CHICAGO. Aug. 22.—Wheat was sensitive and responded quickly to buying orders which made their appearance after a quiet start. The market was regarded as oversold. Crop news was uniformly of a bearish tendency. The cash demand was weak and export business was at a standstill.

The firmness held throughout the session, although the volume of trade was not large. Insistent demand for September corn and cash gave strength to the market.

Outs ruled steady, with a moderate trade. Demand for provisions was good.

A determined effort is being made by the various commercial clubs of the county to assemble a creditable exhibit from Polk to send to the state fair.

The Dallas Commercial Club is also trying to get an exhibit together to put with the other exhibits from other parts of the Willamette Valley to send to Eastern land shows. Owing to the fact that the County Court in making its appropriation for fair purposes limited the expenditure of the money appropriated to matters connected with the county fair or harvest festival, to be held in this city on October 3, 4 and 5, there is no money available with which to make a state fair exhibit, except such as may be put up by the commercial clubs. It had been buried probably for many years, and had gradually become uncovered in the shifting sand. The skull was whole and the little girl carried it about, playing with it, not realizing what she had found.
