$200,000 in the last three years, and the donations tomorrow will bring the record close to the million mark.

A quarter of a million of the latest gifts is to go to the University of Chicago for the erection of a women's gymnasium and buildings for geological, geographical and classical departments. The Associated Jewish Charities of Chicago, which is the centralized local body for the distribution of aid to the needy, is to receive \$250,000 for work and improvement of the facilities of the organization.

Gifts Are Non-Sectarian. Fifty thousand dollars will go to the Chicago Hebrew Institute for the establishment and equipment of a gymnasium and \$50,000 for the endowment of a country club for social workers. Dr. Booker T. Washington is to receive \$25,000 for schools for negroes; the Marks Nathan Home for Jewish Orphans \$25,000 for buildings; the Chicago-Winfield Tuberculosis Sanitarium \$25,000 for the erection of a new building; and Glenwood Manual Training School \$25,000 for the purchase of a farm.

In 1909 Mr. Rosenwald gave \$50,000 to the Hebrew Union College and \$16,000 to Jewish charities. In 1911 he gave \$25,000 for a Y. M. C. A. for negroes, \$50,000 each for the Hebrew Union College and a Y. M. C. A. hotel, and \$12,500 to Fisk University. Previously this year he gave \$10,000 for public school dentistry.

Miss Adams Praises Donor. The firm of Sears, Roebuck & Co., of which Mr. Rosenwald was once an active member, recently announced a gift of \$1,000,000 for the promotion of scientific agriculture in this country, the fund to be parceled out in counties or other districts.

Miss Jane Adams, through whom the birthday gifts were made known, praises Mr. Rosenwald for the wisdom he exercises in the dispensing of charity. "I think there are few philanthropists," she said, "who study the conditions as thoroughly and practically as Mr. Rosenwald studies them. He has donated intelligently, discriminatingly, always displaying the big heart he has to help mankind."

GEOGRAPHERS TO TRAVEL Ten Thousand Mile Tour of United States Is Planned.

NEW YORK, Aug. 11.—Fifty representatives of geographical societies and universities of 18 European countries have accepted the invitation to go on a tour of the United States as guests of the American Geographical Society. The tour is to begin with a celebration here of the opening of the new building of the American Geographical Society, marking the 60th anniversary of the organization. Professor William Morris Davis, of Harvard, is to conduct the excursion, which will cover approximately 10,000 miles and take two months' time. The start will be made August 22. After crossing the continent to the Pacific Coast, making stops at points of interest en route, the party will return through the Grand Canyon and the Southern States, reaching New York October 17.

IDAHO GRAIN MARKET SAGS Barley Prices Dwindle; Farmers Will Be Held to Contracts.

