# NORMAL ONION CROP

Oregon Will This Year Produce 389 Cars.

An estimate of the Oragon onion crop has been made by A. J. Fanno, president of the Confederated Onion-Growers' Association, after a careful investigation of conditions.

Mr. Fanno finds that the 572 acres devoted to enion culture have produced 389 care. The crop is now hearly all safely harvested. Set the growers have experienced a shortage of labor.

This total for 1912 compares with 529 is acres and 370 cars of onlone produced last year. Of the 1911 crop, 72 cars were sail for seed, while only 36 cars of seed onlone were grown this year. Nine cars of the commercial crop have already been dispected of the f. o. b. price being 75 cents. More business could have been done, but for the car shortage.

The crop this season would have been larger had the weather been more favorable. Bains and cold weather in the growning season cut down the total output. All

The hop market is firmer with an in-creased demand for the best qualities, which are scarce. Buying yesterday was on an active scals, up to 18% cents being paid in Oregon for the best grades. Poor apples sold as lew as 15 cents. At the latter fig-ture considerable business was done in the

Stafford section.

Offers of 19 and 20 cents were made for the best Yakima hops, and 1715 cents was hid there for lower grades.

The California market reached the 20-cent mark, according to the day's wires, which reported the sale by H. L. Hall of 300 bales of Sonomas at that figure. The Hall crop was pronounced the best in the Sonoma section. He also raised the best hops grown there last year. in New York State there was a firm mar-

## The Broad View

T IS only by getting the broad view of business throughout the country that we can safely lay plans for the development of our respective industries.

Realizing that it is difficult for a busy man to keep himself thoroughly posted on the entire business situation, we have been issuing on the last day of each month a general letter on trade conditions and a business forecast, which is in brief a digest of all obtainable information on basic business conditions. This letter is sent to the business men of this city who desire it with the compliments of this bank.

Bearish Crop Report Gives Market a Setback.

## SUPPORT BECOMES LIMITED

War News Loses Its Power to Stimulate Buying-Closing Figures Are Nearly the Lowest

CHICAGO, Oct. 10 .- Wheat came down in

CHICAGO, Oct. 10.—Wheat came down in price today as a result of the Government report, estimating the crop this season to be nearly 100,000,000 bushels larger than last year. The market closed steady.

It was evident from the start that wheat would have to suffer a material setback, support accordingly became limited and more and more deliberate. Longs of the lith-hour sort were forced to sacrifice their holdings, as war news appeared to have lost the power to stimmate buying. The close was at nearly the lowest figures of the day. At the end corn showed a net loss of 16 % to 1c.

Outs closed at a decline of %c to %c. Provisions finished unchanged to a decline of 42 %c.

The leading futures ranged as follows:
