

COLORADOANS STAY AWAY FROM POLLS

Farmers Harvest Their Crops and Complicated Ballot Is Deterrent to Women.

DENVER VOTE FALLS OFF

In Fashionable Quarter and Vice District Fairly Heavy Vote Is Cast—Result Will Be Slow in Becoming Known.

DENVER, Sept. 10.—Out of a registration of approximately 250,000 voters in Colorado for the first statewide primary it was estimated that only about 20 to 40 per cent had cast their ballots at the polls today.

The light vote in the rural districts was due to the fact that farmers took advantage of the clear weather to harvest their heavy crops.

Politicians Stay Away. Politicians were conspicuous by their absence at the polls.

The heaviest vote was recorded in the southern Colorado cities and towns. In Denver the vote was below the average.

The polls opened at 7 A. M. and closed 12 hours later. The late closing and the long ballot will delay the returns.

The results are expected to be determined before tomorrow night. Conditions are confusing. The results are absolutely beyond forecast in almost every instance.

In a few cases candidates are unopposed, but in the main there are two, three and as many as six seeking the endorsement of their parties for one office.

TRANSIT PROBLEMS NEW

WILSON SAYS TRADE MUST HAVE OPEN WAYS. Letter to Upper Mississippi Improvement Delegates Expresses Sympathy With Aims.

BURLINGTON, Ia., Sept. 10.—A letter from Woodrow Wilson, commending the work of the Upper Mississippi Valley improvement committee.

It would give me pleasure to be present and to express my entire sympathy with projects that look towards the opening up and the systematic connection of our great water courses.

It has undoubtedly become necessary that we should reconsider our water transportation problem, in view of the developments which are sure to follow immediately upon the opening of the Panama Canal.

SWISS LEAD IN SAVINGS. Figures Show Little Republic Deposits Average 448 Francs.

GENEVA, Sept. 14.—(Special).—The Swiss government has just published the results of an inquiry it has been making for some time past into the savings of its subjects.

The Republican convention last June was stolen from the people by the bosses. The organization which now masquerades as the Republican party is purely a party of the bosses.

Of course, he must always be remembered how many forms of saving exist, and it is doubtful whether life insurance, for instance, is as common in Switzerland as in America and England.

It is clear from the figures that the Roman Catholic cantons are, on the whole, less thrifty than the Protestant. At the bottom of the list come Ticino, Fribourg, the Grisons and the Valais.

The Democratic primaries were conducted on such a basis. The man who carried the primaries was beaten in the National convention and another candidate was nominated in his place.

Day's Travel Is Through Scenes of Lincoln-Douglas Debates—Suffragist at One Town Presents Bouquet.

CHICAGO, Sept. 10.—Human interest on a hot day centers more easily on a horse race than on politics.

"My friends, I preach the doctrine of the human race, but to race can compete with a horse race. Let us see the heat out." Then he faced the horses and saw the heat run off.

Horse named Teddy Wins. A horse with the first name of Teddy was a long time getting started and a black horse kept showing first under the wire.

At Ottawa the Governor compared the critics of the Roosevelt Progressive party to the man who put his fingers against a buzz saw to prove it was not running.

Stops were made at Rockford, Freeport, Polo, Dixon, Mendota, Ottawa, Morris, Elgin, and Joliet.
