FUSE LIT IN TRAIN

Dynamite Thrown From Flyer,
Witnesses Testify.

LIGHT SEEN BY WATCHMAN

Government Introduces Evidence to
Bear Out Contentment McManigal
and McNamara Were Not
Alone in Work.

INDIANAPOLIS, Oct. 29.—Testimony that two packages of dynamite were carried on a fast passenger train from Chicago, and that after a fuse on each package was lighted, both bundles were thrown out of the train window into some steel construction work at Indiana Harbor, Ill., was given at the "dynamite conspiracy" trial today. John F. Byrne, a night watchman, testified that at 1 A. M. on May 24, 1909, he noticed the sputter of a fuse burning in the darkness. He said he found the fuse attached reaching 14 sticks of dynamite wrapped together in a Chicago newspaper. Unable to distinguish the fuse, he threw the dynamite into an inlet of the lake. Near a patrol box, where he was going to send in a call, Byrne testified, he found another package of 14 sticks of dynamite, the fuse to which had been lighted, but had gone out. The witness said no one could have put the explosive at these points except by throwing it off a train.

The government contends that someone other than Orlie E. McManigal and James B. McNamara arranged for the explosion. George Mays, a night watchman in the Indianapolis office building, in which the International Association of Bridge and Structural Iron Workers had its headquarters, testified that ten days before his arrest, J. B. McNamara had many boxes moved out of the office to a vault in the basement. Mays said that after the Los Angeles Times explosion he saw P. A. Cooley,

of New Orleans, a member of the executive board, now on trial, go into the office to talk to McNamara.

ROBBER PLEADS GUILT

Man Captured by Engineer May Receive Light Sentence.

NEW ORLEANS, Oct. 29.—Howard E. Edwards, who single handed held up a Louisville & Nashville express and robbed its passengers near here last September, pleaded guilty today. Sentence was deferred. Probably Edwards will receive a comparatively light sentence because of ill health.

Edwards was captured by the train's engineer. He feigned the bandit with a heavy torch after the hold-up.

FORMER PORTLAND PASTOR RECEIVES PROMOTION TO SUPERINTENDENCY.

Rev. W. T. Euster, former pastor of the Sunnyside Methodist Episcopal Church, who went from Portland to a charge at Stillwater, Okla., have received word that he has just been appointed district superintendent of Southwest Texas, the largest Methodist district of the South, with headquarters at Fort Worth. Dr. Euster's specialty up to the last two years was building stone churches. In this work he was most successful. He is recognized as one of the leading preachers of his denomination and one of the most progressive.

KATAHDIN TO BE TARGET

Effect of Explosive and Armor-Piercing Shells to Be Noted.

WASHINGTON, Oct. 29.—With a view to determining finally whether explosive shells are more effective than armor-piercing projectiles in disabling a battleship, tests were begun in earnest today at the naval proving grounds at Indian Head, Md. Rear-Admiral Nathan C. Twining, chief of the bureau of ordnance of the Navy Department, is opposed to the explosive shell. Although he has reported against it, he will be present at the tests which will include the firing of both types of shells by the monitor Tallahassee, with the obsolete ram Katahdin as the target.

Albany Damage Case on Trial. ALBANY, Or., Oct. 29.—(Special).—The case which Nellie McDaniel brought against the Lebanon Lumber Company for \$25,000 damages on account of the

A WARNING TO MANY

Some Interesting Facts Regarding Health Statistics.

Few people realize to what extent their health depends upon the condition of the kidneys. The physician in nearly all cases of serious illness, makes a chemical analysis of the patient's urine. He knows that unless the kidneys are doing their work properly, the other organs cannot be brought back to health and strength. When the kidneys are neglected or abused in any way, serious results are sure to follow. According to health statistics, Bright's disease, which is really an advanced form of kidney trouble, caused nearly ten thousand deaths in 1910 in the state of New York alone. Therefore, it behooves us to pay more attention to the health of these most important organs. An ideal herbal compound that has had remarkable success as a kidney remedy is Dr. Kilmer's Swamp-Root, the great Kidney, Liver and Bladder Remedy. The mild and healing influence of this preparation is soon realized. It stands the highest for its remarkable record of cures. If you feel that your kidneys require attention, and wish a sample bottle, write to Dr. Kilmer & Co., Binghamton, N. Y. Mention this paper and they will gladly forward it to you absolutely free, by mail. Swamp-Root is sold by every druggist in bottles of two sizes—50c and \$1.00.

death of her husband, Warren McDaniel, is on trial before a jury in Judge Kelly's department of the State Circuit Court here. McDaniel was killed in an accident in the Lebanon sawmill on January 4, 1912. McDaniel was a racketeer in the sawmill and was killed when a log rolled off the car-

riage and crashed him into the wall of the mill. It is asserted by the plaintiff that the accident was the fault of the company in having unsafe appliances and unskilled workmen.
