

GREEKS IN BATTLE ABOUT 6000 TURKS

Heavy Artillery Duel Precedes Infantry Charge at Ellasona.

SIEGE GUNS ARE CAPTURED

Army of Thrace Ordered to Advance on Bulgaria—Turks Concentrating Near Mount Olympus—Sea Fight Waged.

LONDON, Oct. 20.—An order has been given to the army of Thrace to take a vigorous offensive movement against Bulgaria, according to a Constantinople dispatch to the Daily Telegraph.

The Athens dispatch to the Telegraph says that after a preliminary artillery duel between the Greeks and 6000 Turks at Ellasona, the Greek infantry charged repeatedly and finally dislodged the Turks, capturing their siege guns.

Turks Retire to North. The Turks retired to the north. It is estimated that 10,000 Turks are concentrating at Servia, Macedonia, 29 miles from Mount Olympus, with strong artillery.

The Montenegrins have captured Nueva and Gushin, but they are regarded as minor affairs and no real resistance was offered.

The Turkish warships fired one hundred rounds at Varna, but without effect, says a Sofia dispatch to the Times. Two Bulgarian torpedo boats then issued from the harbor and engaged the Turkish fleet on one ship of which withdrew. It is believed she was struck by a torpedo, but not seriously damaged.

Bombardment Is Harmless.

Eventually the Turks proceeded to Balthik, 25 miles to the north, where they indulged in another harmless bombardment. They then returned to Varna, but kept at a respectful distance, apparently fearing mines.

At nightfall the Bulgarian torpedo boats came out again but no engagement was reported. The Turkish squadron was at Varna on Sunday, but did not open fire.

Another dispatch to the Times says that a Bulgarian column from Koesfendi captured Djumala, Mahala and Bankovo in the Bazarlik district, without resistance. Several villages were burned by the retreating Turks.

A Saloniki dispatch, dated October 18, says a battle between Turks and Servians was in progress north of Pristina.

Holy War Is Feared.

An interview with Kiamil Pasha, president of the council is sent by the Constantinople correspondent of the Chronicle. Protesting against King Ferdinand's attempt to make a holy war of the struggle, Kiamil Pasha expressed fears of the intervention of a certain armed power which he thought might attack Turkey's Asiatic provinces, now vulnerable because the troops have been drafted from there into European Turkey.

"I am convinced that Europe's boasted humanity is only that of a puppet to strike at Turkey's heart. I hope that England will be true to her splendid past and stand by us unflinchingly against the approaching danger of national peril and prevent our being absolutely crushed."

"As an old man with one foot in the grave, I express with all seriousness the fear that the Balkan war will be the prelude of a gigantic struggle involving Europe."

Turks Defeated Is Reported.

A dispatch from Sofia says there is an unconfirmed report that the Turks have evacuated the outer lines of fortifications around Adrianople.

Because of the proximity of the Turkish fleet, the government has ordered that the light of the Varna light house be extinguished.

The Sofia newspapers say the Turkish bombardment of Varna was contrary to international law and the Hague convention because the Black Sea is neutral water. They declare also that the Bulgarian government expects the powers to intervene.

The semi-official Mir says that the powers are negotiating to establish the neutrality of the Black Sea.

TURKS BEING DRIVEN BACK

Servians Under Crown Prince Take Strategic Position.

BELGRADE, Oct. 20.—The Serbian army, under the crown prince, has captured Rulya Heights, a strategic position south of Bujano Ratz, some miles below Vrnja.

An official report from the general staff at Nish says the Servians have taken all the trenches in the Turkish territory around Vrnja and the Turks have been driven across Morava Valley.

Details have been received of a treacherous act by Albanians on the Serbian posts near Tropatit, 40 miles south of Nish, on Thursday. Albanian irregulars, who constituted the attacking party, were repulsed and hoisted a white flag. A Serbian captain with a white flag approached and the Albanians opened fire, killing 12 men and wounding 40. The Serbian artillery immediately shelled the enemy, killing 200.

GREEKS PUT TURKS TO ROUT

Prince Constantine Leads Army in Victorious Clash at Olympus.

ATHENS, Oct. 20.—After a four hours' engagement yesterday, the Greeks dislodged the Turks from the strong positions they had taken in the defense of Ellasona, at the foot of Mount Olympus and occupied the town. Crown Prince Constantine was in personal command and received a baptism of fire. The Greek troops showed great courage. Their losses were small.

The Turks retired toward Sarandoporo Pass, where the main forces had concentrated. The Greeks occupy all the heights to the north of Ellasona and a decisive battle is imminent.

