BRIBE CHARGE IS MADE

CASH OFFERED TO SIGN PETITION, IS ALLEGATION. Marsh Frakes Asserts R. M. Gatewood Made Proposal for Support of Hassam Pavement.

A decided sensation was created at the City Hall yesterday by the filing of an affidavit, sworn to by Marsh Frakes, charging that R. M. Gatewood offered him \$10 to sign a petition for Hassam pavement on Spokane avenue in Sellwood.

In case the improvement went through the affidavit charges, Gatewood promised further to remunerate Frakes by the payment of \$50 additional.

Frakes lives at 669 Spokane avenue, is property owner on the street, and, therefore, interested, like many others, in the character of pavement to be laid there.

Mr. Gatewood, who is a real estate dealer and owns property on Spokane avenue, entered an emphatic denial of the charge filed against him and declared that it is nothing but "spite work."

"A. N. Willis and some others who wanted bituthic pavement on the street agreed to abide by the wishes of the City Authority of the property owners," said Mr. Gatewood. "We got 53 per cent for Hassam and they got about 26 per cent for their kind. They are laid losers and are now making a personal fight on me. I had nothing to do with the Hassam company, but it is a case where the majority of the people on the street want that character of pavement. There has been a lot of misrepresentation in regard to this subject, and I am perfectly willing that the whole world should know the facts."

Mr. Willis, who formerly was a Councilman, filed the affidavit with Mr. Frakes, and simultaneously filed with the City Authority a large remonstrance against the Hassam pavement. This will go to the Council at its next meeting, and probably will be referred to the street committee, where the fight between the two factions will be renewed.

The Spokane avenue improvement has been a bone of contention ever since it was originated. Two sets of petitions were circulated, one for Hassam and the other for bituthic, and the fight was long and hot. When it reached the Council, there was a majority of petitioners for Hassam, but Mr. Willis at the time alleged fraud and argued that the people really wanted bituthic. After considerable debate the street committee recommended Hassam, on account of the preponderance of the petition for that character of pavement.

ATTEMPT IS ABANDONED

Request Made of License Committee Brings Forth Vigorous Protest on Part of Adjacent Property Owners.

"I see no reason why dancing should not be permitted in the Council Crest amusement park," said Councilman Monks during a session of the license committee yesterday, when Councilman Schmeier moved to amend the ordinance to the license ordinance to allow dancing to do pass.

"It is allowed elsewhere in the city and, as for the arguments presented here, I will say that, am big enough to protect my home and others should do the same."

Owing to the fact that but three of the five committee members were present, nothing was done. Mr. Monks would not second the motion by Mr. Schmeier and Chairman Daly ruled that the subject should remain in the box.

Following the meeting, A. Duchamp, lessee of the Crest Park, decided, after consulting with the property owners, who were present to remonstrate, not to press his application, but to abide by their wishes and have no dancing in the resort. Therefore, the fight is abandoned.

Protestants Are Present

N. E. Henderson, R. L. Donald, W. J. Erickson and others living on Portland Heights and neighboring places, were present to register emphatic protest against the amending of the license ordinance so as to permit of "private" dancing in the park. They recited the history of the dancing there, which was allowed up to two years ago, when the City Council indignation forced the Council to revoke the dance license.

Mr. Duchamp declared that he was not responsible for the conditions that existed at the time mentioned and that, with all of the protests filed then, not one arrest was made in his establishment except two made by himself. He said he had it in mind to try to make him responsible for occurrences outside the park and on the streets, as he said was the case.

"All I want," said Mr. Duchamp, "is the right to conduct private dances, and I think there is no good argument against this."

Messrs. Henderson, Donald and Erickson explained that the neighborhood near Council Crest is a first-class one, having many beautiful and costly residences and that the people there are strongly opposed to any dancing at the park; they are willing, they said, to have the amusement park conducted as at present and think it properly run.

Many Sign Petitions. "On behalf of my own home and others," said Mr. Donald, "I protest against this amendment. I do not believe that private dancing will result; it will be every one's dance and will result in no good."

Petitions against dancing were signed by many residents of Portland Heights and nearby sections, as follows: E. F. Ferris, L. M. Tyler, J. B. Knapp, L. Vaughn, Lavella, Marshall, S. K. Hughes, Mrs. W. S. Dinning, W. J. Erickson, E. J. Godfrey, W. H. Adams, J. H. Griffith, H. L. Lane, N. S. Henderson, John J. Armstrong, F. F. Hall, Mrs. Harry McCall, Mrs. C. W. Miller, W. A. Robb, Mrs. L. H. Rouda, Mrs. C. Blum, Mrs. Georgina G. Goudy, Mrs. F. M. Crawford, Mrs. Carlton Leno, Miss L. Thompson, Mrs. W. J. Howard, L. H. Page, L. J. Barber, John K. Kollock, R. L. Donald, W. J. Baker, James O. Rountree, J. C. Ainsworth, F. L. Fuller.

MATSON HAS DISAPPEARED

Pardoned Highwayman Being Sought by Warden Curtis, of Salem. One hour after Fred Matson, pardoned highwayman, left the Multnomah court yesterday with a suspended sentence of 90 days and \$100, Warden Curtis of the State Penitentiary, having seen an account of his fall from rectitude in the morning paper, appeared at the court room to reclaim the man and take him back to the institution. Matson had gone, and the search for him was taken up elsewhere.

Under the name John McInney, the highwayman, who under sentence of 18 years for crimes committed in Portland in 1909, had under a conditional pardon, was caught trying to buy cocaine on a forged prescription. He was recognized in the "show-up" by detectives, who had their first knowledge of his being at Hiram.

Prayers of his mother, whom he says, he has been supporting, were effective in winning for Matson the leniency of the court. He professed solemnly that he would desist from the use of cocaine. The story of his prison life is given in another column.

What the Mayor of Chicago Thinks of

TELEPHONE COMPETITION

I am a firm believer in competition. I welcome the possibility of two telephone companies serving subscribers in Chicago. It will bring about improved service and the competition will lower rates. In California, where I lived for several years, they had two competing lines. With two systems and competing service, subscribers got both for the price that they previously paid for one. Better service can be expected from two companies than from one.

The field here in Chicago is surely large enough. The telephone business, under the immense growth of the city, has swelled to proportions where two companies can exist, and I do not believe one company should have a monopoly. One way to look at the prospect of two companies in the field is that subscribers, to get the maximum service, will have to have two telephones. Some will say this means additional expense to the subscriber, but I do not believe it.

Healthy competition keeps the cost down. I believe such competition here will prove to be what it has in other communities where telephone companies were competing against each other for business—that is, that competition brought the cost down to where the subscriber could get two telephones for the same price paid for one under the monopolistic conditions—Carter H. Harrison, Mayor of Chicago, in interview given to press after Tunnel Company was confirmed in its franchise right in Chicago.

The Home Telephone and Telegraph Company of Portland Gives You This Competition.
