SAN FRANCISCO, Oct. 8.—(Special.) —The Seals and Beavers engaged in a baseball combat out at Recreation Park today just like the one contested by the Red Sox and Giants in New York before 40.000 wild-ored fans. All the players wore regulation gloves similar to those of the champions, and round baseballs and lone bats were present into survice.

of the champions, and round baseballs and long bats were presend into service. Outside of that—but what's the use of making odious comparisons? The seals beat the Beavers S to 2. The game was devoid of interest, and the gathering of fans shivered for a couple of hours before it was over. Davy Gregg was punmeled to all corners of the lot, and one spot out of it, On the other hand, Al, Bonner was ef-fective enough to put the game right

fective enough to put the game right on ice. The hero of the fray was Kid Moh-ler, of "come-back" fame. He went to the bat four times, singled safely three of them, and walked the other. In ad-dition, he stole two bases and handled six chances in the field without the semblance of an error. Fact is, all the Seals took a whack at the ball. As early as the third inning the scoring started, and then they made it 4 to 9 in the sixth. The Beavers took a lease on life in the seventh with one run, and scored again in the last. In the meantime the Seals piled up the other four runs that made up the uneven score. Score:

Real economy begins by using Edison MAZDA LAMPS, the lamp that gives two and one-half times as much light for every cent you pay for using the ordinary incandescent lamps.

This light is economical, clean and safe, and the saving thus made allows you to operate an electric iron, toaster and coffee percolator without increasing your bills.