BULGARIAN ADVANCE GENERAL

Turks Driven Back to Forts at Adrianople—100 Are Prisoners.

SOFIA, Oct. 20.—The Bulgarian forces operating against Adrianople have driven the Turks to the forts forming the outer line of the defenses. They took 100 prisoners.

The general advance of the Bulgarians continues. Several positions on the heights were taken at the bayonet point. In the villages the Turks are setting Bulgarian officials and holding them for ransom.

AUTO SHOWERS FIRE

Twenty Burned, Two Seriously, When Tank Explodes.

MAYOR IS AMONG INJURED

Fireman and Electrician Are in Dangerous Condition—Car Catches Fire When Being Demonstrated in Garage.

PETALUMA, Oct. 20.—(Special.)—More than 20 persons, including members of the volunteer and paid fire department and the mayor of the city, were seriously burned at 9:15 o'clock today when the gasoline tank of an automobile exploded on upper Main street, in the heart of the business section.

The car caught fire while being demonstrated in the Misner garage and as soon as help could be secured the burning car was pushed from the garage to the street. While this was being done the fire alarm was sounded. A great crowd gathered.

Gasoline Tank Explodes. Without warning the tank exploded, tearing the machine to pieces. People were struck with flying pieces of wood and machinery, while firemen who were trying to extinguish the flames and they and many bystanders were covered with gasoline were seriously burned.

The news quickly spread throughout the city and in a few minutes after the accident the city ambulance, automobiles and other vehicles were called to carry the injured to the Petaluma Hospital, where City Jailor Mott, driver of the hose wagon, and Morris Hickey, chief electrician of the Pacific Gas & Electric Light Company, are in dangerous condition. Last reports from the hospital are that Hickey may not survive.

Mayor Seriously Burned. Mayor Zartman, member of the volunteer fire department, was seriously burned and immediately after he received his injuries he was taken to his home on Liberty street and he is now under the care of leading physicians of the city.

William Brandon, who was also fighting the fire and who was seriously injured in the rush of the people, is also at the Zartman home. Dan Kamp, a livery stable owner, and Will Stewart, a carpenter, are among those seriously burned and are at the hospital.

The others who were at first rushed to the hospital and whose burns were slight have gone to their homes.

The list of those burned and seriously injured is: Mayor Zartman, Joe Steiger, Chester Stone, son of Dr. Stone, Will Stewart, William Dickson, Morris Hickey, School Director Campbell, H. J. Meyers, Dan Kamp, William Brandon and James Mott.

Twelve more received slight burns and have gone to their homes. Many of the Petaluma physicians were in the country on pleasure trips when the accident occurred. All the nurses in the city were rushed to the hospital.

The explosion was felt for many blocks and plate glass windows in the vicinity were broken.

Accident Is Unexplained. An instant after the explosion the walks were filled with maddened men,

PUGILIST HIDES IN FEAR OF ASSASSIN

Body Guard Stationed at Entrance of Rooms—Many Warnings Received.

MAYOR WOULD CLOSE CAFE

Authorities Fear Race Riots if Negro Is Killed—Belief General in Chicago That Jack Johnson Will Meet Death Soon.

CHICAGO, Oct. 20.—(Special.)—Jack Johnson kept himself carefully secluded today, presumably in rooms above his cafe, and his bodyguard stationed in the saloon below and at his mother's residence, turned all questioners away with a statement that Johnson would see no one. Telephone calls failed to bring him to the instrument.

Following his rough experiences Saturday afternoon, when a mob of 1000 persons threatened to lynch him, Johnson realizes that his life is not safe here at any time. The angry crowd on Saturday forced him to abandon the attempt to get from the First National Bank to his automobile in front, and he dodged out of another entrance and escaped in a taxi.

Negro Feared Assassination. He was much in evidence last night at his cafe which was crowded. He remarked that the advertisement was bringing a fine business to his cafe, but today he apparently came to a realization that in those crowds there might be some one who would take a shot at him.

He has received many warnings by telephone letter and personal messengers to the effect that plans are being made to kill him. These plans are openly discussed on cars, in saloons and everywhere that men congregate and everybody believes that Johnson will be assassinated.

Mayor Harrison says he is seeking some sort of legal excuse that will permit him to close up Johnson's cafe and drive him from the city. The authorities realize that if Johnson is assassinated or an attempt is made to kill him, it will precipitate a race war that will be extremely difficult to handle, not only in Chicago, but in other places where "bad" negroes have been especially obnoxious since the teno affair.

Racial Troubles Feared. The killing of Johnson, it is said, would be the signal for general settlement of grudges of long standing.

