

RESULTS IN DOUBT ON SENATORSHIP

Selling Is Overcoming Lead Held by Lane.

OLGOTT AND MICKLE VICTORS

No Doubt in Race for Trio of Representatives.

WILSON PLURALITY IS 7500

Still Element of Doubt as to Whether Roosevelt or Taft Will Take Second Money, Though Colonel Seems to Have Shade Best.

Any lingering doubts that may have existed of Woodrow Wilson's victory in Oregon were removed yesterday by the receipt of fuller returns from Multnomah County and the state at large, but the figures still failed to give final results on the senatorial situation.

The contest for Senator is conclusive only in being between Selling and Lane. Bourne is badly out of it.

Last night Selling showed a gradual creeping up on his opponent, who, therefore had been in the lead, and there is a prospect that he will carry the state, although it may require the complete count to confirm his election.

No Doubt in Some Offices. The returns leave no room for doubt as to any results on the state ticket and Congressional ticket, Hawley, in the First, Sinnott, in the Second, and Lafferty, in the third, are well to the good over their opponents.

Olgott is elected Secretary of State; Mickle, Dairy and Food Commissioner, and Aitchison, Railroad Commissioner.

If present ratios be carried out, Wilson will have a plurality over Roosevelt of about 7500.

There is still an element of doubt as to whether Roosevelt or Taft will win second place, but the outlook seems to favor Roosevelt. In the state outside of the county Roosevelt and Taft totals are almost identical, but in Multnomah County the returns indicate a final lead for Roosevelt over Taft of about 2000.

FOUR FIGHT WAVES TWO DAYS, RESCUED

FISHERMEN'S HOPE GONE AS LIFE CREW APPEARS.

Rescue on Grays Harbor Most Heroic in History of Westport Station—Victims Are Famished.

ABERDEEN, Wash., Nov. 6.—(Special.)—Devoid of hope of escaping death in the riotous race of water through the narrow entrance to Gray's Harbor, four fishermen, whose smacks were driven ashore on a spit near the North Jetty, two days ago, were rescued yesterday through the heroic efforts of the Westport life-saving crew.

The men rescuer are two brothers by the name of Lunger, Ed Mahon and Rasmussen, a well-known fisherman of Aberdeen.

The smacks, four in number, were driven ashore during a severe storm Monday night. When picked up two of the rescued were unconscious. All were taken away safely.

The trip across the entrance to the harbor by the life-saving crew was one of the most heroic things ever attempted along the coast. The waves were high and, owing to the peculiar condition that existed in the entrance during a storm, the undertaking was particularly dangerous. The crew found the men worn out, fatigued, famished and utterly exhausted from their long exposure.

WAR PREDICTED IN ULSTER

London Express Takes Gloomy View of Irish Home-Rule Struggle.

DUBLIN, Nov. 6.—(Special.)—The London Daily Express is sure that war is coming in Ulster. In a recent editorial it said: "While a High Court of Ministers and their docile, naive and well-meaning supporters are steering straight toward civil war in Ireland, the House of Commons has been gaged successfully and debate on the home rule bill has been closed.

"When six and one-half hours are allotted to debate on the complicated and unwieldy finance of the bill, when the responsibility of the British taxpayer for an extra annual dole to Ireland of \$10,000,000 a year is to be rushed through the Commons at this rate, how can the Ministers pretend that their bill will enjoy the ordinary sanction of lawmaking under a constitutional system?"

"All of Mr. Asquith's precedents and excuses are as worthless as the paper safeguards by which the placation of Ulster was attempted. His own act has destroyed the constitution to serve the selfish ends of office grabbing. In other days the House of Lords stood as a bulwark against unauthorized invasion of the people's privilege by Ministers in office. The second chamber could then force an appeal to the country in doubtful cases. That power has been taken away by the Parliament of 1909, and we are living under a single-chamber system."

"The petty powers of delay which the Lords can still exercise will be exhausted before this government has passed a wild and home rule can be riveted on Ulster's neck without the authority of the people's consent. In these circumstances the Commons is the sole repository of free debate. To gag the Commons is to establish the Cabinet as a second chamber. That is what has happened. The paid members of the government become dumb. He is an instrument which ratifies the Cabinet's decree, a cash register of legislation. The people have no share in the government. The government has had ample warning both from and from friend. They have chosen the path of tyranny. Let them perish in it!"

This kind of rotomontade is not influencing the question, but it is creating a lot of bad feeling in Ireland which may be heard from later on.

CLUB TROUBLES IN COURT

Aspirant for Yachting Honors Charges Officer With Assault.

Troubles in the exclusive membership of the Oregon Yacht Club and its subsidiary colony of house-boaters reached the Municipal Court yesterday in the form of a prosecution of L. V. Woodard, a member of the board of directors, by Victor Farnell, a young attorney, on a charge of assault and battery.

Farnell had aspirations to become a member of the club, and anticipated his unquestioned election by making arrangements to buy a houseboat and move in. His assurance was displeasing to the members of the club, who called a meeting of the board of directors and summoned him. What happened beyond that point is disputed.

