The "Sterling" is the Finest Low Priced Range on the Market Absolutely Has No Equal

To meet the demand for a reliable Range at a moderate price, we investigated the merits of every low-priced Range made until we found in the STERLING one that fully met the requirements of our ideal of what such a Range should be. One improvement we had made--enlarging the size of the firebox--and then adopted the line as our leader in the Stove and Range department. Its special merits are as follows:

Body is of polished Wellsville steel, which will not warp or crack. The firebox, built especially for Powers', is extra wide and shallow, and linings being made in three sections and ventilated. Has 16-gauge steel oven, guaranteed for 15 years.
