Grand Jury to Probe Circular Against Roosevelt.

LEGAL RECOURSE FOUND

Citizens of All Shades of Politics Unite to Find Real Perpetrators of Flaming, Libelous Assault on Colonel.

Libelous circulars, issued against Colonel Roosevelt at the time of his visit here last week and purporting to come from Socialist headquarters, are now in the hands of the grand jury. which is investigating the facts and the law in the case. This action has been taken upon the angry protests of citizens of all shades of politics after the matter once had been allowed to

the matter once had been allowed to drop.

When a policeman caught a man passing the bills through the crowd at the Thompson fountain waiting to hear Roosevelt speak, the circulator was arrested and the bills were given to Captain Baty, of the detective department for investigation. He consulted District Attorney Cameron and was advised that no action could be taken unless Rooseevit could he held here to prosecute. here to prosecute.

Legal Recourse Extended.

Legal Recourse Extended.

The supposition that that was the only legal recourse has now been modified. The circular is said to be actionable under the statute against printing of indecent and obscene articles. This is the law under which promoters of prize fight pictures have been indicted.

It also is said that a libel action can be carried through without any appearance on the part of the offended citizen. In this case the state would have to show only that the article was libelous on its face and that it was caused to be circulated by the defendants. In case the defense made any attempt to vindicate itself by offering proof of the truth of the statements, Rooseveit would have to be relied upon for the evidence in rebuttal. That the defendants would be able to make any kind of a showing of the truth of all the charges is decidedly unlikely.

Both of the convicted of land frauds in this state several years, ago. A. H. Hadderly was sentenced to eight months in the County Jail, with a fine of \$5000 while Richard Hypnes received the same jail sentence and a fine of \$2500.

Owing to the allegation that these men were in bad health their jail sentence were remitted upon condition that they pay the fines. Upon the filling of the mandate these fines will have to be paid immediately or the filling of the convicted men are residing. proof of the truth of the statements. Hences were remitted upon condition that they pay the fines. Upon it upon for the evidence in rebuttal. That the defendants would be able to make any kind of a showing of the truth of all the charges is decidedly unlikely, and in this outcome the circular would stand proven to be a libel on its face.

A public meeting was held last even-ing at Mount Olivet Baptist Church, 35 Seventh street, by the Colored Women's Equal Suffrage Club for the purpose of Equal Suffrage Club for the purpose of interesting the colored voters of the city and state in the cause. Unfortunately, the meeting had not been sufficiently advertised to bring out a large attendance, but those present were enthusiastic for the cause.

Charges Made by Dr. Wheeler.

Following the recent announcement of City Health Officer Wheeler that he intended making changes in the personnel of his staff of school inspectors, Dr. J. G. Abele has been asked to resign. His refusal to comply will result in a special meeting of the City Health Board this afternoon at which Dr. Wheeler will be asked to present his charges against Dr. Abele and the case will be given a thorough airing. The base of the action of Dr. Abele is said to be the failure of the latter to make daily reports of inspections during the last term of school. A letter was sent to Dr. Abele recently requesting him to send in his resignation to the Health Board by return mail. Dr. Abele says he knows of no reason why he should resign, and he refused to do so.

At today's meeting of the Board the school medical inspectors will be appointed for the school term.

Circular Not Fit to Print.

These are the two possible lines of prosecution seen by District Attorney Cameron in case the grand jury should see fit to take action. Another difficulty is the likelihood that the signatures at the bottom of the printed attack are not genuine and that the real perpetrators have concealed their identity.

The circular is in large part unprintable and in its entirety is vituperative in the highest degree. It includes references to all the acts of Roosevelt while President which have been extensively criticised, and to many alleged acts now heard of for the first time.