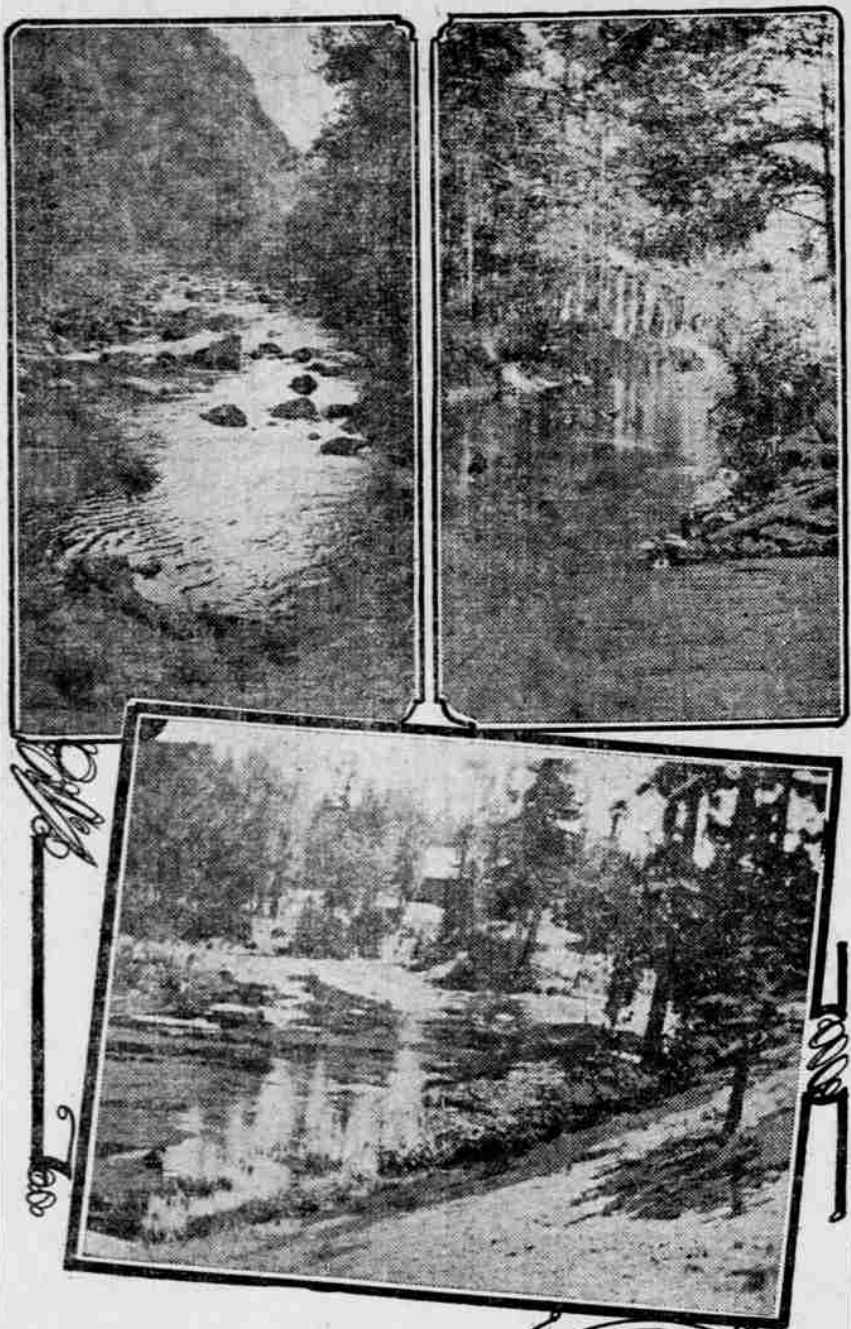

LEWISTON, Idaho, Aug. 11.—(Special.)—Extreme apathy in the grain market in Northern Idaho is being felt this year, and there appears to be little or no inclination upon the part of the ranchers to sell their fall crop. The opening prices are far below those of last year, and the barley prices which at this time in 1911 were the highest ever known in this district have shrunk enormously. Farmers this year are going to be held closely to their contracts made with the grain buyers. It is a source of considerable speculation as to whether the farmers will be reluctant to sell this year to old line companies in view of the difficulties that arose last year regarding the exploitation of the farmers by buyers in this district.

EXPRESS PACKAGE DEADLY Manager and Cashier Grievously Injured by Infernal Machine.

GREENSBORO, N. C., Aug. 11.—William Busbee, manager of the High Point office of the Southern Express Company, was injured, probably fatally, and his cashier, L. C. Morton, badly hurt yesterday when a package which they were handling exploded with terrific force. The package, which was about to be consigned to the junk heap, proved to be an infernal machine of rather crude construction. The package was addressed to Charles Hoover, High Point, N. C., and was shipped from Thomasville, 30 miles distant. No one by that name could be found in High Point, so the High Point manager undertook to examine the package. At Thomasville, however, Charles Hoover is postmaster, manufacturer and influential in politics.

Lyle Ships 15 Carloads of Sheep. LYLE, Wash., Aug. 11.—(Special.)—A second large shipment of 15 cars of sheep was loaded at Wright, Wash., numbering 4600 head. Eleven cars were shipped to Chicago stockyards and four to Portland yards. Three men will travel with the Chicago shipment to feed and water the stock and see that proper unloading is made at regular intervals. This makes the fourth shipment leaving Wright this year, the largest herd being 15,000, with others of 2000 and 3000 head. Most of the shipments came from Glenwood country, which is proving to be a large stock center.

RAILROAD KING'S WIDOW AND SCENES ON IDAHO RANCH WHERE SHE RUSTICATES.

IDAHO'S LURE FELT

Mrs. Harriman Ensnared in Beautiful Summer Home.

RAILROAD RANCH NO TOY

Farm Yield This Season 2500 Tons of Hay Used for Fattening Cattle for Markets—House Is Ideally Located.

BOISE, Idaho, Aug. 11.—(Special.)—Mrs. E. H. Harriman, wealthy widow of the late railroad king, who amassed the Harriman fortune and built up the Harriman railroad system, is at her Idaho Summer home in Fremont County.

If Mrs. Harriman is seeking simplicity at Island Park she found it close to the boundaries of the Yellowstone National Park. There, with her family, she finds rest and quiet. It is said that the outing is doing Mrs. Harriman more good than could the greatest specialists of the age. The bracing mountain air, the odor of the pines, the exercise and more beneficial of all, the quiet rest are accomplishing great things for both Mrs. Harriman and her children. "I am Mrs. Harriman and I have heard of you and your neat little railroad nest up here in the mountains," said Mrs. Harriman cordially as she stepped from her special car at Island Park station to the wife of the agent. A survey of her beautiful surroundings only increased her enthusiasm. The railroad ranch is not, as many believe, but a toy for the rich. Indeed, it is just the contrary. While enjoyed by people of wealth, the ranch is so operated as to be a dividend payer. It

MASTERS WIN DEMANDS

NAVIGATION IS RESUMED IN HAWAIIAN ISLANDS. Officers' Attorney Declares Position Was So Strong Any Point Could Have Been Won.

