Harvester Trust Gets Sixth of One Per Cent, Its President Testifies.

NO DIVIDEND EVER PAID

Witness Says Concern Tries to Buy Cheaply From New Jersey Company—Large Sums Spent for Advertising.

CHICAGO, Sept. 17.—Although it sold \$199,000 worth of farm implements, the International Harvester Company of America last year made only \$150,000 in profits, or fifteen hundredths of 1 per cent, said R. C. Haskins, the president, who testified today before a special examiner in the Government's suit to dissolve the corporation.

Dividend Never Paid. "Is it not your object to buy from the New Jersey corporation at such a price as will enable you to sell so that you will have neither loss nor profit?" asked Edwin P. Gross, special assistant attorney-general.

Sales to Farmers Described. Most of today's session was devoted to describing technical features of farm implements. Haskins related the methods of sale to farmers in answer to the Government's charge that as a trust the Harvester company maintained prices "to the serious injury of the farmer."

PERKINS ANSWERS MARSHALL

He Says Democratic Candidate Knew He Wasn't Harvester Trust Head.

NEW YORK, Sept. 17.—George W. Perkins, who was referred to by Governor Marshall in a speech at St. Joseph, Mo., yesterday as "presiding over" the International Harvester Company, made this reply today to Governor Marshall: "It is evident that Governor Marshall has attacked me with less than half a truth. He says I preside over the International Harvester Company. In it possible that he is so uninformed as not to know that this is not so? I do not preside over the International Harvester Company. In my opinion, Mr. Marshall knows who does preside over the Harvester Company and for political advantage to his party purposely twists his statement so as not say who does preside over the Harvester Company and convey the impression that I do."

C. O. D. TRAFFIC IN LIQUOR UNDER BAN

Federal Law Held to Prohibit Carriers From Continuing Old Practice.

SECURITY IS PROHIBITED

Shipments Across State Lines Must Be Plainly Labeled With Name of Consignee and Nature of Goods Involved.

OREGONIAN NEWS BUREAU, Washington, Sept. 17.—Attorney-General Wickersham, in instructions to all United States attorneys, is urging prompt and vigorous prosecutions of any persons found violating sections 238, 239 and 240 of the new criminal code, which provide conditions under which intoxicating liquors may be shipped from one state to another, or from a foreign country into the United States.

Shipments Must Be Labeled.

The most sweeping provision of the criminal code which the Attorney-General calls attention, requires that every package containing intoxicating liquor of any sort, when shipped from one state into another, or from a foreign country into the United States, be plainly labeled on the outside cover as to the nature of its contents and the quantity contained therein.

Above—Mayor Gaynor, Sitting in "Grant" Hearing. Below—Alderman Curran.

have said, "Yes, it can be used in that way, and Dr. Wiley knew that it was used in that way. It knows that it was used in that way to warn the people of this country to beware of commissions of experts. I have lived with experts all my life and I know that experts don't see anything except what is under their microscope—under their eyes."

Tariff Question Not Answered.

"The tariff board knows what it knows. But it doesn't know what we want to know. It knows what it inquires into, but it doesn't answer this question: 'Are the present tariff duties in the United States suitable to the present business conditions in the United States?' And when the third party proposes a permanent body of experts to propose a permanent postponement of tariff legislation."

C. O. D. Shipments Barred.

The third section, No. 238, provides that any railroad company, express company or other common carrier, or any person who, in connection with the transportation of any intoxicating liquor from one state to another, shall collect the purchase price of such liquor before, on or after delivery, or shall in any manner act as the agent of the buyer or seller of any such liquor, for the purpose of buying or selling, or completing the sale thereof, saving only in the actual transportation and delivery of the same, shall be fined not more than \$5000.

"Blind" Consignments Prohibited.

It is a common practice in many dry states to import liquor in bulk addressed to fictitious persons, the express companies or railroad companies being advised as to proper delivery. A package of liquor might be consigned to John Doe, and the carrying company would unhesitatingly deliver it to John Smith, who then claimed and paid for it.
