

## DEPUTIES FIRE ON BINGHAM STRIKERS

Bloodshed Ensues and Truce Existing in Copper Mining Strike Is Broken.

## VENGEANCE IS THREATENED

County Attorney Reaches Camp to Investigate Charge That Officers Have Committed Grave Excesses.

BINGHAM, Utah, Oct. 11.—An attack on a Greek village settlement by 50 deputy sheriffs, which resulted in bloodshed, and several minor disturbances today completely broke the truce that recently prevailed among all those involved in the copper miners' strike. Excitement reached its high pitch tonight. Streets were crowded and threats of vengeance were made openly by the strikers.

A mass meeting called by local business men was held today so that those desiring to return to work might discuss the situation. Precautions were taken to prevent trouble with those not in sympathy with the movement.

Both the Utah Copper Company and the Utah Consolidated Mining Company managed to make considerable headway today. Twenty-five trainmen and several bridge carpenters returned to work for the former company. The first trainload of ore was shipped to the Magna mill. The Utah Consolidated Mining Company, according to officials, has over 60 men at work.

### Deputies and Greeks Fight

Shortly after a steam shovel began operation today at the Utah Copper Company's pit, Greek strikers congregated at their settlement, which faces the excavation. Deputies closed in upon them from all directions, while others stood at the top and bottom of the canyon with rifles trained upon the crowd. A partially completed trench, which the deputies assert was intended for breastworks, was discovered. While some of the officers dispersed the crowd, others searched the houses. Several weapons were seized. One Greek was killed by a blow over the head with a rifle. Another was shot through the leg, which was almost torn off. He may die.

Assistant General Manager Gemmill, of the Utah Copper Company, who arrived today, witnessed the attack of the deputies. General Manager Jackling expressed regret tonight that anyone had been injured.

"The company is trying to do everything in its power to avoid conflict," he said.

### Charge Made Against Deputies

County Attorney Will arrived in the camp tonight to investigate charges of lawlessness made against the deputies by the union leaders. They charge that the men were assaulted without cause, and that trunks were broken open by raiding deputies and more than \$700 of the men's savings stolen. They say the man who was shot had been searched and his rifle taken from him while walking away was fired on. In addition they charge the deputies with carrying on a campaign of intimidation to force the men to return to work. The deputy sheriffs in charge here say the shooting resulted from the accidental discharge of a rifle.

Workmen at the Garfield smelter of the American Smelting & Refining Company reported today that they had been asked to sign an agreement to remain at work if the smelter should handle non-union ore from Bingham. Those who refused to sign, it is said, were discharged.

## WIFE SUES FOR DIVISION

Woman Sues ex-Idahoan Sold Property Before He Disappeared.

LOS ANGELES, Oct. 11.—(Special.)—Mrs. Ida L. Dickey, wife of ex-Mayor Dickey, of Burleigh, Idaho, and who is now a permanent resident of San Diego, filed a suit this morning for a portion of her husband's \$250,000 estate and for separate maintenance. Mrs. Dickey asserts that she is in need of funds and that her husband has not provided for her since he disappeared from their home in 1910 and went to San Diego.

Mrs. Dickey alleges that while her husband was Mayor of Burleigh he beat her and on one occasion choked her until she became unconscious.

Mrs. Dickey asserts that her married troubles came to a climax when her husband sold all their realty holdings and stock and bond interests in Burleigh and went to San Diego.

### Confiscated Nets to Be Used.

ASTORIA, Or., Oct. 11.—(Special.)—Under instructions received from the State Fish Warden, Deputy Warden Sweet today turned over two of the boats and nets that had been confiscated for illegal fishing to Ernest Kankkonen, manager of the Co-operative Packing Company. These boats were owned by Jacob Maki and Alexander Janson, and the Maki Bros. The one owned by Andrew Juola being still in the hands of the department. These boats and nets were held by the department as replevin for \$1000. The turning over of the gear today does not mean it has been redeemed, but Mr. Kankkonen is responsible for it to the department, until a definite decision is reached. This action was taken so that the gear can be used pending a final adjudication of the case.

### Newburg Lawyer's Son Guilty.

OREGON CITY, Or., Oct. 11.—(Special.)—Richard Baxter Liville, 18 years of age, son of prominent lawyer of Newburg, pleaded guilty to a charge of passing a forged check in Circuit Judge Campbell's court. The young man declared that it was his first offense, and promised not to violate the law in future. Judge Campbell gave the prisoner a severe lecture, after which he paroled him.

### Alaska Seal Herd Increasing.

OREGONIAN NEWS BUREAU, Washington, Oct. 11.—Alaska seal herds, under the protection offered by the existing International agreement prohibiting pelagic sealing, has shown an increase from 27,723 in 1911 to 28,778 in 1912, according to the report made by the Bureau of Fisheries today, based upon the census taken the past summer.

### Skookumchuck Bridge Assured.

CENTRALIA, Wash., Oct. 11.—(Special.)—The Lewis County Commissioners yesterday decided to build a new bridge over the Skookumchuck River just west of Centralia, the increased travel into the city from the west making the structure a necessity. The new bridge will be 24 feet in width, of steel construction.
