

EXPLOSION LAID TO DARROW'S TEACHING

Assistant Prosecutor Brands Attorney as "Corrupter of Men."

BRILLIANT MIND IS LAUDED

In Opening Arguments to Jurors in Bribery Case Ford Places Responsibility of Times' Blowup to McNamara's Counsel.

LOS ANGELES, Cal., Aug. 12.—Alternately denouncing Clarence S. Darrow as a corrupter of men and lauding his brilliancy of mind, Assistant District Attorney W. Joseph Ford, made the opening argument today in the Darrow bribery trial. The denunciation extended to others connected with the defense of the Chicago lawyer, to Job Harriman, who Ford maintained, was an accomplice in the alleged bribery of jurors; to Lincoln Steffens, designated as a "Christian Anarchist," and to other defense witnesses of lesser importance.

"Time after time, Ford assailed Darrow personally, either because of his philosophic teachings or his conduct of the McNamara defense.

The climax of the prosecutor's personal denunciation was reached in his charge that Darrow, by his teachings, was responsible for the blowing up of the Times' building and its attendant fatalities. J. B. McNamara, he said, had been deluded by the doctrine, advocated by Darrow, of another time the speaker referred to the defendant as "the brilliant gladiator of the courts."

The theory of the defense that Franklin and John B. Harrington were actors in a "frame up" to ruin Darrow was ridiculed by the prosecutor. "If there was any 'frame up' in this case," he said, "it was between the District Attorney and Lockwood to trap Franklin, and they did it."

Steffens is denounced. The prosecutor asserted that the testimony of Lincoln Steffens as to the so-called "peace negotiations," was ridiculous and not to be believed. Steffens was denounced as "a man who believed a man should not be punished for mere murder—he says the man should have gone free because it was a social crime."

Ford closed with a plea for conviction, telling the jurors that it was the only verdict compatible with the evidence in the case. He concluded at 4:20 o'clock, after talking for 4 1/2 hours. Court adjourned until 9 o'clock tomorrow morning, when Attorney Horace H. Appel will make the opening argument for the defense.

RULING ON ALIENS SCORED

Nagel's Stand on Naturalized Citizen's Children Protested.

WASHINGTON, Aug. 12.—Several vigorous protests have been received by Secretary Nagel, of the Department of Commerce and Labor, against his recent interpretation of the naturalization and immigration laws to the effect that the naturalization of an alien confers American citizenship upon his minor children, whether in the United States or abroad.

The protesters contend that the decision lowers the bars to all the barred classes of immigrants, as the naturalization of a father of a family now permits him to bring into the United States, immune from the tests of immigration laws, his minor children, whether they are idiots, imbeciles or other undesirable characters.

The secretary is preparing an opinion to justify his position, both from a legal and a humanitarian viewpoint.

TYPOGRAPHICAL MEN MEET

CLEVELAND, Aug. 12.—With delegates present from all over the United States and Canada and even Hawaii and the Philippines, the 58th annual convention of the International Typographical Union was opened here today. President James M. Lynch presided. The woman's auxiliary also is in session.

Before the credentials committee of the woman's auxiliary convened, it was announced that there would be a contest over the sending of Mrs. Frank Kennedy, of Omaha, Neb., who is declared to have been irregularly elected.

There will be no election at this meeting. New York, Nashville, Tenn., San Antonio, Tex. and Montreal, seek the next convention.

BRUNETTES BEST TIPPLERS

Blondes Unable to Stand Ravages of Drink, Say Army Medics.

WASHINGTON, Aug. 12.—As tipplers blondes are outclassed by brunettes, army medical officers have arrived at this conclusion as a result of two years' observation of enlisted men in the Philippines, the 5th annual convention of the International Typographical Union was opened here today.

The reports show that while fair men are the equal of their dark comrades in ability to withstand the tropical climate, in vitality, muscular strength and intellect, they are lacking in staying qualities when it comes to battling with John Barleycorn.

