

COLOMBIANS TRIES TO SEE COLONEL

Luis F. Molina Insists He Will Travel on Train With T. R. to New York.

THEFT OF PANAMA CHARGED

South American Writes Note to Roosevelt Telling Him That He Hopes He Will Remember "Greatest Offense of Career."

CHICAGO, Oct. 20.—An attempt to see Colonel Roosevelt was made at the Mercy hospital shortly before midnight tonight by Luis F. Molina who gave his address as Bogota, Colombia, and said that he was a secret diplomat, representative of the Colombian government. He was stopped by the guard detectives and city police who were on duty.

Molina said he would go to New York on the same train with the Colonel and would see him there or would follow him to Oyster Bay. He exhibited a ticket to New York that would entitle him to travel on the train taken by the Colonel. He also displayed a large roll of bills. The detectives after questioning Molina permitted him to depart. Colonel Roosevelt knew nothing of the attempt to see him.

Note Follows Flowers. Molina sent a box of flowers to the Colonel and followed them with a note written on a postal card. It read: "Colonel Roosevelt—I sincerely desire your complete recovery. I sincerely desire you are lying on a bed of pain remembering the Almighty God and how easy it is to disappear from the earth. After this remember your greatest offense was in your official career—the robbery of Panama from Colombia. Try to remedy this iniquity and God will protect you. The detectives said Molina was not named."

Molina said he came from New Orleans especially to see the Colonel as soon as he heard of the shooting. He said he followed him in the West during his last speaking tour from Texas to California.

His letter to the Colonel follows: "I have hurried from New Orleans on the expectation of being able to express to you personally my sympathy in your misfortune. This privilege, however, has been denied me. Nevertheless, I would like to convey to you the sentiment of the noblest people in South America and to inform you, Colonel, that a time has come for your meditation on the blackest spot in the history of your life."

Roosevelt's Decline Predicted. "Remember, Mr. Roosevelt, that although you are and have been a great world citizen, your entry into civilization from Africa and the homage you received from the world were marred by the refusal of your voice to return at Rome to see you. This material demonstration of a divine will to humble your pride will serve to call to your mind the fact that although you might have been proclaimed in a hypocritical way the greatest man since the time of Napoleon, your star has been descending and will continue to descend until you reach the conscience of the most atrocious and wicked act you ever committed in your life."

"We Colombians hope to see you elected for a third term President of the United States. You injured us supremely but we trust in God and he will certainly touch your heart and compel you to return to us, the sovereignty of Colombia over Panama, our rebel state. "God help you, Mr. Roosevelt, to recover fully. I have come expressly from New Orleans to speak to you personally but this opportunity has been denied me. I will see you however, at New York."

GOV. JOHNSON GOES EAST

Candidate Says He Will Take Up Colonel's Burden.

CHICAGO, Oct. 20.—Governor Johnson left here today for New York, where he will complete arrangements to fill Colonel Roosevelt's speaking dates in the East during the rest of the campaign and to direct the fight. The complete itinerary has not been given out, but it will embrace New York, New Jersey, Massachusetts, Maine, New Hampshire, Connecticut, Delaware and Pennsylvania. He expected to spend a week in each of these states and another in Massachusetts. He will travel by special train.

Before leaving the Governor issued a statement directed to the citizens of California, explaining his reasons for returning to the East. It says in part: "My campaign in the East was concluded last night in Chicago, and my preparations had been made for departure today to arrive in our state Wednesday next. I had expected to devote the rest of the time before election in California."

"The attempted assassination of Colonel Roosevelt has completely altered all of our plans and as the Vice-Presidential candidate of the Progressive party I have been asked so far as I am able to take up the burden that Colonel Roosevelt was so ably and so bravely carrying and continuing the campaign until its close, as had been contemplated by him. I had felt that it was my duty to return to my native state and I was very loath to remain longer absent but my enlistment in this cause for which we strive was not for a day but for all time, and when the leader of that cause was suddenly stricken and I found him helpless here, it seemed to have fallen to me to bear part of his burden and to continue the struggle as we had planned for him to do."

Questioned as to the application of a California law providing that a Governor leaving the state for more than 30 days automatically loses his office, thought of as Vice-Presidential candidate, giving him permission to use his discretion about absenting himself from the state was retained, and that he would be safe in remaining away.

TWO CYCLISTS ARE INJURED

Woman Sustains Broken Leg When Motorcycle Hits Wagon.