Trouble already is breaking out on streets here where the races mix. It is only fair to say that an official today "that the aggressors in these affairs are negroes who are inspired by liquor. It will not require much of the sort of trouble that will be a clash that will be hard to manage. Hence the anxious desire of authorities to get Johnson out of the city."

Friends of Johnson are designing upon his life, are urging him to forfeit his \$15000 bond to the Government in the Lucille Cameron case and flee to Europe, where he would be safe anywhere in this country at present.

The fact that Johnson could not be seen today lends color to a rumor that he was shot during an altercation above his cafe at 2 o'clock Saturday morning. The story is said to have leaked out in the city, but in the telephone for a physician and the affair was described to him. According to this story, Johnson was shot in the leg by a negro, but the wound was slight.

CAMERON GIRL SEES NO ONE

Every Word in Papers About Self and Johnson Is Read Eagerly.

ROCKFORD, Ill., Oct. 20.—(Special.)—Lucille Cameron passed a lonely Sunday in the woman's ward at the Winnebago County jail. She was the only occupant of the apartment, and there was no music or ray crowd to break the monotony and solitude of the jail cell with bare walls and barred windows. She made the best of her lot, however.

Her only visitor was Sheriff Young at meal times. Breakfast found Miss Cameron slumbering and apparently unmindful of the fact that her infatuation for Jack Johnson was the topic of conversation at breakfast tables throughout the civilized world. She was aroused during the forenoon when the sheriff delivered the Chicago papers. These interested her, and every line relating to Jack Johnson and herself was read eagerly.

The cell of Miss Cameron overlooks a business street, but the throng passing continually had no interest for her. Many eyes were lifted to the barred window to catch a glimpse of the girl who professed the interest of following herself away on the negro, but they were unawared, as Miss Cameron kept out of sight.

Mr. Swift is making a visit of inspection to his packing plants throughout the country, and is returning to Chicago via Portland. It has been nearly five years since the head of the big packing interests visited Portland. At that time he recognized the possibilities of the Peninsula district as an industrial center, and later organized the Peninsula Development Company, which now owns about 3000 acres of factory sites at that locality. He also promoted the Portland Union Stockparks Company and established a large packing plant on land held by the Development Company. Both of these industries are thriving, and extensive improvements are in progress at the stockyards.

Despite Mr. Swift's aversion to discussing his mission here, it is understood his purpose is planning further improvements involving additional investments in connection with his Portland interests.

POLICE FORCE ON STRIKE

Lethbridge to Borrow From Calgary for Dry Farming Week.

LETHBRIDGE, Alberta, Oct. 20.—The entire police force of Lethbridge has resigned on the eve of dry farming congress week. The members of the force protested against the appointment of Constable Skelton, of Toronto, as inspector in preference to a local man, and threatened resignations unless the appointment was rescinded. The Mayor refused to accept the resignations, declaring the Council was not to be dictated to.

There are several mounted police on hand, and three new constables have already been sworn in. Eight men of the Calgary force will be loaned temporarily.

Referring to the deadlock tonight, Chief of Police Davis declared he expected no difficulty in policing the city, two years ago.

Columbia BRAND PURE PORK SAUSAGES

costs almost twice as much to make as ordinary sausage sells for. Everything that helps to make sausage really good and delicious goes into Columbia Brand. If they sold at ten times the price, they could be made no better. For a pleasing, appetizing breakfast, they are unsurpassed. Fresh at your dealer's every morning. Order in advance.

FORTUNE IS LARGER

Alfred G. Vanderbilt Richer by \$25,000,000.

BEQUEST IS ON BIRTHDAY

Second Half of Father's Fortune Is Made Over to Heir on Day He Is 35—Millionaire and Wife to Return to America.

NEW YORK, Oct. 20.—(Special.)—When Alfred G. Vanderbilt awoke in his houseboat on the Thames in England today he found himself 35 years old and \$25,000,000 richer. The will of his father, Cornelius Vanderbilt, directed that the second half of \$50,000,000 be made over to the son on his thirty-fifth birthday, which is today.

Vanderbilt on October 20, 1907, received the first half of his fortune. At that time his elder brother, Cornelius Jr., got \$1,500,000, all that was bequeathed to him under the will.

Alfred Vanderbilt and his wife, who was Mrs. Margaret Hollins McKim, will return to this country within two weeks. The Vanderbilts left their fourth floor two months ago, will get their first view of America then.

The Vanderbilts will live in one of the most complete and costly apartments in the world, a suite of 11 rooms, occupying the entire south wing of the eighteenth floor of the Hotel Vanderbilt, at thirty-fourth street and Park avenue. The hotel is owned by Alfred Vanderbilt.

