

THREAT TO EXPOSE DENIED BY HAYES

Deposed Inspector Says He Did Not Say He Would Force Waldo to Resign.

WHITMAN IS SURPRISED

Louis Libby Declares He Knows Nothing of Murder-Car Plot. Election District Captain Arrested on Graft Charge.

NEW YORK, Sept. 5.—Cornelius G. Hayes, the deposed police inspector, made a categorical denial today of published statements quoting him as saying he would tell on the witness stand a story that would cause Commissioner Waldo to resign in 24 hours.

Hayes was summoned to police headquarters and ordered officially to affirm or deny the statement, together with other accusations he was reported to have made against the Commissioner.

Although District Attorney Whitman refused today to discuss his conference with Hayes, it was learned that the prosecutor was surprised to hear that Hayes had repudiated some of the statements attributed to him.

Libby Before Grand Jury. Louis Libby, part owner with William Shapiro of the murder car in the Rosenthal case, was called today before the grand jury which indicted Police Lieutenant Becker for the murder of Rosenthal.

The investigation by the Commissioner of accounts alleged graft leveled on owners of newsstands resulted tonight in the arrest of Benjamin Strauss, an election district captain, on a charge of grand larceny.

Hayes Threatens Waldo. The former inspector is quoted today as having said to the District Attorney: "Let me alone until I'm through with my police troubles. It is certain that I'll be broke. Waldo can't do anything else, but if I'm put on the stand I'll resign his job instantly. Yes, and it will go further and cause a sensation in the Mayor's office. I want to be free from any handicap that the grand jury might put on me."

Commissioner Waldo said he had nothing to fear from Hayes, and added that the former inspector would have ample opportunity to talk all he wanted at the trial, which will be held at police headquarters tomorrow.

HIGH LIFE DUE TO "BOSS"

Baker Lad Sells Family Cow and Starts Out for "Good Time."

BAKER, Ore., Sept. 5.—(Special).—One of the boldest financial moves ever made in this city by a boy was that of the 14-year-old son of Charles Connors, when he sold the family cow to provide money for a "good time."

The lad secured \$20 for the cow, pocketed the money and then, finding Baker an unfit place to spend his recently obtained wealth, went to Pendleton. He stayed in Pendleton several days, enjoying the fruit of the land, and after a time returned home with a small portion of the money.

He was taken into custody upon arriving in Baker yesterday by Chief of Police Riley and returned home with a severe reprimand for his actions.

BLACKBIRDS WIN BATTLE

Ton of Roman Candles Used in Vain Effort to Rid City of Pests.

TOPEKA, Kan., Sept. 5.—With a ton of fireworks this city tonight began a battle against the thousands of blackbirds that have infested the great elms and made the streets here dangerous and unsightly.

As the firing balls of fire swept through the trees the birds fairly screamed at their disturbers. A few took wing and flew to nearby trees, but most of them held their roosts and chattered noisily.

MOTHERS TO GO TO SCHOOL

Kansas City, Kan., Finds New Key to Cost of Living Problem.

KANSAS CITY, Mo., Sept. 5.—The high cost of living is the greatest problem today and its solution lies with the wives and mothers of the Nation, in the opinion of the Board of Education of Kansas City, Kan., which today offered special inducements to mothers to attend the night schools.

These include a nursery and kindergarten for the children of students and special courses in cooking and "how to make a \$20 hat for \$2." Three hundred women already have enrolled.

REBEL LEADERS IN NICARAGUA TAKEN

Government Wins Engagements and American Forces Dominate Situation.

NEWS MORE REASSURING

Insurgent Generals Resort to Robbery and Extortion to Obtain Funds With Which to Finance Their Cause.

WASHINGTON, Sept. 5.—Government successes over the rebels in several engagements in Nicaragua are reported in the capture of a large number of directing heads of the revolution. This, with the almost complete domination of the situation by the American Naval forces now in the country, sums up the situation in that Central American republic today.

Larger forces of American marines and bluejackets are stationed at the important bridges and stations along the railroad and Major Butler, commanding the marines, says he will have little trouble protecting the railroad and maintaining communication between Managua and Corinto.

Dangers Much Exaggerated. Reassuring advice was received at the Navy Department from Admiral Southernland regarding the situation of the Americans and other foreigners at Matagalpa. He reports that he has been in communication with the place and that rumors of danger have been greatly exaggerated.

More details of the recent Government victories were reported to the State Department today by Minister Weltzel. He says Colonel Zolozorano Diaz, with 200 troops, defeated 250 Zelayistas, commanded by General Narciso Berrios, the morning of September 2, at La Paz.

