STANDARD ASSIGNS TRADE "SPHERES"

Witness Says Sales Territory of Former Subsidiaries Yet Is Dictated.

MOFFETT'S ACTION BARED

George Cheesbrough Declares After Dissolved Companies Were Re-organized Oil Company Director Named Officers.

NEW YORK, Sept. 23.—The Standard Oil Company, of New Jersey, is still assigning sales territory to oil refineries of its former subsidiaries outside of its own territory, according to testimony given today at the hearing of the Waters-Pierce-Standard Oil litigation by Kenneth Adams, assignment clerk of the New Jersey Company.

Adams was asked a series of questions by S. M. Fordyce, of St. Louis, counsel for the Waters-Pierce Company, in line with that company's contention there is no real competition among the Standard Oil Companies.

"Do you receive stock reports of any refinery other than refineries of the Standard Oil of New Jersey?" Adams was asked.

"Not that I know of," was the reply.

"Have you assigned stations or territory to refineries outside of the territory of the New Jersey Company?" "Yes," said the witness.

BAKER APPROVES ACTION

Ban on "Rag" Dances, Placed by Mayor, Is Favored.

BAKER, Or., Sept. 23.—(Special.)—The action of Mayor Palmer in putting the official ban on the "Texas Tommy," "Bunny Hug" and other "rag" dances at public dances here, is meeting with the approval of a large part of the citizens of Baker. In his order to the dance managers of this city, he asked for their co-operation in the matter of suppressing the indecent dances and threatened them with law enforcement in case they did not work toward that end.

The first body to indorse the Mayor's action is the First Baptist Church, with a membership of about 300. Their vote was unanimous. It is certain that other bodies are of the same mind and it is likely that some may follow the lead of the Baptist Church. A letter expressing their stand in the matter and their indorsement of the Mayor's action was sent to Mayor Palmer today.

STRIKE NEARS END

Armed Clash Is Not Wanted by 4500 Miners.

EMPLOYMENT AGENT QUILTS

His Resignation Causes Rejoicing at Utah Camp and Workmen Ask Governor to Take Steps for Peaceful Agreement.

BINGHAM, Utah, Sept. 23.—Developments today in the strike of the 4500 miners here favor a peaceable settlement instead of a clash between armed strikers on the canyon sides and the hundreds of Deputy Sheriffs.

Leaders of the strikers were elated over an announcement by the Utah Copper Company that Leclides J. Skirlis, employment agent, distasteful to the union men, has resigned. Following this announcement the strike leaders made an appeal to Governor Spry to bring about a meeting between them and the officials of the copper company to discuss settlement of their differences.

Secretary E. G. Locke, of the miners' local organization, said that the resignation of Skirlis foreshadowed an early settlement. Skirlis had been suspected by strikers of practicing the peonage system among foreign employes. The charge is denied by officials of the Utah Copper Company, who say that his resignation was accepted only because it would eliminate one of the grievances against the company.

The strike leaders said tonight that with Skirlis removed the struggle would be centered on the demand for a higher wage scale. Although the leaders of the strikers are encouraged over the outlook for a peaceful culmination Deputy Sheriff T. Schwetzer reported that a clash between the Greeks and deputies on guard at Upper Bingham was narrowly averted today. A number of Greeks gathered on the hillside opposite where the steam shovel lies idle and sent a shower of bullets down around the deputies. No one was hit but several had narrow escapes.

Only the efforts of the officers in charge of the deputies prevented the latter from returning the fire and precipitating a battle. Soon, however, the Greeks ceased firing and disappeared over the hill.

When officers of the local union were informed of the incident they declared it was the work of persons not in sympathy with the union.

Deputy Sheriffs patrolling the Bingham & Garfield Railroad, owned by the Utah Copper Company, reported the finding today of three boxes of dynamite beneath the Freeman Canyon bridge, a short distance below the Bingham depot. Union officials claim that none of their men is responsible, and that they have evidence that it was put there so it might be found and suspicion cast against the strikers.

Reports of the dynamite discoveries have been numerous, but in most cases where dynamite really was found it has been proved that the explosive was left by miners when they walked out.

RAZERS HAVE DOMESTIC JANGLE

Joseph Razner, of 575 May street, was arrested yesterday on complaint of his wife, Julia. The domestic estrangement dates back to the husband's return from hop-picking a week ago, when, he says, he was denied admission to his home. He says, further, that he has always treated his wife with kindness and consideration and is unable to account for her present attitude toward him.

MALHEUR FAIR IS HERE

Christofferson and Assistants on Scene Prepared for Flights.

ONTARIO, Or., Sept. 23.—(Special.)—The Malheur County Fair opens here this week, and the town is filled with the usual crowd that follows the fair circuits with the street concessions and horses.

Stilas Christofferson and two assistants arrived a few days ago with their Curtiss machine, and made a trial flight to test it out. They are to give two flights a day during the fair.

There are scores of cow men and ropers to engage in the Vaquero sports. For the ropers they have a carload of cattle imported from Mexico and some secured in the interior.

For the races the fair management has some classy trotters, pacers and runners, practically all the horses that were at Baker coming here, and a number of other stables.

PENDLETON FAIR WINS

UMATILLA - MORROW EXHIBIT ECLIPSES FORMER ONES.

PENDLETON, Or., Sept. 23.—(Special.)—With a record-breaking crowd in attendance, the Umatilla-Morrow County Fair was ushered in early this afternoon under the most favorable conditions in its history. With every inch of available space occupied by most attractive booths containing splendid arrays of grains, fruits, vegetables, livestock, poultry and manufactures, the pavilion presents a brilliant spectacle. De Caprio's band, of Portland, will be heard in afternoon and evening concerts throughout the entire week at the fair.

What is said to be the largest and most complete exhibits ever displayed on the Pacific Coast are offered by the State Fish and Game Commission. In the fish and game booths 40 varieties of live exhibits of wild birds common to Oregon are shown, as well as an assortment of 18 kinds of fish. Hatchlings of fish from eggs to the time they are grown and captured in seine or fish-wheel is cleverly presented by the Commission, and is proving a drawing card to the thousands of visitors.

Crops have never been as abundant in this section in years, and the specimens shown are consequently very superior. The east end of the county eclipses any of its former exhibits in fruit. Progress is noted especially in the Morrow County and West Umatilla County grain and fruit exhibits.

The total weekly attendance here fair to outdo all previous records, with the

ROUND-UP BEING STAGED

Round-Up being staged the afternoon of September 25, 27 and 28.

FISH DYNAMITING TO STOP

Reward of \$200 Offered for Offenders and Arrests Are Expected.

MEDFORD, Or., Sept. 23.—(Special.)—Two hundred dollars reward has been offered for the apprehension of "market fishermen" who are dynamiting fish along the Rogue River. District Game and Fish Warden Sandry reports finding ten pounds of dynamite and a coil of fuse on the bank of the river a mile this side of Gold Hill, near a boat belonging to Taylor Bailey. The dynamite was evidently used for destroying fish, for residents in that locality reported several blazes during the night.

District Attorney Mulkey has been called upon to make arrests, but as yet evidence has been lacking to warrant this. The reward has resulted in persistent search for offenders and arrests in the near future are expected.

DON'T FEAR SUNBURN