W. Fashing, of 761 East Twenty-seventh street, and Miss M. Harris, of the New York Apartments, at East Seventh and Belmont streets, were injured late Saturday night when the motorcycle on which they were riding ran into the rear of an unlighted wagon at Milwaukee and Bybee streets. Fashing was taken to his home, but Miss Harris, with a broken leg, was removed in the Red Cross ambulance, to St. Vincent's Hospital.

POLICE GUARD ARRANGED

Strong Escort to Accompany Train to Indiana Line—X-Ray Photographs Taken to Discover Condition of Bullet.

(Concluded From First Page.) The patient's condition to be excellent. No trace of sepsis was found. All arrangements are complete for Colonel Roosevelt's departure.

Police to Guard Route. At 7:30 o'clock tomorrow morning a big automobile will drive up in the courtyard of the hospital. The block will be cleared and policemen will be on the low roofs of adjoining buildings. Colonel Roosevelt will be driven slowly to the station. A private entrance to the train floor will be guarded by policemen and the street for 100 feet either way will be closed.

Attached to the regular train will be the second car, in which will be the traveling correspondents and the physicians. Colonel and Mrs. Roosevelt, Miss Ethel and Theodore, Jr., and Mrs. Longworth will occupy the Colonel's car. Dr. Alexander Lambert and Dr. Terrell, the Colonel's physicians, will be quartered with the newspaper men in the second car. A bell cord will be arranged so that the patient from his bed can summon either physician direct at any time. The doctors, Mrs. Roosevelt, Miss Ethel and Theodore, Jr., and Mrs. Longworth will occupy the Colonel's car.

It is the present plan to proceed through New York direct to Oyster Bay. Colonel Roosevelt was taken today to the operating room for a last X-ray photograph by which the doctors expect to note whether the bullet has proceeded far enough that the missile will appear to be thrust away from the broken fourth rib.

Special arrangements for the protection of Colonel Roosevelt when he leaves Mercy Hospital were announced today by Assistant Chief of Police Schuetter. The assistant chief of police will lead 35 patrolmen, who will guard Colonel Roosevelt en route from the hospital to the railway station. A force of detectives will guard him until the train passes the Indiana state line.

Bullet in Outside of Rib. The position of the bullet that so nearly cost Colonel Roosevelt his life was fixed with precision today for the first time. The X-ray photograph showed that the bullet lay on the outside of the broken rib. Until this photograph was taken, the physicians had been unable to say positively whether it was on the outside or inside the rib. "We know definitely that the bullet lies outside the rib, where it can do no harm," said Dr. Lampert. "It lies in a spot precisely through a small incision, should Colonel Roosevelt desire to have it removed at any time. It is a matter of his own preference."

When the dressing was removed today it was found to be stained with blood mingled with the discharge of serum. "The discharge is from the entire infiltrated tract," said Dr. W. B. McAnley. "In such a case as this white corpuscles of the blood are deposited over the surface of the wound to form a protective wall. When the inflammation subsides, permanent tissue begins to grow to fill up the wound. The white corpuscles dissolve and are discharged as serum."

