

M'CUSKER URGES OPENING COLUMBIA

By Boat Channel Into British Columbia Portland Would Benefit.

FULL PLATFORM OFFERED

Independent Congressional Candidate Informs Voters of His Position on All Important Questions of Campaign.

THOMAS M'CUSKER, A REPUBLICAN. For the information of the voters of Multnomah County, The Oregonian wishes to call attention to the fact that Thomas McCusker is the only Republican candidate for Representative in Congress from this district.

"The first plank of my platform pertaining to the opening of the Columbia River into British Columbia must be good, as Senator Chamberlain has since advocated it in his speeches and received favorable editorial comment in the Journal, therefore, and Senator Bourne is advocating the same improvement in his paid advertisements."

Alaska Coal Mining Favored. "Regarding that part of my platform dealing with Alaska coal, I will say that all consumers of fuel, factories and individuals, are interested in this, as the cost of fuel is a factor in the high cost of living."

"I am in hearty accord with any improvements that will benefit the city and state, and I believe those things having merit will take care of themselves, while it is most important to enact some legislation that will benefit the masses by reducing the cost of living."

McCusker Presents Platform. The following is Mr. McCusker's platform: I favor the co-operation of the United States with the Canadian government in opening the Columbia River into British Columbia, thereby draining a vast territory into Portland, which would make it the greatest wheat market in the world.

I favor a 30-foot channel to the sea, with a 40-foot depth of bar. I favor Government aid in deepening the upper Willamette River and its tributaries. I favor the Government working the Alaska coal mines with American labor, transporting the coal in Government-owned vessels, and selling to the consumer at actual cost.

I favor free tolls for American ships through the Panama Canal, and the fortification of the canal by this Government. I favor the prohibition of railroad-owned or controlled steamship competition in the Canal Zone.

I favor the prohibition of railroad-owned or controlled steamship competition on any river, or other water that would be detrimental to commerce.

I favor a substantial navy, as I believe such is necessary in order to maintain our commercial supremacy until such time as there shall be compulsory international arbitration.

Liberal Wages Favored. I favor a liberal wage scale and reasonable hours for working people, and a just and equitable Workingmen's Compensation Act. I favor the passage of laws that will prevent gambling in the necessary things.

I favor the direct primaries and the extension of the popular government laws to the election of the United States Senators by popular vote.

I favor a permanent commission, thereby taking the tariff out of politics. I favor a revision of the tariff downward, and Government regulation of trusts.

I favor National aid for public highways, and co-operation with the states in their construction. I favor conservation of the fish industries of the country, and restocking by artificial propagation.

I favor parcels post, and extension of the postal savings bank. I favor the physical valuation of railroads as the basis for making of rates.

I favor the conservation of the water-powers of the country to the people. If the railroad lands are forfeited to the Government, I favor same being conveyed to the state for distribution to the people where practical for agricultural purposes, all revenues derived from sale thereof to be used within the state for river and harbor improvements and construction of highways.

Progressive Candidate for President

Vote for Roosevelt

"I stand squarely with Theodore Roosevelt upon the platform of the Progressive Party. This means honesty in public service, better conditions of labor, same readjustment of business regulation, an honest tariff revision, and the elimination from our political life of such men as Archbold, Barnes, Penrose, Guggenheim, Murphy, Taggart, and their like. And finally, the enlargement of the powers of the people to be exercised for the common good."

that ran against me at the primaries. Personalities are distasteful to me, and for that reason I have said nothing about Mr. Word's record at Skagway and a number of other places in the Northwest, but the voters of Multnomah County are fairly familiar with it, and with my own record. If they will investigate both, I am willing to stand or fall by their judgment. If elected I will see that all of the laws are enforced, including that which provides for Sunday closing of saloons—a statute which was never enforced during the administration of Mr. Word. I have no intention of making the demands on your space that have been made by Mr. Word, but trust that you will print this partially to make amends for the misrepresentation that has unintentionally crept into your news columns.