IRONWORKERS ON STRIKE

At San Francisco 300 Go Out Asking \$1 a Day Increase.

SAN FRANCISCO, Aug. 12.—Three hundred members of the bridge and structural iron workers local union struck today for higher wages and all the structural iron and steel work in this city came to a stop.

The strikers have the sanction of the International Union. They demand an increase of \$1 a day over their present wage schedule of \$5. Notice was served on the employers several weeks ago and the demands were rejected.

TAFT CAMP RAIDED

Glacier National Park Is Scene of "Cubnapping."

SHE BEAR GETS BABY BACK

Rescue Is Effected in Dead of Night While Most of Members of Party Are Asleep—Robert Taft Relieved of Embarrassment.

GLACIER NATIONAL PARK, Mont., Aug. 12.—(Special.)—An old mother bear stole into the Taft party's camp on the side of Red Eagle Mountain last night and thereby hangs a tale of how President Taft is to be spared the political embarrassment of having to receive a "Teddy" bear cub into his household, when his son, Robert, returns from his outing in Glacier National Park.

The cub was presented to young Taft by Big Top, Blackfoot Indian chief. On the arrival of the Taft expedition on August 6 "Scotty" the guide, got a dog collar for the cub and the mascot was tied in camp as a pet. The young animal cried nearly all last night until rescued and adopted by the old she bear, which bravely decamped the mountain side, gnawed the rope in two parts and defiantly marched back up the mountain growling its feelings at two of the guides who started to follow the bold "cub napper."

Robert Taft emerged from his tent and stood watching the retreating mother bear carrying the cub tightly clasped in her fore paws.

It was a touching picture, in the light of the moon, streaming down over the peak 3000 feet above. "Don't shoot," he shouted to the guide. "It must be her cub, besides there isn't room for a 'Teddy' bear in the house now anyway. Let it go."

So he went back to nature and the Taft boy regretfully bade good-bye to his last "Teddy" bear pet. The Taft party will remain in Glacier National Park three weeks.

INVADERS ARE SET-BACK

"BLUE" ARMY BURNS SALINAS BRIDGE CAPTURING "REDS."

Foreign Troops Expected to Start for San Francisco—Defending Generals Join Forces.

SALINAS, Cal., Aug. 12.—The Blue, the retreating force, won a victory today from the Red invading army, a mile south of here, when a detachment of the Twelfth United States Infantry, a machine-gun platoon, blew up the Salinas bridge. This will delay the invading army for a number of hours and will save the retreating force, commanded by Colonel Bowen, from being too hard pressed.

In destroying the bridge it was necessary for Lieutenant A. C. Gillen, in charge of the platoon, first to capture five sentries of the Red force who were stationed at that point. These men were taken completely by surprise and were made prisoners without a fight.

Orders are momentarily expected by General Robert Wankowski, commander of the Red force, from the Imaginary ranking general at Monterey to start north immediately and fight his way, if necessary, to San Francisco. It is probable, however, that the Red forces will not leave camp until dawn tomorrow.

The plans of the invaders are not known to the defenders in San Francisco. If they carry out their present

FARMERS' LARDERS SEARCHED

"Reds" Scour Country for Supplies Preparatory to Attack.

MADRONE, Cal., Headquarters of Colonel Charles Barth, Chief Empire, Aug. 12.—Tired from a long march and damp from a night in the drizzling rain, the soldiers of the Red army, which is consisting of the Sixth and Twelfth Infantry under Colonel Bowen, are scouring the country, searching the larders of the farmers for supplies. The Blue force of the defense is being rapidly assembled in San Francisco.

The Blue force, consisting largely of regulars and commanded by Colonel Cornelius Gardner, will march south to intercept the Reds and give battle as soon as the entire defending force is mobilized.

