

METHODIST BODIES FORMALLY MERGE

First and Grace Churches Declare Consolidation at Lively Meeting.

NEW EDIFICE IS PLANNED

Structure Will Cost \$150,000 and Will Be on Twelfth and Taylor. Bishop Cook to Name Pastor. September 23 Probably.

Formal declaration of the consolidation of the First (Taylor-street) Methodist Church and the Grace Methodist Episcopal Church was pronounced by Dr. J. W. McDougall, superintendent of the Methodist Episcopal Church for the Portland district Monday night following the ratification by the quarterly conference of the Taylor-street church of the resolution passed Thursday night by the conference of the Grace Church, the mutual admission of which automatically effects a union of the two institutions.

Although only one member of the conference cast a negative ballot on the final question a sentimental discussion of more than two hours in length revealed the fact that there was considerable element in the home church opposed to the union under the recommendations of the resolution.

The two churches now legally one, but they will continue in their separate capacities until after the next meeting of the general conference, September 18. At that conference a committee of trustees will be elected to govern the future administration of the church affairs and at the close of the conference, probably Monday, September 23, a new pastor for the combined church will be appointed by the lately installed Bishop Cooke. These meetings will be held at Ashland.

After the coming meeting of the conference the congregation of the Grace Church will move in a body to the pastorate at Third and Taylor streets until such time as plans are perfected for the erection and occupancy of a rebuilt or entirely new edifice. The recommendations of the adopted resolution, prepared by a joint committee of the two churches, is that the new church be constructed on the site of the present Grace Church, at Twelfth and Taylor.

The new church will have a seating capacity of 2000 and will be modern in every respect. According to the estimates made last evening the new building will cost approximately \$150,000 and will be modern in every detail. It is thought that \$35,000 or \$40,000 will be raised by subscription from the resources now on hand and that anywhere from \$70,000 to \$30,000 will have to be raised by voluntary subscription from the combined congregation.

Meeting Ends in Harmony. The objection to the resolution was not prompted by any aversion to the plan of consolidation, but grew rather out of the feeling that the new edifice was to be located. Many of the older members of the Taylor-street church disliked the idea of despoiling the historic landmark. The argument of economy also entered prominently into the consideration. The contention for the new site was that its location would hold the permanent residence congregation, which is being crowded back steadily from the "down town" district as the piecemeal is referred to.

Those who figured prominently in the discussion were: For the adoption of the resolution, Dr. E. C. McDaniel, J. W. Bell, Dr. Benjamin Young, Dr. Theodore Fessler; those opposed, Dr. Allan Walsh, Dr. E. C. McDaniel and I. D. Boyer. The meeting closed harmoniously.

The new church is to be known as "The First Methodist Episcopal Church of Portland."

BET ON COLONEL SOUGHT Medford Man Says There is Carload of Apples to Back T. R.

"BLONDY" LIES IN STATE

Decceased Pet Dog of Late John W. Gates Honored in Death.

NEW YORK, Aug. 20.—A funeral of state will be accorded Blondy, the pet dog of the late John W. Gates, financier, which is held here.

The dead dog, of which Mr. Gates thought so much that he had an oil painting done of him, was embalmed and today it lies in state in an uptown garage. The coffin is made of the best quality of plush and lined with white silk. About the dog's neck is a gold collar with gold bells, made especially for him by a Paris jeweler. There is a splendid pillow of flowers contributed by employees of the Gates family.

The body is to be taken to Fort Arden, Tex., to be interred on the Gates estate with fitting honors.

SIX-YEAR TERM DIVIDES Debate on Works Resolution Plunges Senate Into Debate.

WASHINGTON, Aug. 20.—The first attempt of the Senate to debate the Works resolution for a single six-year term for President and Vice-President plunged that body into discussion of the political situation. Senator Cummins made the chief speech in support

of the resolution, but it was interlarded with a running fire of comment from progressives, Republicans and Democrats.

Senator Borah read from one of Governor Wilson's works to show that the Democratic candidate had favored long tenure of the Presidential office. "The Governor has endorsed the Baltimore platform," said Senator Williams. "He would yield his judgment, but I doubt if he yields his judgment," said Senator Borah.

Candidates' Writings Compared. "I think the Senator will admit," retorted Senator Williams, "that Governor Wilson has never written more recklessly than Theodore Roosevelt." "If the Colonel has written some things which he ought not to have written," replied Senator Borah, "he has written a great many things for

DALLAS RESIDENT PASSES AWAY AT AGE OF 87.