More than 2000 rounds of ammunition were captured and Colonel Motiez Berrios, sub-Secretary of War in the Cabinet of ex-President Zelaya, was taken prisoner. Colonel Abel Samarriva, a federal officer, was killed in this engagement.

Important Victory Won. A more important victory was won by the Government at Tipapa the same day, when General Arevalo Cruz, with 600 men defeated a similar rebel force under Colonel Samuel Cerillos.

At Tamarinda, on the east side of Lake Managua, the Government captured General Alfonso Irias with 140 revolutionists. Irias is a deputy to the National Assembly and a brother of Julian Irias. This party was en route for Leon to Granada to join General Mena.

Generals Mena and Zeledon are using every means at their command to obtain money with which to foster their cause. To this end they have resorted to robbery and extortion and, according to State Department reports, they have collected large amounts.

DEATHS CAUSE SUSPICION

(Continued From First Page.)

schik's demise and Mr. Gibson's affidavit that Mrs. Menschik was alive and living in Chicago presented to the Surrogate when Mrs. Szabo's will was offered for probate will be ready for Mr. Rogers and Surrogate Fowler within a week. Mr. Gibson was served today with an order signed by Surrogate Fowler requiring him to appear in Surrogate Court September 17 and show cause why the Austrian Consuls should be appointed administrators of Mrs. Szabo's will in Mr. Gibson's stead.

Alphonse P. Rinck, a Pinkerton detective, announced that he had succeeded in finding the woman who is said to have posed as Mrs. Menschik. Willis C. Degraw, deputy Sheriff of Orange County, who runs the hotel at Greenwood Lake, where Mr. Gibson stayed with Mrs. Szabo, put in an appearance in the afternoon.

Mr. Degraw has been assisting the Pinkertons in obtaining witnesses to Mrs. Szabo's drowning. "We have found three witnesses who saw Mrs. Szabo drown," the deputy Sheriff told a reporter. "They saw some sort of a stir in the boat and then Mrs. Szabo pitched overboard."

CHICAGO POLICE SEEK MOTHER Woman Who Sought \$10,000 Legacy Enveloped in Mystery.

CHICAGO, Sept. 5.—(Special).—Search for the mysterious Chicago woman declared by Dr. Fritz Fischerbauer, Austrian Vice-Consul in New York, to have posed as the mother of Countess Rose Menschik Szabo in proceedings looking to the settlement upon her of the legacy of \$10,000 left by the woman who was drowned under strange circumstances while in the company of

Above, Left, Cornelius G. Hayes, Right, Major Guyano.—Below, Police Commissioner Rheinlander Waldo.

Burton W. Gibson, attorney, was being made by the Chicago police today. Detectives employed by the Austrian government are assisting in the hunt. Local activity in the international investigation of the strange mystery followed publication of sensational disclosures in the death of the Countess in Greenwood Lake, New York, July 16 last. Most startling of these was the petition filed by the Austrian Vice-Consul in New York, asking Surrogate Fowler to remove Gibson as executor of the Countess's estate, charging that with three other strange deaths in which money of considerable amounts had been involved.

This is the third case of a similar nature in which the name of Gibson has been concerned. The British consular service is interested in one of the cases, that of a man who had \$6000 in his pockets when last seen with Gibson.

The following cable dispatch is offered by Dr. Fisherbauer and embodied in his affidavit, in which the removal of Gibson as executor is asked: "Vienna, Sept. 1.—Attache Fischerbauer, 350 Riverside Drive, New York, Mother Peronella Mandschik died February, 1910. Five brothers and three sisters alive. Gibson suspected of murder."

Other cases into which the name of Gibson has been brought in the last six years are: Disappearance of John Rice O'Neill, who, with nearly \$6000 in his pockets, was last seen in Gibson's office on May 15, 1911. The relatives of O'Neill in Ireland are positive that he met with foul play, and since March last the British Consul has been in correspondence with the police department regarding the matter.

Murder of Mrs. Alice Kinnan. In 1906 Gibson was held in \$25,000 by the Coroner for Mrs. Kinnan's death in a lonely house in the Bronx. He was later released. As in the other two cases, Gibson has been the legal adviser of Mrs. Kinnan, and aided in the investment of over \$40,000 for her as well as \$100,000 for her mother, an insane woman.

The consular service of Great Britain, through Acting Consul-General Broderick, is making an effort to unravel the death of O'Neill.

STATE DEPARTMENT TO ARM AMERICANS

Exception to Be Made, That Residents of Cananea May Defend Themselves.

STRONG GUARD REQUIRED

Additional Rifles Will Be Taken From Frankfort Arsenal, and Supply at Nogales May Be Forwarded.