HONOLULU, Aug. 11.—Seven vessels of the Inter Island Steamship Company have sailed on their regular voyages, after having been tied up since August 6 by the first masters' and mates' strike in the history of navigation on the Pacific. Their departure relieved a serious congestion of freight and passengers.

The striking masters and mates demanded extra pay for holiday and Sunday work and a 20 per cent increase for their regular trips. They compromised on overtime pay for holidays and Sundays. During the strike inter-island service was completely tied up. The company appealed to the Department of Commerce and Labor at Washington to revoke the masters' and mates' Federal licenses for failure to report for duty, but the officers replied that they were not strikers and had not neglected their duty; they had resigned. Owing to the masters' and mates' affiliations with the National Order of Masters and Pilots, and the danger of entrusting vessels to inexperienced navigators among the many difficult island landings, the company found itself virtually powerless, and A. S. Humphreys, attorney for the officers, said that they could easily have obtained any demands they wished to enforce.

DALLES MINISTER RESIGNS

Congregational Pastor, D. V. Poling, Plans Departure From City.

THE DALLES, Or., Aug. 11.—(Special.)—Rev. D. V. Poling, known all over the Northwest as a clergyman and speaker, has resigned as pastor of the First Congregational Church in this city. The trustees have reluctantly accepted his resignation.

This minister will be greatly missed here. He has not only been a strong man in the pulpit, but has always assisted in public matters and institutions outside the church. Because of his remarkable versatility Dr. Poling has been of great help in all kinds of local enterprises and affairs of a general public interest. People of all denominations and persons who belong to no church sincerely regret his departure from the Dalles. Dr. Poling has not announced his plans. He has been pastor of the local church for 14 years.

INVADERS PURSUE CAPTURE DEFENDERS

More Hostile Forces Theoretically Disembark to Capture San Francisco.

BATTLE FOUGHT AT DAWN

Railroads and Telegraph Offices Seized (Also in Theory), While Mines Are Planted and Bridges Destroyed.

COYOTE, Cal., Aug. 11.—The retreating "blue" infantry, which was forced Monterey on the landing of the "red" advance guard from the "theoretical transports," is being pursued tonight by cavalry and artillery of the invaders through in the Salinas Valley. This followed a battle at dawn today at Fox's Gulch, where the defenders were routed from their camp. Other troops of the hostile force which landed yesterday afternoon have entrenched themselves in the hills surrounding their camp at El Toro ranch and are prepared to hold this point for a base.

More Invaders Lie in Wait. The remainder of the "reds" were disembarked this morning and are hurriedly marching with their commander, General Robert Wankowski, to their rendezvous in the Salinas hills. Here they intend to lie in wait for several days and secure forage and supplies from ranches in the surrounding country. It is probable by Tuesday or Wednesday that they will set out in three columns on the march to their attack on San Francisco.

Cavalrymen were dispatched early today to destroy railroad bridges and plant mines in the passes to the north. Telegraph is Seized. Railroad and telegraph offices in Salinas and Monterey have been seized, theoretically, by the invaders and are being held for their own use.

The first to arrive tonight were the organizations from Utah—five companies of infantry, one company of signal corps and a battery of field artillery. Adjutant-General Wedgwood of that state, accompanied the troops as an observer.

Twelve war-strength companies of the Seventh Regiment of California Militia from Los Angeles, the Fifth California Militia and the Second Infantry arrived today.

TAWNEY WILL AID TAFT

EARLY ACTION IN ILLINOIS FOUND ADVISABLE.

Working Force at Western Headquarters Reinforced for Beginning of Vigorous Campaign.

CHICAGO, Aug. 11.—(Special.)—James A. Tawney, former Representative in Congress from Minnesota, arrived in Chicago today and conferred with David W. Mulvane, director here of the battle for President Taft. Mr. Tawney will remain in Chicago and assist Mr. Mulvane in the management of the Western end of the fight of the Republican National committee.

The first to arrive at the National Republican headquarters at the Auditorium will be increased this week. The entrance of the third state ticket in the Illinois field has made it necessary for an earlier campaign in the state than was expected. Speakers and publicity bureaus will be established. The floor of the hotel has been completely remodeled to suit the Republican needs. Colonel Frank L. Smith, of Dwight, Ill., manager for President Taft, will return to the President. John Maynard Harlan, one of the heavy oratorical batteries of the Taft forces, will also be present to assist Mr. Mulvane.

TILLAMOOK COUNTY UNITED

Development League to Be Formed for General Good of District.

