

FRIENDS OF BARR PART JUSTICE

Personal Attachments of Murdered Man Not Revealed by Those Who Know.

JEALOUS HUSBAND SOUGHT

Married Woman Who May Aid, Detectives Is Being Hunted—Names Are Withheld Pending Outcome of Secret Investigation.

Unwillingness of friends of Harry G. Barr to tell what they know about affairs in which new work is found to his murder, is throwing obstacles in the way of the detectives working on the case and lengthening out the road to the revelations which the officers confidently believe will come sooner or later.

That the clearing of the case rests upon a more intimate knowledge of the private affairs of the murdered man, is generally accepted, but the friends, with a mistaken idea of shielding his good name, are withholding the information.

No progress toward a solution was made yesterday, though Detectives Moloney and Carney worked indefatigably in running down a tangled mass of suggestions which lead to nothing. Without abating their efforts, they are looking to the probability of a "leak" which will give them their first opportunity to make progress. All the results to date have been negative.

No New Facts Known.

As the case stands at present, the known facts are these: In the regular course of his business, and without the slightest indication of an impending catastrophe, Barr left the Commodore Hotel about 8 o'clock Monday evening, taking a party of two men and a woman to the Hut tavern on Broadway, where they remained until shortly after 9 o'clock and a few minutes later Barr left, returning toward the city, to bring out, as he said, another one of his suits. It was the last time he was seen by anyone, so far as the investigation has been able to disclose. Ten hours later his body lay at the foot of the embankment at Death Curve, with a bullet through the brain and the car he had driven was found at First and Taylor streets, covered with his blood.

Jealous Husband Suspected.

Numerous rumors, suggestions and veiled facts pointed at once to the presence of a woman in the case, and that theory has not been lost sight of for a moment. The man, by disposition and by the nature of his calling, was thrown frequently into positions tending to involve him with women, and numerous instances have come to the knowledge of the officers, but none in such a form that they can be worked out without time and labor. One of these affairs was investigated by police officers some months ago, but the probe led to nothing and the facts in the case cannot be collected again.

Married Woman Living in Another City May Be Drawn into the Case Before Many Days Elapse.

A married woman living in another city may be drawn into the case before many days elapse, and the probability of a jealous husband or suitor having committed the crime appears to be growing stronger. Pending an opportunity to work out this clue, the detectives are holding secret the names involved.

BOWERS HOTEL PURCHASED

Wright & Dickinson, of Hotel Oregon, Take Over Family Hostelry.

Charles Wright and M. C. Dickinson, proprietors of the Hotel Oregon, have taken over the Hotel Bowers, possession having been acquired yesterday on a lease from the Bowers Hotel Company. They will operate it on the American plan.

In Speaking of the transaction Mr. Wright said: "Both Mr. Dickinson, who is now in the Washington hotel, and fitting designs for the New Oregon Hotel, and myself became convinced some time ago that Portland needed a high-class hotel, and we decided to consider ourselves fortunate in being able to take over the Bowers Hotel, which we propose to conduct with the same care and class as our other hotels. Many changes have been started and in a short time it will be appreciated by the better class of the traveling public. We have no doubt of its success and while it will be under our general direction, Charles H. Rowley, who has been popularly connected with its management, will be retained in his present position."

NEW GUIDE IS APPROVED

Chamber of Commerce Publishes Information for Home-seekers.

The Portland Chamber of Commerce yesterday issued a circular containing valuable technical information upon the public lands of Oregon. The pamphlet has received the approbation of the Government authorities. The primary purpose of the circular is to give complete answer to any inquiry that might come from prospective home-seekers regarding the character and abundance of public lands in Oregon. The areas of state and Government domain are carefully described and a brief exposition given of the homestead laws, Carey irrigation act, the timber stone and desert land act, as well as of the irrigation projects and the National forest boundaries in Oregon. Appended to the circular is a composite map of the State of Oregon, which is marked designating the transportation lines, military roads, irrigation projects, Indian reservations, forest reserves and official seats of the state, county and land office government.

Lane Speaks at Albany.

ALBANY, Or., Sept. 19.—(Special.)—Harry Lane, of Portland, Democratic nominee for United States Senator, spoke in Albany last night at an address which completely filled the Circuit Court room. Lane opened his address with a review of his work as Mayor of Portland and his experience with the needs of the people in legislative matters. He then discussed the tariff at length, saying that it was adopted with the best of motives to save the country in war time, but that it had been diverted from its original purpose and had become an onerous burden. He discussed the growth of trusts in connection with the tariff.

Fair at Hillsboro Opens.

HILLSBORO, Or., Sept. 19.—(Special.)—The fourth annual Washington

FISHING FOR JACK SALMON AND TROUT IN MOUNTAIN STREAMS AROUND BAY CITY AT BEST.

County Fair, school fair and poultry show opened here this morning and will continue for four days. The vegetable exhibits are good and the trout entries will be filled tomorrow and Friday. The poultry show is the best ever held in the county and has prize-winners from Salem.

BOND SALE IS FAVORED

CASH NEEDED TO FINISH NEW LINCOLN HIGH SCHOOL.

Board Also Recommends Award for Installing of Heating Plant at Ainsworth Building.