WASHINGTON, Sept. 5.—Every effort is being made by the State Department to get arms and ammunition to the Americans in the Cananea district to enable them to protect themselves against the ravages of the rebels, who now thickly infest that country.

A request from the residents there was received today at the State Department, asking for the immediate shipment, accompanied by 200 rounds of ammunition for each gun.

Attempts are being made to ascertain where the nearest rifles available for this purpose can be obtained and when this is learned, President Taft will be called upon to make an exception to his proclamation prohibiting the transportation of arms across the border.

The Americans who signed the request to the State Department for arms were informed today that as a supply of strong guards and rifles from the Frankfort Arsenal near Philadelphia. In that case it will take a week to get them to the people. The Mexican government will be requested to provide a strong escort for the 400 additional rifles and ammunition.

COWBOYS PLANNING RESCUE

Dash Across Border to Relieve Imperiled Americans Outlined.

DOUGLAS, Ariz., Sept. 5.—Equipped with 1000 rounds of ammunition which were shipped into this city last night, an organized body of cowboys is prepared today to move at a moment's notice across the border where Americans are said to be gravely imperiled. The cowboys met secretly and organized themselves into a military body. It was declared that the rescue of Americans would be an accomplished fact within two or three days.

Millions of dollars worth of American property in Sonora is said to be in imminent peril of confiscation or destruction. The country south of Douglas is overrun with rebels who have taken control of the town to have celebrated their victory by burning most of the houses. Carlos Mendez, a wealthy merchant, was seized and cremated in the flames of his own store.

Another band of 400 rebels is reported to have taken a sharp fight, but were overcome by the invaders. The barbarities that followed were similar to those reported from other districts attacked by the Zapatas. The leader of the rebel band is said to be Eufemio Zapata, brother of Emilio and Centeno, and one of the men who broke jail in Puebla after having been confined on the charge of having murdered five Germans, one a woman, at Covadonga.

A part of the rebel band later in the day was engaged by state troops in a hard fight at Silacoyuapam, a short distance away.

BORDER PATROL INCREASED

Additional Troops Are Being Sent From Fort Clark.

WASHINGTON, Sept. 5.—The appearance of a large number of Mexican rebels at Ojinaga has made it necessary to increase the American patrol force on the Big Bend section, and troops are being sent from Fort Clark. Seven hundred federal troops are encamped ten miles below Quitman and the rebel General Salazar, with 1000 men, is in the Capitan Mountains west of Sabinal Station on the Mexican Northwestern Railway. Neither side is moving to attack.

Three hundred rebels are encamped 15 miles southeast of Juarez and General Salazar seems to command a large section of territory bounded by Guzman, Casas Grandes, Ojitos and Boca Grande, where he has been receiving reinforcements from Sonora.

General Schuyler reports that Cananea is now safe, but that the situation at Nacozari is precarious.

A NEW TREATMENT FOR SICK HEADACHE

Made Possible by a Special Laxative Used With Dr. Williams' Pink Pills.

Mrs. Walter Anderson, of R. F. D. Valeda, Kansas, suffered for a number of years from sick headache. She says: "Ever since I was a small child, I suffered from sick headaches and when I was thirteen years of age I had a severe attack of inflammatory rheumatism in my limbs, which were terribly swollen. I suffered intense pain and from that time until I took Dr. Williams' Pink Pills I suffered a general weakness. There was a constant pain through my head and I never saw a well day. I was weak, generally run down and had no ambition to work. My blood was thin and I lost in weight. I was tired and languid all of the time. I had no appetite and when I was out of order. Whenever I was chilled I was troubled with rheumatic pains in my limbs. I was very nervous and was often confined to bed for a week."

"The doctors did not do me a particle of good and they did not seem to know what ailed me. After being under their care for some time, my father decided to have me try Dr. Williams' Pink Pills. I could see that they were helping me after taking a few boxes as my strength came back and my headache disappeared. I have been in very good health since."

As a rule a sufferer from sick headache can tell hours, sometimes days, in advance, when the headache is coming on. This fact makes it possible to use a laxative, as soon as the approach of an attack is discovered, to eliminate the poison from the system and prevent the attack or, in a great measure moderate its severity. A new laxative, PINKLETS, designed to be used in connection with Dr. Williams' Pink Pills, affords a perfect combination treatment.

We have prepared a pamphlet that not only describes fully the laxative tonic treatment of sick headache and gives specific directions for the use of the remedies, but contains also much valuable information regarding diet, exercise and the management of the sickroom during an attack. This pamphlet will be sent free on request together with a sample of PINKLETS, the little laxative pills. Write today if you want to treat your trouble intelligently.