General Wankowski, of the Reds, ordered this morning all pickets and outposts to extend farther out, and directed artillery to more important strategic positions. The five companies of Utah infantry have been ordered to join the army of defense and have attached themselves to the Twelfth Infantry under Colonel Bowen. All are retreating toward the north.

It is expected that the army of the defense, consisting of the Sixth and Twelfth Regiments of Infantry, three troops of cavalry and three batteries of field artillery, will dash southward toward morning to give battle to the invaders.

'COMMUNICATION IS CUT OFF

Defending Army Now Erecting Telegraph Lines and Aerials.

SAN FRANCISCO, Aug. 12.—Theoretically all the lines of communication to the south have been cut by the invading army, and therefore nothing definite is known by the defenders as to the plan of operation. A few companies of the Twelfth Infantry, commanded by Colonel Cornelius Gardner, commander of the defenders, is determined not to take the field until everything is in readiness and his men have prepared for the rigors of the campaign. Regiments are being put through drills and practice skirmishes.

There was a general inspection of troops this morning by Lieutenant-General George Bell, Jr., Inspector-General of the western division, who was accompanied by regimental and squadron commanders.

In the afternoon Company B, signal corps, National Guards of California, combined with Company E, signal corps, United States Army, commanded by Lieutenant S. C. McGill, in laying several miles of wire for the field telegraph and erecting wireless aerials. Present indications are that it will be Wednesday before the army of defense begins its march down the peninsula of San Francisco to check the advance of the Reds.

POLICE MAY GET SCHEPPS, HE FEARS

Prisoner Wants District Attorney Whitman to Take Charge of Him.

SILENCE NOW HIS PLAN

Man Held for Complicity in Murder of Herman Rosenthal Says He Is Willing to Tell All Story to Whitman.

HOT SPRINGS, Ark., Aug. 12.—"Do not believe all that you read in the newspapers about me. I probably have talked too much, but I have not said one-half of what has been printed," Sam Schepps, held here for complicity in the murder of Herman Rosenthal, said here tonight.

The prisoner received a telegram today from his lawyer in New York urging him to maintain silence.

No formal charge hangs over Schepps in Arkansas. He submitted to arrest and detention on the information of officers who represented to him that they must hold him for the New York authorities. Yesterday the prisoner said he would tell his entire story to District Attorney Whitman.

But that was yesterday. Today was one of impatient waiting and it is apparent Schepps fears the New York police officials may be on the scene before representatives of the District Attorney. That Schepps does not want to be turned over to the police authorities is evident.

Prisoner Held for Whitman. Acting Mayor Pettit has received a message from District Attorney Whitman, of New York, stating that the latter's officers will arrive here Tuesday. Schepps will not be turned over to anyone except a representative of Mr. Whitman.

ZAPISTAS ATTACK TRAIN

(Continued From First Page.)

sular agent of his country in this city, was employed at one time on the New York Herald. He was making this trip to see Zapata as a representative of El Imparcial. The other correspondent was Ignacio Harraz, of El Pais.

The ill-fated train left yesterday morning from Mexico City. Most of the passengers belonged to the farmer and lower classes. The soldiers who had been detailed to act as a guard were from the Eleventh Battalion, commanded by Lieutenant Reyonaza.

Attack Made in Canyon. By costly experience the troops had learned to be on the alert, but from the time they left the national capital not the least hostility had been encountered until the train ran into the canyon. Here a rail had been loosened, and as the locomotive left the track a volley of rifle shots was poured into the train with deadly effect. It was centered on the coach in which most of the soldiers were riding, but soon became general, the rebels apparently not caring whether they distinguished passengers from federal soldiers.

Lieutenant Reyonaza's orders to reply to the fire were carried out, and the trapped soldiers, notwithstanding the advantage which the hillside gave the rebels. Pluckily every man of the guard fought until silenced. A few passengers, seizing guns from the fallen soldiers, assisted in the defense, but the unequal battle only lasted a short time.