T. R. PARTY NOT THIRD

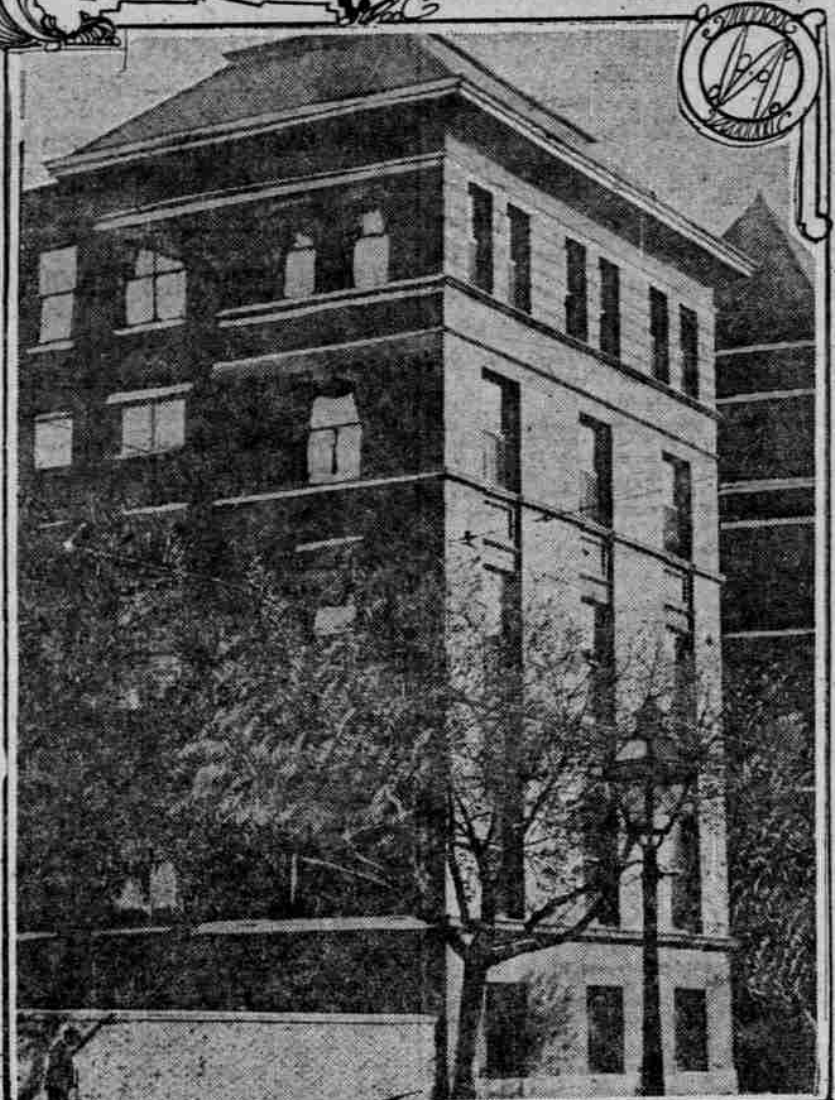

SEIDEL SAYS BULL MOOSE SHOULD BE RANKED FIFTH.

Socialists and Prohibitionists in Field Before New Body Was Organized, He Says.

SAN FRANCISCO, Oct. 20.—Emil Seidel, ex-Mayor of Milwaukee, now candidate for Vice-President on the Socialist ticket, addressed a large audience here today. His speech was devoted in part to advocacy of the sliding scale of hours of work, so regulated that all unemployed men would be allowed to work.

"It is a mistake to speak of the so-called Progressive organization as the third party," said Mr. Seidel. "It is the fifth party, as the Socialist, Republican, Democratic and Prohibition parties already were in the field. You wouldn't call your fifth child your third because it made more noise than the others, would you?"

"An old-time politician once told me that Socialists were the same as others, and that every man had his price. I agreed with him. The only difference is, that Socialists have a higher price, and they won't compromise until they have everything."

OFFICIALS TO TESTIFY

PROSECUTION OF L. W. W. MEMBERS TO BE PUSHED.

State Thus Far Has Offered No Testimony Bearing on Actual Killing of Girl.

SALEM, Mass., Oct. 20.—District Attorney Atwill plans this week to rush the prosecution of Joseph Ettor, Arthur Giovannitti and Joseph Caruso, members of the Industrial Workers of the World on trial here for the murder of Anna Lepiano, a mill operative, at the time of the Lawrence textile strike.

When court reconvenes tomorrow morning testimony will be presented by officials of the city of Lawrence, mill employees and officials who had to deal with the disturbances attendant upon the industrial warfare which prevailed last winter.

Thus far no testimony has been presented relating to the actual killing of the woman, the commonwealth having sought to establish that Ettor and Giovannitti aroused the strikers to disorders in which Anna Lepiano lost her life. Caruso is charged with being a principal in the actual killing. The testimony of the prosecution probably will be concluded this week.

Counsel for the prisoners says it has possession of documentary evidence tending to show that Ettor and Giovannitti counseled against violence and that they sought to prevent disturbances and bloodshed.

expect to carry Illinois or any other important state, with the possible exception of California and Kansas. From sources close to the candidate it is learned that Colonel Roosevelt will be satisfied if he can complete the demoralization of the Republican party.

Loyalty Is Predicted. "It remains to be seen how many Republicans are willing to assist in completing the demoralization of the Republican party and handing the reins of government to the Democrats who crave more desire for revenge. I believe that the Republican party will be found, as a whole, too patriotic, too loyal to its principles and its traditions to justify in its attitude toward public servants whom it has entrusted with duties faithfully performed to commit hari kari in the form and for the objects indicated."