Mrs. Mary Hubbard.

DALLAS, Or., Aug. 20.—(Special.)—Mrs. Mary Hubbard died in this city yesterday at the home of her son, John Hubbard, at the age of 87 years.

Mrs. Hubbard was born in East Tennessee August 23, 1825. In 1836 she moved with her parents to Frank County, Tenn. In January, 1847, she was married to Charles Hubbard and in the Spring of the same year she and her husband crossed the plains to Oregon by ox team. They first settled in Yamhill County, where they took up a homestead claim. In 1854 they moved from Yamhill County to Polk County, locating near the city of Dallas. Mr. Hubbard died in Dallas in 1887, aged 64.

"Grandma Hubbard" was a member of the Baptist Church. She is survived by four sons, all residents of Dallas, M. D. Hubbard, C. L. Hubbard, John Hubbard and S. D. Hubbard. Interment will take place in the private Hubbard cemetery, about eight miles southwest from here and near Falls City.

which the public is indebted to him," Senator Williams said Governor Wilson had never said anything unkind about men who had been Presidents of the United States since its foundation. "I offer a good \$2.50 chrome to anyone," he said, "who will show me any single Presidential term of six years or two terms of four years each."

Two-Term Limit Suggested. Senator Williams proposed a constitutional amendment as a substitute for the Works resolution, limiting any President to two terms of four years each.

The six-year term split the insurgent and progressive ranks of the Republicans. Senators Cummins, Works, Borah and others advocated the two-year term, Crawford and Bristow argued against it.

The Clayton bill to amend the Federal Constitution so as to provide a single Presidential term of six years was reached yesterday by the House, but on objection of Representative Cooper, of Wisconsin, the resolution was sent over to the Winter session of Congress.

BATTLESHIP AGREED ON CONFEREES LIMIT COST OF VESSEL TO \$15,000,000.

FINGER PRINTS OF 1872

Kansas Officer Used Digit's Impress on Streetcar Pass.

Kansas City Star. If the finger-print method originated by Bertillon is of modern origin, then Amazon Hays, who was a Jackson County Marshal in 1872, was quite a few years ahead of his time and probably have furnished as a widely known sleuth in these days of mysterious crimes and escapes.

Not Super-Dreadnought but One of Standard Size Provided—Name Constitution Proposed.

CLOSE SEASON AGREED ON

House and Senate Compromise on Five Years for Seals.

WASHINGTON, Aug. 20.—A closed season of five years for fur seals on the Pribilof Island was agreed to today by the Senate and House conferees on the bill carrying into effect the fur seal treaty with Russia, Japan and England. The House provided for one year and the Senate recommended a compromise.

SOME PPS KEPT FROM POLICE BY WHITMAN

Gambler Corroborates Story Told by Jack Rose—Indictments Expected.

CLASH ON TRAIN IS BITTER

District Attorney Threatens Detectives With Instant Arrest if they Attempt to Take Prisoner to Police Headquarters.

NEW YORK, Aug. 20.—Persistent efforts of the police to wrest Sam Schepps from the custody of District Attorney Whitman and his representatives on their arrival from Hot Springs, Ark., in this city came to naught, tonight Schepps, one of the state's most important witnesses in the Rosenthal case, is a prisoner on technical charge in the West Side jail under surveillance of men from the District Attorney's office, who have orders to allow no one to communicate with him without credentials from Mr. Whitman.

Schepps will go tomorrow before the grand jury and his ex parte corroboration of the story told by Jack Rose, upon which Police Lieutenant Charles Becker was indicted for Rosenthal's assassination.

Schepps With Whitman. Schepps reached here today, accompanied by District Attorney Whitman, who joined the Schepps party at Albany.

How essential it seemed to Mr. Whitman that he personally should protect Schepps from police interference appeared tonight, when Schepps learned that in Thomas, the police officer who with Assistant District Attorney Rubin brought Schepps from Hot Springs, had received several telegrams from Deputy Police Commissioner Dougherty ordering him to bring the prisoner to police headquarters. Thomas, though a police detective, is attached to the District Attorney's office and would answer no questions until he had telegraphed to Mr. Whitman.

Detectives Demand Prisoner. When the train bearing Mr. Whitman and the Schepps party arrived today at the One Hundred and Twenty-fifth street station in New York City five headquarters detectives, headed by Detective Hester, boarded it and demanded Schepps as their prisoner.