Rescued Force Dispatched. Acting upon information brought to them by the fugitive members of the train crew, authorities of Yustepec notified those at Cuatla, who prepared to send a punitive expedition from there.

WIRES CUT, BRIDGES BURNED

Federals Prevented From Leaving Ladura by Rebel Maneuvers.

TUCSON, Ariz., Aug. 12.—Heavy fighting was in progress today between the Mexican federals and the rebels at Ladura, Sonora, according to reports received by railroad officials, who stated that immediately after the receipt of the news from their agent in the Mexican town the telegraph wires that the rebels advanced and opened fire on the federals just before noon.

A trainload of federal troops attempted to depart from Ladura today, but were prevented by the fact that two bridges which had spanned the Yaqui River had been burned, and also by 1200 rebels who opened fire upon the government soldiers, causing them to retreat to the scene they had hoped to quit.

Six hundred rebels were reported at La Mesa, not far from Ladura. Governor Maytorena, of Sonora, is with the federals at Ladura.

AMERICAN SOLDIER IS SHOT

United States Makes Raid on Cache of Smuggled Ammunition.

EL PASO, Tex., Aug. 12.—Phillip Gloscher, private, troop A, Third Cavalry, was brought late today from Columbus, N. M., to the military hospital at Fort Bliss. He was wounded last night in a brush against Mexican ammunition smugglers. Gloscher is shot through the lungs and his recovery is doubtful.

With him was brought as a prisoner E. Tabara, whose right hand was shot off by a bullet from an American soldier's rifle. He is the Mexican who fired the shot which pierced the sentry's body.

The affair occurred when a raid was made on a cache of ammunition which the smugglers were transporting, little by little, to Palomas, Mex., opposite Columbus, where a garrison of rebels is stationed. About 50,000 rounds were confiscated.

EL PASO, Tex., Aug. 12.—Generals Rabago and Telles, with an army of 5000 federals, are pressing toward Juarez on the Mexico Northwestern Railway, according to advices received late today by Federal officers here. It is announced that the federals have reached Nueva Casas Grandes, 100 miles southwest of Juarez, where General Orozco with less than 700 rebels is stationed.

The federals are repairing the disrupted Northwestern and leaving small garrisons along their route, according to the official report. Strong detachments have been sent into the Mormon colonies to prevent further disturbances.

According to federal advices received here, Colonel O'Horn, commanding the federals repairing the destroyed right of way of the Mexican Central, has reached Laguna, about one-third of the distance from the City of Chihuahua to Juarez. It is understood that General Huerta and the greater portion of the federal army will remain at the state capital pending the repairing of the Central.

GIRL AND BROTHER GONE

Palouse Officials Searching—Father Seeks Kidnapers.

SPOKANE, Wash., Aug. 12.—(Special.)—Palouse police officers have been notified of the disappearance of Miss Mildred Allen and her 12-year-old brother, Charlie, from the Gate Hotel Friday, and officials in other towns are assisting in the search.

The parents are divorced, the mother having remarried and is now living in Colorado. The father, who was awarded the custody of the children until they should have attained the age of 14 years, has been employed in the mine of the Palouse Coal & Oil Company near Elberton for ten months, leaving his son and daughter at the hotel.

It is reported that a middle-aged, well-dressed man came in on Friday morning's train and that the children recognized him as known by their mother. Mr. Allen came in from the coal mine immediately, swore out a warrant for the supposed kidnaper and made frantic efforts to locate his son and daughter.

eral Pascual Orozco, rebel commander-in-chief.

Just what charge state or Federal authorities will make against the ex-inspector is not known, arrest being made on advices from San Antonio, Tex. De la Fuente came here directly from Baltimore, Md., where he went to seek treatment for wounds sustained in a battle of the present revolution. He has been known always as an ardent follower of Emilio Vasquez Gomez and was mentioned at the time of the Vasquista movement as the probable successor of General Orozco. For this reason the meeting of De la Fuente and Orozco in apparently friendly conference baffles the secret service.