Who Is the Liar, Now

Charles H. Shields has been termed a liar. And the men who have so termed him are those who have been saying there is Single Tax in British Columbia.

Everybody knows now there are more personal property taxes in British Columbia than there are in Oregon. And they know now that the Single Taxers would exempt \$350,000,000 of personal property from taxation in Oregon—just to steal land and give it to the state.

What would you call the men who say there IS Single Tax in British Columbia?

But this is about that Alberta situation. From some little Single Tax Mayor in Alberta the Single Taxers publish a statement that Shields lied when he said that 20 Alberta cities were bankrupt as a result of Single Tax.

Did Shields Lie?

Read this from the Calgary Herald of September 12, 1912:

"Representatives of 20 Alberta towns have met to protest against the action of the Sifton Government in forcibly imposing a Single Tax system of taxation upon them. 'The matter is being brought up at a convention of Alberta municipalities and convenes today in Innisfail.

"The result has been disastrous to a number of Alberta towns. Their finances are well nigh paralyzed.

"Single Tax as applied to their land or on any reasonable basis of assessment, whatever, does not come to near supplying their actual needs. Public works have had to be stopped. Public service is demoralized. Public officials cannot get their money. And even schoolteachers have been held up for their salaries because the municipalities have been unable to establish a new basis of revenue."

Who Is the Liar Now?

Read this, too, from the Didsbury Pioneer of September 18:

Taxes Eight Per Cent

"The meeting of the Alberta municipalities held at Innisfail last week, brought out the fact that there is a tremendous lot of dissatisfaction with the powers that be at Edmonton over the new Town Act. * * *

"It will set them back for some time to come till they can see a way to readjust their affairs to suit the new conditions that have arisen because they will object to striking a tax rate of from 8 to 10 per cent on land."

Who Is the Liar?

Is Charles H. Shields a liar? Or are Mr. U'Ren, his friends and that Edmonton Mayor the liars?

Think, then vote.

The numbers against Single Tax are:

308 x Yes

Repeals the tricky U'Ren amendment.

365 x No

Against graduated Single Tax.

379 x No

really good films played to absolute capacity all day. Leo Conlin, the new Sunnyside manager, started his managerial career under excellent auspices. He gave his patrons a fine pictorial programme and sang a number of unusually acceptable songs. To insure the owner of a private shaving cup kept in a barber shop that he is the only user there has been invented a paper cap to cover it, which cannot be removed without breaking a seal.

Oh! My Back!

Portland Proof

Testimony of a Resident of Twelfth Street.

John A. Niday, 262 Twelfth street, Portland, Or., says: "Last Winter I was troubled greatly with my kidneys. The kidney secretions passed too freely, especially at night, and when the weather was cold I was quite lame. I used a box of Doan's Kidney Pills and they stopped the difficulty with my kidneys and made my back better."

A stubborn backache that hangs on, week after week, is cause to suspect kidney trouble, for when the kidneys are inflamed and swollen, bending the back brings a sharp twinge that almost takes the breath away. It's hard to work and just as hard to rest or sleep. Doan's Kidney Pills relieve sluggish kidneys—relieve congested, aching kidneys. The proof is an amazing collection of backache testimonials. Here's a Portland case. "Every Picture Tells a Story."

QUININE? NO! PAPER'S BEST FOR BAD COLD

First Dose of Paper's Cold Compound Relieves All Misery From a Cold or the Grippe.

It is a positive fact that a dose of Paper's Cold Compound, taken every two hours until three consecutive doses are taken, will end the Grippe and break up the most severe cold, either in the head, chest, back, stomach, limbs or any part of the body. It promptly relieves the most miserable headache, dizziness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, mucous catarrhal discharges, soreness, stiffness and rheumatic twinges. Take this wonderful Compound as directed, with the knowledge that there is nothing else in the world which will cure your cold or end Grippe misery as promptly and without any other assistance or bad after-effects as a 25-cent package of Paper's Cold Compound, which any druggist can supply—accept no substitute—contains no quinine. Belongs in every home. Tastes nice—acts gently.