"Every mail brings assurances that those who have strayed are returning to the fold and in every state in which the Republican party is not disfranchised, old time majorities will be rolled up for the Republican candidate."

Course Advised by Hill. Admittedly the Taft people could previously have put their electors on the ticket by petition, but it is said that in refusing to do so, they acted under instructions from C. D. Hill, chairman of the National Republican committee. It is surmised that the republican leaders realized they had small chance of carrying California at the best and that they had decided if they had to go on the ticket as anything else than the regular Republican ticket, they might as well be missing.

Consequently, the Taft people have given up any fight that they had intended to make. The Roosevelt Progressives are represented by a state committee of which Daniel A. Ryan, once a Republican candidate for Mayor of San Francisco, is the chairman. J. O. Davis is chairman of the Democratic committee.

The Taft Republicans have continued their state organization, and as such are recognized by the National Republican committee. Gustave Brenner is chairman of the Taft committee, and

chairman of the Taft committee, and when S. A. Perkins, of the National committee, came to the state to select a National committeeman from California in the place of Russ Avery, selected at Chicago but turned Republican, Philip A. Stanton, of Los Angeles, a Taft man, was named.

Since the visit to the state of John M. Harlan and Adam Bede, Republican campaign speakers, the Taft people have not turned a wheel in the fight. The Roosevelt Progressive Republicans had planned a big speaking campaign of California orators to conclude with a grand rally after the return of Governor Johnson. This programme has been broken, due to the shooting of Colonel Roosevelt. Governor Johnson will be required to fill Eastern dates, while the Roosevelt Progressives will have to use Francis J. Heney as their biggest card.

Democrats Well-Off in Funds. The Democrats are apparently well supplied with money, which cannot be said for the Roosevelt forces, in view of the way the latter organization is pleading for more funds.

The Democrats have been disappointed in their speakers, to some extent. It was expected that Governor Wilson would be able to visit the Golden West, but at the last moment he was forced to turn back from Denver. Whether Champ Clark will come is not certain, but Thomas R. Marshall, Governor of Indiana and the Democratic candidate for the Vice-Presidency, will make a whirlwind campaign throughout the state beginning next week.

The state Democratic committee has a big publicity bureau in San Francisco and is organizing hundreds of men and women's clubs to burrah for Wilson.

The Wilson forces are evidently encouraged by the number of letters on file from life-long Republicans who have announced their intention of casting their votes for the Democrat. Groves, L. J., father of Governor Johnson, and John D. and Rudolph Spreckels are among the better-known of the Republicans who have announced publicly that they will support Governor Wilson.

As has been said, it remains to be seen how serious will be this defection.

Added Advantage Given by Johnson Machine Will Be Offset by Defection of Regular Republicans to Democrats.

SAN FRANCISCO, Oct. 20.—(Special.)—California is facing a peculiar state of affairs so far as the National campaign for the Presidency is concerned. The Supreme Court having denied the Taft or regular Republicans the right to have their electors on the ballot November 5, the campaign has dwindled down to a fight between the Roosevelt Progressive or "Bull Moose" Republicans on the one hand and the Democratic forces on the other. Roosevelt Progressives in this state are not to be known as an outside or third party, but the electors on the regular Republican ticket are pledged to vote for Colonel Roosevelt. That gives the Roosevelt Progressives a leverage that would give them the chair and has made the fight so close that astute political wiseacres are refusing to predict which of the forces will win out when the votes are counted.

"It will be a close election," is the most that close students of the situation will say.

Suffrage Vote Favors Colonel. Before the Supreme Court of California decided against the Taft Republicans, a New York paper took a poll of the state. There were 27,000 votes on this snap tally, divided as follows: Roosevelt, 11,900; Wilson, 9,900; Taft, 6,000.

The fact that women have the right of suffrage is likely to make some difference, but just how much can only be surmised. If anything, the advantage will be in favor of the Roosevelt forces, for women, as a rule, like style and dash that is affected by the Colonel.

Added to that, there is unquestionably an advantage to the Roosevelt forces in the fact that Governor Johnson is a Vice-Presidential candidate for the Roosevelt Progressives. Governor Johnson has a large personal following throughout California and, in addition, his strong political machine, particularly that of the waterfront in San Francisco, is aiding the Roosevelt forces.

The Taft forces have abandoned all pretense of making a political fight. The leaders have decided that it would not be practical to urge the voters to elect the names of Taft electors and will allow the rank and file of regular Republicans to do as they please.
