

COUNCIL AGES WAKEFIELD CASE

Committee Named to Probe Advisability of Stopping Referee in Work.

DRASTIC STEPS MODERATED

Maguire and Resolution Defeated. Special Meeting Friday Morning to Fix Date for Charter Revision Election.

COUNCIL PROCEEDINGS.
Adoption of resolution authorizing appointment by Mayor of committee to investigate advisability of demanding of employees as bond Wakelief against the city and discontinuing present referee proceedings.

Revocation of liquor licenses held by Emil Glutich in basement of Y. C. building and also license of E. J. Hanbury for saloon license on first floor of Yon building.

Mayor's veto of proposed owl car ordinance upheld in basement of Y. C. building and also license of E. J. Hanbury for saloon license on first floor of Yon building.

Ordinance providing semi-monthly pay day for city employees defeated.

Ordinance passed requiring corporations to pay interest on money demanded of employees as bond.

Vice commission ordered to turn all its evidence over to the Mayor.

Proposed common-user franchise to Hill lines on East Side and Harrison franchises, after a long session to Executive Board for valuation.

Friday set for consideration of special charter election, proposed bond issues and charter amendments.

The Mayor all documents, papers and evidence in whatever form upon which the recent report of vice conditions was based. The purpose is to give the Mayor information as to conditions so that he can instruct the Police Department accordingly. When opposition began to arise to the resolution at the Council meeting Mayor Rushlight said that he was in favor of the resolution, inasmuch as the vice report was not given until the city had appropriated the money for the investigation upon which the report was made. With this explanation there was no opposition to the resolution.

Maguire Report Turned Down.

An attempt on the part of Councilman Maguire and others to hold up the proposed Fourth street and Jefferson street franchise asked for by the Southern Pacific until they could get the property occupied by the company depot on the water front and Jefferson street, was defeated by a vote of 9 to 4. The proposition of Councilman Maguire came up when the Council was called upon to vote to send the proposed franchise to the Executive Board for the fixing of the value.

The franchise had been before the street committee, which body had recommended the measure going to the Executive Board. Councilman Maguire asked to have the majority report in this case substituted by the minority report, which was signed by Maguire alone. Mr. Maguire explained that the city owns the property occupied by the Jefferson street depot and he contended that the city should derive some revenue from the property before granting to the Southern Pacific any further privileges. The Maguire proposal was voted down and the proposed franchise went to the Executive Board for valuation.

Upon the request of a number of persons the permit recommended by the license committee to allow private use of the car was referred back to the license committee. There are many objections to the permit, it is said, and the opposition claims that it was not given an opportunity to be heard at the last license committee meeting.

The Portland Railway, Light & Power Company was granted a common-user franchise to the Hill lines on East Side and Harrison franchises, after a long session to Executive Board for valuation.

JELLISSON ACCUSES JOY

BANKER WILLING TO APPEAR BEFORE GRAND JURY.

Conferences with Alderman Regarding Tie Contract Said to Have Brought Out Admission.

That Councilman Allan R. Joy admitted to him that he had an agreement with the Portland Railway, Light & Power Company to supply water to the city of Estacada, who took part in the action of the city council to grant a water right to the city of Estacada, and E. M. Miller, a sawmill operator of Estacada.

Mr. Jellison said he was willing to repeat his statement before a grand jury if the only thing that stood in the way of the office of District Attorney and the short life of the incumbent Jurymaker it improbable that the matter will be pursued at this time.

Jellison had been commissioned, he says, to ask the officials of the street railway company if they would not take the franchise from Miller, in order that he might keep his mill running. He consented and visited J. R. Wood, purchasing agent of the company, "who told me frankly," he says, "that Joy had a contract to supply the company and that Joy claimed he had an interest in mills which could furnish the material."

"The only thing that stood in the way of my going to see Joy and I called on him in his office in the Chamber of Commerce building. He also told me that he had a contract with the city regarding the water franchise for two or three years," Jellison says he negotiated with Joy, but found he wanted to pay a low price. Finally it was agreed that with the fee he was to take care of the by-products, and he thereupon advised Miller to see the Councilman and enter into a contract with him. Miller has had the grand jury previously and he received a letter from Joy, followed by a second one, and eventually a blank contract, which, however, was never executed.

FARMERS REAP BENEFIT

Demonstration Farms Doing Great Work, Says C. C. Chapman.