"I will order the instant arrest of any officer who attempts to take Schepps to police headquarters," Mr. Whitman told Hagerly, "and you can present my compliments to your Commissioner. Mr. Whitman explained to the detectives that he was thoroughly familiar with the evidence against Schepps as an alleged accomplice of the murderer of John Dillinger, and he would not arrest him on such a charge, this being the one the police have made against him.

Rose's Story Corroborated. On the trip from Albany Mr. Whitman had a long conference with the witness and obtained from him, he said tonight, a story which materially strengthened his evidence against Becker and other prisoners. In all, who he expects the grand jury will indict tomorrow.

"He has corroborated everything in Jack Rose's story," Mr. Whitman said. Commissioner Waldo summoned today 35 police lieutenants, each separately, and they were each separately told the Commissioner is contemplating a "shakeup" among the beatmen, and that certain districts where gambling and disorderly resorts have not been suppressed.

London Street Accidents Last Year 410 People Killed by Passing Vehicles.

Consul General John L. Griffiths. The growing tendency to "loose" the streets of London owing to the change in the character of the traffic and the increased congestion is engaging the attention of the police.

The number of people killed by vehicles in the streets was 410. The total in 1905 was 172; in 1906, 210; in 1907, 253; in 1908, 344; in 1909, 387; in 1910, 393. The fatalities in 1911 were due to the following causes: Horse omnibuses, 1; horse trams, 1; horse carts, etc., 150; motor omnibuses, 107; electric trams, 26; motor cabs, cars, etc., 155.

In addition to fatal accidents 15,154 persons were injured; 137 of the accidents were due to horse omnibuses; 44 to horse trams; 5256 to horse carts, etc.; 1947 to motor omnibuses; 2330 to electric trams; and 5401 to motor cabs, cars, etc.

As recently as nine years ago there were only 13 motor omnibuses running in London; now there are more than 2000 and the number is being increased at the rate of about 20 each week. One company alone expects to have over 1000 such vehicles running as soon as the new motor omnibuses are introduced. Nearly 70,000 motor vehicles of all descriptions have been licensed by the motor in London during the last year.

The extent to which omnibuses have added to London's death roll is shown by the following figures: 1905, 127 omnibuses, 25 fatalities; 1906, 1205 omnibuses, 35 fatalities; 1907, 1205 omnibuses, 32 fatalities; 1908, 1180 omnibuses, 22 fatalities; 1909, 1200 omnibuses, 56 fatalities; 1910, 2000 omnibuses, 107 fatalities.

The number of persons killed in the streets of London in consequence of the traffic during the seven years from 1905 to 1911 amounted to 2041, and of these over 5000 were killed by motor omnibuses, 311 by motor cabs, cars or wagons, and 159 by trams, while during the same period 104,851 persons were injured. It is shown that from 1905 to 1909, 510 of the deaths occurred to children, 312 of whom were under 7 years of age. During the past five years over 5000 lives have been saved by the removal of horse omnibuses and over 1000 lives have been saved by the removal of horse trams.

Close Season Agreed On House and Senate Compromise on Five Years for Seals.

Washington, Aug. 20.—A closed season of five years for fur seals on the Pribilof Island was agreed to today by the Senate and House conferees on the bill carrying into effect the fur seal treaty with Russia, Japan and England. The House provided for one year and the Senate recommended a compromise.

People and the Law Helplessness of the Citizens of Schenectady, N. Y., to Get Ice.

Exchange. Is the law made for the people, or do the people exist for the law? There must be many people in Schenectady, N. Y., these days who are pondering that question.

Fire the Office Nagger. Harper's. The office nagger can demoralize an office more completely than the most incompetent of executives.

the poor. Their thought was that since they had been put in charge of the community's welfare, it was quite within the scope of their duties to look out for the welfare of the well-to-do of those whose financial condition made it impossible for them to look out for themselves.

But the ice man was watching. He didn't like the idea at all. It readily suggested itself to him that if the city gave away that much ice, it might cut into his business. It might have some of the profits he expected to get out of the necessity of the poor people of Schenectady.

So the ice man bided his time, and when the city mechanics were preparing to distribute their ice where it would do the most good, the ice man got out a temporary injunction. This halted the distribution until the court could pass on the case. The court has heard the arguments, and it has made the injunction permanent.

Schenectady has 600 tons of ice on its hands which it cannot use. The poor people of Schenectady are undergoing the hot weather without ice or are robbing their table for money to buy ice. The city has plenty, all they will need, but the court stands on guard and won't let the city relieve the suffering. Probably the city has been allowed to give 25 pounds of ice to some tenement dweller's family, suffering in the slums. Probably there is some hoary decision back in the days of John or Richard III which stands in the way.

