

UNIONISTS TO DEBY DYNAMITING PLOTS

Attorney for Defense Says He Will Prove Body Used No Money for Explosives.

LETTERS ARE EXPLAINED

Term "Jobs" Said to Designate Work for Men and Not to Mean Dynamiting Plants of Non-Union Employers.

INDIANAPOLIS, Ind., Oct. 8.—What the defense will be in the trial of the 48 men accused by the Government of complicity in the "dynamite conspiracy" was outlined today by William N. Harding, attorney for the defendants.

Mr. Harding said it would be shown that the executive board of the International Association of Bridge and Structural Iron Workers never appropriated a dollar to be used for dynamiting. If anyone connected with the union directed the funds for any illegal purpose, the guilty persons, he said, it would be shown, were not among the defendants present.

Term "Jobs" is Explained. Referring to letters written by Frank M. Ryan, president of the Ironworkers' Union, to various business agents, which the Government quoted as showing that "jobs" was the term used to designate explosions against employers of non-union labor, Mr. Harding said it would be shown that "jobs" meant only new work which offered opportunity for union men to get employment. He added it would be upon the very letters which the Government quoted in the indictments that the defense would rest its case.

The District Attorney had just completed an address of 23 hours covering five days. In concluding he described the arrests of J. B. McNamara and Orrie E. McManigal at Detroit, saying that while in the hands of detectives McNamara had offered first \$5000 and then \$25,000 if he would free him.

McNamara said it was no use to arrest him, for behind him he had the Ironworkers' Union and the American Federation of Labor, said Mr. Miller. "He said he would raise \$50,000 and employ Clarence S. Darrow to defend him."

Clancy's Admission Read. Eugene A. Clancy, of San Francisco, a former executive board member of the Ironworkers' Union, was charged with having admitted to Government agents that he had been arranging for explosions at Los Angeles.

Clancy's statement as read to the jury by District Attorney Miller was: "I met J. B. McNamara at Seattle in response to a telegram sent from Indianapolis by J. J. McNamara, secretary of the union. I thought you were in the printing business," I said to J. B. He replied, "No, you know what I am here for."

Mr. Miller said it would be shown that J. B. proceeded to do the Los Angeles "job" with the assistance of Clancy and Olat A. Tretmoe, also on trial here. Tretmoe had acted as "paymaster" in handling the money for McNamara's expense and later with Clarence S. Darrow in handling the dynamites' expense fund.

BRANDED APPLE ARRIVES

North Yakima Woman Grows Jonathan with "O-W-R-N-X" Stamp.

A big, red-checked Jonathan apple with the familiar letters, "O-W-R-N-X" cast on one side is the novelty received yesterday by J. D. Farrell, president of the company, from Mrs. V. M. Persons, of North Yakima, Wash., an enthusiastic orchardist of that city. Mrs. Persons believes that the idea of growing the trademark of the railroad or of a business on the sides of red apples would be effective as an advertising medium. This result is obtained by covering the portion of the apple that is to bear the design with thin black paper of the design desired just before it begins to color. The covered portion remains white. After it ripens, the paper is removed, leaving the white letters in the body of red.

CHILDREN WILL PARADE

W. C. T. U. Will Prove That Portland Is Cosmopolitan City.

A children's "demonstration tour" has been planned for Saturday, October

13, as one of the features of the convention sessions of the National Women's Christian Temperance Union, which is to convene at the White Temple. This rally, to take place at 4 P. M., will be in keeping with the usual custom observed by the association at the yearly convention city. The costumed children will extend festive greetings to the visitors by forming a parade line to the church.

At the signal for entrance they will perform a grand march as they march up the church aisle, singing rally cries and waving their colored banners and flags. It is expected that at least 500 Portland children will be on hand to participate.

A special feature never before staged will be tried by the Portland women in connection with the parade of the children representing the 25 foreign nations in which the temperance union has chapters. Native costumes have been received direct from the foreign nations and the endeavor will be to obtain real foreigners to wear as many of the beautiful trimmed and colored national costumes as is possible. The women are so certain of the cosmopolitan qualities of Portland that they are promising to furnish native born children for over one-half of the foreign costumes. All of the localities adjacent to Portland will be represented with the Portland children in the coming demonstration.

Drill rehearsal for the entire programme will be held in the rooms of

Millionaire of Palm Beach and New York Declared to Have Twice Lost, After Winning First Bet He Placed.

NEW YORK, Oct. 8.—(Special.)—Much mystery attaches to the appearance before the Rosenthal grand jury

manufacturer of Aberdeen and Raymond, shot and killed City Detective Frank Welch, of Aberdeen, late on the night of June 3 last, in the yard outside Creech's home in that city. Creech did not know Welch. It was the theory of the prosecution that Creech was watching the house expecting to surprise there a certain man, a friend of Mrs. Creech and her daughter, but in the trial the judge would not permit testimony to be introduced to support this theory.