That the demonstration farms at Redmond and Metolius will prove of inestimable benefit to the farmers in Central Oregon is the conviction of C. C. Chapman, publicity manager of the Portland Commercial Club, who has returned from a trip to Lakeview. Mr. Chapman said that the sessions of the Central Oregon Development League were highly interesting and instructive.

DELINQUENT LIST SHRINKS

Nearly \$33,000 Paid in Taxes Since First of August.

Rough comparison of the delinquent tax lists for 1912 as compared with the lists for 1911 indicates that the residents of Portland are being educated to the advantages of strict adherence to the tax laws and to the benefits of prompt tax payments. Although there are no aggregate records of the 1911 delinquent list, those intimately associated with the work of compilation have estimated that the delinquencies this year are not half so large as those for 1911, either in number or moneyed aggregate.

600 CORDS WOOD FOR SALE.

Body fir, banked on good country road, near from
Wash., on S. 23, T. 3, R. 2 E. Cheap for cash; make an offer, will trade for improved property. W. H. Frank, Conway, Wash.

CAR SCHEDULE NEW

O.-W. R. & N. Bridge Will Be Connected by September 9.

CHANGE WILL SAVE TIME

Vancouver, St. Johns, Williams Avenue, Mississippi, Broadway and Irvington Runs to Benefit by Alteration.

September 9, the Portland Railway, Light & Power Company will commence operating the Vancouver, St. Johns, Williams Avenue, Mississippi, Broadway and Irvington cars over the new O.-W. R. & N. bridge.

Superintendent of Transportation Cooper made announcement to this effect yesterday, after going over the details necessary to the transfer of the cars to be routed over the new bridge. At the same time, he pointed out the advantages that are to result to the public using these cars.

"The new bridge draw will be opened not to exceed twice daily as a rule," he said, "and will greatly facilitate travel and will therefore be a direct benefit to the public using the cars that will be routed over the new bridge."

Cars that will be routed over the Burnside bridge after the new bridge is in use for cars will be the Woodlawn, Alberta, Union-avenue trippers and the Rose City lines. Little change in the route on the East and West Sides will be necessary, as work ever since and will be worked until it is finished.

The North East Side public has been greatly inconvenienced heretofore by the constant opening of the draw on the old O.-W. R. & N. bridge. It was of an antiquated type and caused endless delays. It had to be opened for small river craft.

KELLAHER WILL NOT YIELD

Bull Moose Committee Without Authority, He Says.

On the ground that the resolution adopted by the Bull Moose State Central committee asking Dan Kellaheh to resign as an elector on the Republican ticket has no weight, inasmuch as the Roosevelt progressive party does not yet exist, legally, in Oregon, Mr. Kellaheh is refusing to heed the resolution and is still holding his old position on the Republican ticket and also on the Bull Moose ticket.

YOUNG "MOOSE" TO CLUB

DISSATISFACTION WITH ORGANIZATION IS DISCLAIMED.

Work Will Be for Roosevelt Exclusively—He May Be Tendered Reception When Here.

Disclaiming any dissatisfaction with the "Bull Moose" organization, of which Dan Kellaheh, L. M. Lepper, Dr. H. W. Coe and others are leading spirits, a number of Roosevelt admirers are soon to be organized under the name of the "Young Men's Roosevelt Club."

FARMERS REAP BENEFIT

Demonstration Farms Doing Great Work, Says C. C. Chapman.

That the demonstration farms at Redmond and Metolius will prove of inestimable benefit to the farmers in Central Oregon is the conviction of C. C. Chapman, publicity manager of the Portland Commercial Club, who has returned from a trip to Lakeview. Mr. Chapman said that the sessions of the Central Oregon Development League were highly interesting and instructive.

JUST PUBLISHED

The Red Lane

By Holman Day

Author of "King Spruce," "The Ramrodders," etc.

Love, daring and romantic adventure all figure in this thrilling tale of the Canadian border. The story opens in a roadhouse run by a man whose convent-bred daughter is the heroine of the story. Her ignorance of her father's business, her sudden appearance at his place in the midst of a law-breaking casual and the unexpected declaration of love from her Yankee lover, begins a novel of more than usual heart interest. The scenes are dramatic, the setting picturesque and the theme is of striking force, giving this author of humor and philosophy new opportunity for pictures of virile life. Quite naturally it has become one of the season's most popular books, for it is a capital story characteristically well told.