TILLAMOOK, Or., Aug. 11.—(Special.)—First steps for the organization of a Tillamook County Development League, to include Commercial Clubs, Granges and all other industrial organizations of the county, were taken at a mass meeting held at the rooms of the Commercial Club Thursday night. Practically all the larger towns of the county, including Nehalem, Bay City and Tillamook, were represented. It was unanimously the sense of the meeting that all commercial organizations of the county should join hands in promoting the good of the district and it was pointed out by numerous speakers that much good would result from co-operation among the clubs in the future.

A resolution was passed authorizing the secretary of the Tillamook Commercial Club to inform the officers of every Commercial and Industrial organization in the county of the action of the meeting and invite them to send two delegates to a meeting to be held here August 24, when final plans of organization will be adopted. It is intended to form a league modeled after the Oregon Development League with such changes as the different conditions make advisable.

PULP WILL COME IN FREE

Single Reciprocity Clause Now Operative Subject of Ruling.

WASHINGTON, Aug. 11.—Wood pulp, print paper and paper board manufacturers from wood of British Columbia from which the export restrictions were recently removed by the Council of that province will be admitted to the United States free of duty under the one operative clause of the Canadian reciprocity act.

Secretary MacVeagh made this declaration today after an investigation of the subject by the State Department. The woods affected are on certain leases controlled by the Powell River Company in British Columbia, lying west of the Cascade Range Mountains. The order is expected to increase importations to the Pacific Coast states, and will take effect July 12.

Centralia Seeks Water Supply. CENTRALIA, Wash., Aug. 11.—(Special.)—City Commissioner W. B. Kier and Engineer Stanley Macomber returned last night from a trip up the Skookumchuck River for the purpose of investigating the source of water supply and to determine whether or not

Give Us the Cost THAT'S ALL WE ASK

Reed-French Piano Co. Positively Quitting Business—Lease Expires in Three Weeks—Big \$50,000 Stock Must Be Sold in 18 Days—Prices the Lowest Ever in Print!!

Not until the doors open this morning at 8:30 sharp will the public fully realize what an unusual—yes unprecedented and extraordinary piano-buying event this Closing-Out Sale really is. No combination of circumstances ever necessitated such ruthless, downright slashing and cutting of prices. Our lease expires in three short weeks. We are positively quitting the piano business. The \$50,000 stock of Brand-New Upright Pianos—Player Pianos and Costly Baby Grands must be disposed of in 18 days regardless of the sacrifice. The prices tell the whole story. We mean business. We're up against it. Give us the bare cost—that's all we ask.

| | | |

Sixth and Burnside Streets

Julius Rosenwald, Who Will Celebrate Fiftieth Birthday Today With Gifts of \$687,500 to Various Charities.

WOMAN BIG CATTLE EXPERT

White Salmon Man's Wife Only Feminine Buyer in Northwest.

HUSUM, Wash., Aug. 11.—(Special.)—Mrs. John Myers, whose husband conducts a meat market in White Salmon, is considered the only expert cattle buyer in this district. Every week Mrs. Myers can be seen passing through Husum with a bunch of fat cattle, purchased in the Trout Lake, Glenwood and Fulda sections. Aside from knowing choice stock for the market when she sees it, Mrs. Myers is at home in the saddle, and when an unruly critter attempts to make a getaway she deftly throws a lariat and captures the animal.

CHILD AND ECZEMA

MOTHER SAYS SAXO SALVE MADE HER WELL. "My little girl suffered with eczema on her hands for nearly a year, and after about Saxo Salve one day, I bought a tube and found it helped her. After using two tubes my baby's hands are entirely well." Mrs. E. P. Hook, 224 E. 17th street, Connersville, Ind. In all forms of eczema, and all other crusted or scaly humors and eruptions, Saxo Salve allays the itching at once and penetrates the pores of the skin, reaching the very roots of the disease with its germ-destroying, healing power and soon banishes the eruptions, leaving the skin smooth and unscarred. We sell Saxo Salve on a positive guarantee for all sorts of skin affections, if it does not give satisfaction you get your money back. Try it. Woodard, Clarke & Co., Drugists, Portland, Oregon.

How to Buy Meat

Select a dealer upon whom you can depend. If he handles Government Inspected Meats exclusively it is an indication of his sincerity to serve you honestly. And all that is necessary to satisfy yourself as to the wholesomeness of the meat you buy is to insist on seeing Uncle Sam's Inspection Stamp marked right on the meat you buy.

Bear in mind that only about 50% of the meat sold in this city is Government Inspected.

Be sure to look for the stamp.

UNION MEAT COMPANY
PIONEER MEATS OF THE PACIFIC
Producers of the famous "Columbia Brand" Products

INSIST upon your dealer showing you this GOVERNMENT STAMP on all meats you buy. It's Uncle Sam's guarantee of clean, fresh wholesome meats.