Mrs. Creech and her daughter testified on the night of the tragedy they thought some man was trying to break into the house; that they telephoned to police headquarters; that Welch came to the house, and after searching the house and grounds for the supposed intruder was departing when Creech shot him.

Vengeance Is Feared. In behalf of Creech it was brought out that he dreaded the vengeance of members of the Industrial Workers of the World on account of his attitude toward them during the Raymond mill strike, and that he carried a pistol and was ready to shoot because he was fearful of attack.

Creech testified that Welch, without telling who he was, commanded him to hold up his hands, and that he feared he was about to be robbed or assaulted. Terming the Aberdeen police force

WOMAN IS SHOT AS BUNDS LOOK ON

Young Canadian Fires Three Times at Wife in Crowded Hotel Restaurant.

SUICIDE THEN ATTEMPTED

Bullets Lodge in Woman's Arms and Though Wounds May Not in Themselves Be Serious, Blood Poisoning Is Feared.

VANCOUVER, B. C., Oct. 8.—In the large dining room of the Strand Hotel, one of the most fashionable in the city, Cleo Boulanger, a young French Canadian, shot his wife and then turned the revolver upon himself, inflicting probably fatal wounds, this afternoon. Both are in the general hospital, where Boulanger is expected to die. His wife is not seriously wounded, but blood poisoning is feared.

Mrs. Boulanger said she came here three weeks ago to escape her husband and he followed her from Grouard, Alberta, but originally from Montreal. She said that she left him because of cruelty, and that he was imploring her to return.

Consternation reigned in the restaurant, which was crowded with women shoppers of Vancouver's smart set. The couple had not more than five minutes' conversation at the table until the man's voice rang out with the words: "I want you to go with me." Her refusal was given in a low tone, and five shots rang out in rapid succession.

Shrieking women sprang from their seats and the waiters rushed at the man. The first three shots, aimed at the woman, lodged in her arms; the second two entered the man's head. It was a 22-caliber automatic pistol.

Boulanger has a brother in Grouard, Alberta, Dr. Joseph Boulanger.

MURDER TRIAL OPENS

SUSIE OWENS FACES CHARGE OF SLAYING CELESTINO.

Father of Victim Principal Witness for State—Woman's Character May Be Big Factor.

Pietro Celestino, father of Charles Celestino, victim of the shooting, was the first and principal witness called by the state in the Susie Owens murder trial yesterday. He was an eye witness of the shooting and declared that it occurred after he had ordered the defendant to leave his home and quit bothering his son. Celestino testified that neither he nor his son placed hands on the woman, but that she drew the revolver and shot Charles and would have shot him also had he not wrested the weapon from her.

In his rage he had knocked the woman down. He admitted that he might have treated her very roughly, but declared that the sight of his boy writhing on the porch was ample justification for his fit of passion.

Owens surrendered herself at the Court-house within a few minutes of the tragedy, which occurred July 12, she showed evidence of an encounter. Celestino declared that he had several times told the defendant that he would not permit his son to marry her because of her character.

In his opening statement Attorney John Manning, defending, told the jurors that he will prove that his client shot only after she was attacked by the father. She had shot him blind, not knowing which one she was going to hit or whether she was going to hit either. The attorney declared that Charles Celestino led the woman astray, induced her to get a divorce from her husband, placed her in a compromising position three times and refused to marry her.

He stated that the defense will show that Celestino purchased drugs for the woman.

Albert B. Ferrara, special prosecutor, made the opening statement for the state, promising that if the defense tries to show the woman's good character and reputation, he will call as witnesses 10 men who will testify to the contrary. Mr. Manning impressed this promise on the minds of the jurors and predicted that Ferrara would not make good. He said the defense will put in testimony regarding her reputation.

YOSEMITE IS TOWED IN

PASSENGERS FOR LOS ANGELES PROCEED ON KLAMATH.

Government Inspector Orders Investigation of Captain's Judgment in Continuing Voyage.

SAN FRANCISCO, Oct. 8.—The steam schooner Yosemite, whose 29 passengers were taken off by the steamer Beaver, Saturday, 25 miles off the Oregon Coast, arrived here today, in tow of the steam schooner Klamath. Her rudder was broken below the water line in striking the bar in crossing out of Grays Harbor. In addition to the Klamath, the steam schooner Bee assisted in towing the crippled vessel to San Francisco.

The passengers of the Yosemite proceeded south on the Klamath. Captain Nelson, of the Yosemite, has been demanded by United States Supervising Inspector Bulger, who takes exception to Nelson's action in proceeding on his voyage after having lost his rudder in crossing the Grays Harbor bar. After two jury rudders had been carried away by the heavy seas, the Yosemite's passengers were transferred to the Beaver and brought to this port.

Bulger's letter to the local inspectors directs them to examine and bring his charges against Nelson, and concludes: "In my opinion he used very poor judgment in not returning to the safest port in this case Astoria, instead of jeopardizing the lives of some 20 passengers and the cargo and crew under his jurisdiction."