Recommendation of award for the installation of a heating plant at the new Ainsworth School and the authorization of the sale of \$150,000 bonds to defray the expenses of completing the new Lincoln High School were the principal business matters transacted by the Portland School Board at its semi-monthly meeting yesterday. Directors Campbell, Sabin, Fleischer and Beach were present.

The bonds were to be placed by the people on February 2. The bonds first will be offered to the State of Oregon, and if it does not desire to purchase them, the bonds will be placed in the hands of the County Treasurer for disposition, the date of sale being fixed as December 2.

It was decided to operate a cafeteria in the Lincoln High School under the supervision of the board and to place P. P. Mattson and his wife in active charge of the enterprise. Bids were opened for the installation of a heating and ventilating plant in the new Ainsworth School, and it was indicated that the contract would be let to Foster & Co. the lowest bidder, although the question was formally referred to the building committee. The bids were as follows: Coast Engineering Company, \$18,577; Cox & Timmerman, \$18,582; Foster & Co., \$4442; W. G. McPherson & Co., \$10,235; Pacific Heating and Engineering Company, \$10,433.

A petition was heard from the residents of Fernwood, some of whom were present under the leadership of Rev. Albert Elrgott, asking that the Fernwood School, at Thirty-third and Hancock streets, be supplied with all of the elementary grades up to the rank of high school. This question was taken under advisement by the board pending future development.

KELLAHER IS THROWN OUT

(Continued From First Page.) George Arthur Brown, chairman state central committee Progressive party, tonight rejected the nomination of Mr. Kellaher to the State Senate.

The letter of Mr. Kellaher to Mr. Moore, and which did not come before last night's mass meeting of Republican electors, was as follows: At the primary election the Republicans of the State of Oregon nominated me as their electoral ticket. As a candidate upon the ballot without my solicitation, I received the highest vote of any Presidential elector in the State of Oregon, and I am a large high-pressure area over the Pacific Northwest and northern Rockies.

NEW NOMINEES ARE INDORSED

Executive Committee Approves Rand, Metschan and Nottingham.

The executive committee of the Republican county central committee, at a meeting last night, indorsed the nominations of Phil Metschan, Jr., and John L. Rand for Presidential electors, and of C. W. Nottingham for State Senator. The committee also pledged its support of those candidates in the campaign.

MAHAFFEY TO MAKE RACE

Nomination for Railroad Commissioner Tendered Portland Man.

At a mass meeting of 150 electors at Arion Hall last night, E. P. (Pat) Mahaffey, of this city, was nominated by acclamation as an independent candidate for Railroad Commissioner from the Second Congressional District. J. W. Ream was chairman of the meeting and J. W. Stamper secretary. Short addresses were made by Arthur I. Moulton and J. B. Rhodes. In accepting the nomination, Mahaffey said he would make a hard fight to win the election.

Boy Tries to Cause Riot.

Salem, Sept. 19.—(Special.)—Elmer Beebe, sent to the State Training School from Umatilla, has been placed under arrest for the Sheriff of that County because of unruly conduct at the school and an effort on his part to cause a riot among the boys there.

100 SUFFRAGISTS IN LINE

"MADE IN MEDFORD" PARADE IS BIG SUCCESS.

Automobile and Horse Races at Fair Grounds Are Marked by Hard Contests.

MEDFORD, Or., Sept. 19.—(Special.)—With bands playing, red fire burning and the streets lined with people, Medford day at the County Fair culminated tonight with a "Made in Medford" parade, one mile long, in which 100 women suffragists of the Rogue River Valley were a special attraction. The parade was led by Miss Gladys Heard, secretary of the Medford organization, who drove an automobile decorated with sunflowers and filled with the babies belonging to Medford suffragists.

In 10 automobiles the other women followed with their cars covered with flags and streamers bearing the inscription "Vote for Women." A unique feature of the suffrage demonstration was a float burlesquing the anti-suffragist argument that the vote would mean a loss of home. Dressed in feminine garb, E. E. Kelly, C. L. Schlerf and Holbrook Withington, prominent Medford men, were washing the clothes, while a huge rag doll was being nursed with a whiskey bottle. The "Made in Medford" parade included floats of various descriptions representing suffrage industries, including merchandise, auto supplies, brick and concrete works and hardware and house furnishing jobbers.

At the rear of the parade 50 Medford women rode horses with white ribbon bridles and white ribbon trappings. After the parade a dance was given at the Natatorium, where the King and Queen of today were unmasked, and proved to be H. C. Kentner and Helen Row. The parade was a fitting close to a successful day. Nearly 5000 people besieged the County Fair, where horse and automobile races furnished entertainment for all.

In both the half-mile trot and the mile race, five heats to return the winner, while in the 16-mile automobile race for Jackson County cars a new record was established, when Harry Smith, also of Ashland, was second.

WEATHER CONDITIONS.

A large high-pressure field over the Pacific Northwest and northern Rockies.

Satisfaction in Heating

Does not mean merely having a furnace in your basement. It does not mean that your furnace must be built only one certain way. There are numerous good furnaces.

Satisfaction does mean: that the furnace is durable; that the heat is evenly and uniformly distributed and that the plant is economical. It takes brains to install a satisfactory heating plant.

We devote all our time to seeing that you get what you have a right to expect—SATISFACTION.

A 1852 The W. G. McPherson Co. Heating Engineers Main 852