CAPTAIN CONSULTS DIAZ

(Concluded From First Page.)

ures will be adopted by the Des Moines. Two other American warships are expected to reach here at any time. The Spanish consul has sent out wireless messages to passing steamers to keep clear here to take aboard Spanish subjects in case of a bombardment.

Port of Alvarado Captured. Alvarado, a minor port about 30 miles south of Vera Cruz, was captured last night by Maxter Zerape, a revolutionary officer. Tuxpam, 145 miles northwest of Vera Cruz, has declared in favor of the revolution, the authorities there, together with 250 veterans and 250 armed volunteers, taking part in the movement.

The rebel generals Aguilar and Delallave are reported to be moving from the north to attack General Beltran's rear. Beltran has 2500 men around Vera Cruz, while the revolutionists have more than 1500 within the city and 2000 with Generals Aguilar and Delallave.

A German liner has arrived here to take off German subjects in case of bombardment.

Island Garrison Mutinies. The soldiers of the Twenty-first Battalion garrisoning Fort Uluoa, situated on an island in the harbor, have revolted and joined the revolutionary forces of Felix Diaz.

The gunboats Bravo and Morelos opened fire on the refugees, killing several and wounding others. The soldiers of Fort Uluoa, garrisoned by the rebels, refused to return the fire of their comrades.

The situation at the island is especially serious, as Fort Uluoa is used as a penitentiary. Until the fire was opened by the Bravo and Morelos, after the desertion of the garrison at Fort Uluoa, it was difficult to understand the attitude of the gunboats. Commodore Azueta, commanding the warships still loyal to the government, kept his guns and searchlights trained incessantly on the city, allowing no communication between the boats and the shore.

Felix Diaz Optimistic. Felix Diaz continues optimistic regarding his chances for a successful revolutionary movement. Today he said that the officers and crews of the gunboats here were with him and that Commodore Azueta himself had promised to join his forces, thereby changing his mind at the last moment before the Diaz movement was openly launched.

When asked why his shore batteries did not fire on the federal warships, General Diaz replied that this would be wholly unnecessary. He felt it would be extremely foolish to disable the boats, which he feels certain will enlist in his cause. He declared he daily sent the crews water, provisions and money.

Another Port Believed Taken. General Diaz further believes the gunboat Progress, whose whereabouts have not been known, today shelled and took the important part of Coatzacoalcas, which is the northern terminus of Tehuantepec Railway. He said the garrison there was left in command of the rebel ally, Colonel Guevera.

General Diaz today sought official recognition for his propaganda by the United States Government. He said he had represented his cause to the authorities at Washington through the American Consul at Vera Cruz, con-

You Cannot Be at Ease While a Rough Collar Irritates Your Neck

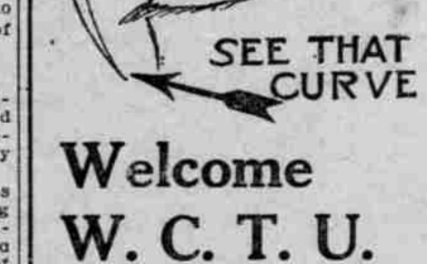

Many men suffer much from badly laundered linens. There is no need of this. The Palace Laundry has methods of dressing collars and shirts that absolutely overcome rough edges. The collar is molded into the collar shaper, and it comes out perfectly smooth. More than this—ample space is allowed right up to the top inside for the tie to slip into place without tugging or pulling, as is the case with collars dressed in the ordinary way. Try the Palace one. The Palace way is the way to comfort.

We excel in all kinds of work. Try our rough dry method. It saves you money and work.

Shoe Repairing

Hand your broken shoes to our men with your laundry parcels. We repair shoes quickly and deliver free to all parts of the city. Quick Repair Shop, 131 11th, just south of Washington.

Palace Laundry advertisement with logo and contact info.

W.C.T.U. Welcome. The courtesies of our establishment are at all times extended to strangers in the city. Use our phones, consult our directory, leave parcels, rest yourself.

MESSAGE TO WORKING WOMEN

All women work; some in homes, some in church, some in the whirl of society and in stores, offices and shops, tens of thousands are on the never-ceasing treadmill, earning their daily bread. All women, however, are subject to the same physical laws, and suffer alike from the same physical disturbances and weaknesses, peculiar to their sex. Every woman, no matter what her station in life, should remember that Lydia E. Pinkham's Vegetable Compound is the great remedy for female ills, in which she should place her trust.