But there is the ice—30,000 tons of it. That's the poor, going to buy ice or impoverishing themselves to buy it. And there stands the ice man, with the court vigilantly guarding his interests.

The ice can melt, the poor may go iceless, but the ice man will be happy and property rights will be vindicated.

Rabies Case Develops Dog That Bit Boy Playmates Is Infected.

Board of Health Orders Pasteur Treatment for Two Victims of Pet's Frenzy.

No more striking case of the existence of rabies in an animal in Portland could well have been secured than that in which a pet dog, loved and caressed for many days by two little boys, Howard and John Pinnock, whose father is a stone mason in the employ of the Adams Contracting Company, had been shut up in the chicken-house of a neighbor, J. D. MacLaren, died.

When the dog bit the children last Wednesday, Dr. C. S. White, of the State Board of Health, decided not to make the case known, but to await developments. As a result of the facts not even those who most strongly deny the existence of rabies can say that this was simply a case of a dog biting children who had irritated it.

The dog was a mongrel pet. It had been the constant companion and friend of the boys, who are nine and five years old. On Wednesday, without any warning, it suddenly seized Howard, the younger of the two, and bit him severely in the arm, inflicting a deep flesh wound, and again in the ribs, on the left side, tearing the flesh away from the ribs.

The animal then bit the elder boy, John, in the ball of the big toe, and finally attacked the cat, seizing it by the throat. Until the time of the attack, the two had been the best of friends.

ROBERTS DENIED RE-TRIAL

Supreme Court and Governor Will Be Appealed to by Murderer.

McAllister, Whitehead & Hurst, attorneys for H. E. Roberts, under sentence to hang August 25, for the murder of Donald Stewart and George Hastings on the White House road, Portland, Aug. 20, filed a bill of exceptions before Judge Morrow. The judge refused to grant a writ of probable cause for a new trial and arrangements have been made for the execution of Roberts.

In case the Supreme Court does not act at once an appeal will be made to the Oregon Supreme Court. Should the writ be granted by the Supreme Court the execution of Roberts will be stayed until after the appeal has been decided, which would mean a delay of several months.

Tenderfoot in the Country. Christian Herald. A settlement camp is usually a lively place and in the boys' section at least there is not much to suggest a home for invalids. The idea that charity is being dispensed is strictly tabooed.

As a matter of fact most of those who come pay their way and they feel at liberty to have a good time just as if they were at an ordinary resort. A reasonable limitation on the doling of the beer means that the boys' section is a place where the boys and girls are new and strange to them. They learn what a hornet's nest looks like and that it is not necessary for boys and girls are familiar with from babyhood are new and strange to them. They learn what a hornet's nest looks like and that it is not necessary for boys and girls are familiar with from babyhood are new and strange to them.

Beauty Expert Finds the Heavenly Road to Regain Slimness "SIP YOUR FAT AWAY."

I am going to tell all my fat readers a secret for which they will call me blessed. I have discovered the heavenly road to slimness. Now, don't crowd, please. One at a time. I know you have all been looking for this very thing for years and years and that you are in a big hurry, but you've got to give me a chance to change my bread and butter. I have come back to my trusty typewriter to get it to you as quick as I can, and here it is.

I have been watching a pretty little secretary for some time, wondering at her improved appearance. It seems only the other day that I saw her waddling down a variable mountain of ungainly flesh. Today I met her and she was really slim again. Her mountainous hips were down to a reasonable size, her neck had real lines of beauty again, the double chin that hung down on her chest was gone, her arms were almost normal and her limbs shimmered through her clinging gown in alluring curves. What had she done? I queried. I couldn't resist telling her how lovely she looked and how inexplicable was the change. She laughed and whispered one word in my ear: "Fatose."

The name, of course, was not new to me. Any woman who knows it is to keep in touch with feminine things did not have missed the advertisements of this new treatment for fat reduction. So I asked her more about it and she was so delighted that she told me all about it. "It is the heavenly road to slimness," she said. "No dangerous drugs, no exercising, no sweating, and fat goes like a bad dream when you awaken. I got it from my druggist, who recommended it, and now you see what it has done for me."

Out-of-town customers can secure FAT-POSE from Portland druggists by mail at \$1.00. Sold in Portland by Lane-Davis Drug Co., Leisner Drug and Food Store, Portland, Dr. W. Rowe & Martin and Clarke, Woodward & Co. Secure this great \$1.00 treatment now.