Farnell says he was ordered to leave forthwith, and when he showed defiance, was ejected bodily. The defendant and his fellow directors say that Farnell was given 24 hours and when he refused to accept notice, was plotted gently, but firmly, from the premises. The court reserved decision until today.

CANDIDATE GAME TO LAST

Los Angeles Ex-Ball Player Dies Certain He Would Win Race.

LOS ANGELES, Nov. 6.—Confident to the last that he would be elected, J. Scott Allen, Democratic candidate for the Twenty-sixth Assembly District in this city, died yesterday of stomach trouble, according to notices of his death published today. Returns tonight indicated that his Republican opponent had carried the district.

Mr. Allen, who was 41 years old, was connected several years ago with the Vancouver and Seattle clubs of the Northwestern League.

IN COUNTY WILSON HOLDS SMALL LEAD

Roosevelt Likely to Be Second in Race.

SENATE FIGHT STILL CLOSE

Selling Reduces Lane's Count but Bourne Is Near.

WORD ELECTED SHERIFF

Lead of 900 Over Fitzgerald Continues to Grow—Tazewell Takes Advance in Close Contest.

Wagon Is Overwhelmed.

Complete unofficial returns from 125 of 193 precincts indicate that Wilson has carried Multnomah County by a small plurality. Wilson's lead over Roosevelt may reach 1000. Taft retains third place with slight chance of displacing Roosevelt for second place. The returns on which these estimates are made consist of 50 complete precincts and 35 incomplete precincts.

The count so far as completed is reducing the lead of Lane, as it was indicated by the earlier and more meager returns early Wednesday morning. Selling is running neck and neck with Lane and Bourne and the result will be very close.

Lafferty has been elected with a vote that nearly equals that of McCusker and Mully combined.

Word's Election Now Certain. There no longer is any doubt as to the result of the contest for Sheriff. Tom Word has a lead of 900 over Fitzgerald and the completed count will probably increase his plurality, if the remainder of the vote maintains the ratio of the counted portion.

Henry E. Reed has defeated H. D. Wagon for County Assessor and the completed count may give the Republican nominee a plurality of 7500. The first returns gave promise of possibly a close contest for this office but the later returns have continued to add to Reed's lead.

As the count progresses the lead of County Commissioner Lightner over Pease increases. He will have a plurality of probably 5000.

Tazewell Leads for Judge. Late yesterday afternoon Tazewell took the lead over Davis for Circuit Judge, Department No. 4. Interest in this contest is second only to the senatorial fight and may not be decided until the count is completed. The complete returns from 94 precincts and 25

SHOES, 250 PAIR, SERVE DANSEUSE

Mlle. Genie Says That Much Footwear a Necessity.

Dainty Actress Marvels That She Should Be Questioned on Arrival From Europe and Explains.

NEW YORK, Nov. 6.—(Special.)—If two pairs of shoes are considered a luxury by an ordinary girl, what would you consider 250 pairs?

But Mlle. Genie, the dainty little danseuse, who returned today on the Kronprinz Wilhelm to duplicate her successes of recent years, calls the possession of 250 pairs of shoes a matter of mere necessity.

"I never carry less," she said, "and I use pretty nearly every pair during the course of a week. Sometimes I change as often as three and four times a night and on some occasions oftener. They are especially made for me by bootmakers in all sections of Europe. Sometimes I wear the same pair twice and often I wear one pair out in one night."

The shoes are of various designs and makes, high-heeled, stuffed-toed, flat-heeled and with the latest improvements in springed heels for dancing.

KING LIVES ECONOMICALLY

Head of Montenegro Gets Only \$22,500 a Year and Saves Some.

PARIS, Nov. 6.—(Special.)—Some interesting details of the private life of the most-talked-of King in Europe are given by a Frenchman who has lived for several years at Cetinje. "I should think," he said, "that Petrovitch Njogos, or King Nicholas of Montenegro, is one of the few crowned heads with a small civil list who has not run into debt for his private expenses. King Nicholas gets about \$22,500 a year, less than the income of an English cabinet minister, and he has practically no private means. He lives in a small two-story house, which has not even a garden. There is nothing to distinguish it from the other houses in the street but the sentry-box at the door.

"The furniture is French. It was sent many years ago from Paris, and much of it looks as though it belonged to the King's student days. King Nicholas is patriotically economical. A couple of years ago an Austrian firm offered to put electric light in the palace. The cost was estimated at \$2000. When the King saw the estimate and had glanced at the total, he laughed and gave it back.

"Four hundred pounds," he said, "I can get two machine guns for that, and the palace is still lit with candles."

IN BARREL MAN GOES HOME

Aberdeen Bull Mooseer Pays Election Bet on Roosevelt.

ABERDEEN, Wash., Nov. 6.—(Special.)—Election bet No. 1, was paid by a popular young man of Aberdeen last night when he became convinced that the redoubtable "Teddy" had lost and Wilson had been elected.

The young admirer of the noted Bull Moose candidate had wagered on the election. If he lost he had to go home in a barrel, clad in the "altogether." In the presence of a large crowd he quietly disrobed, stepped into the barrel and started for his home on Broadway Hill.

HAINES IN IDAHO DEFEATS HAWLEY

Vote of Southeastern Counties Elect.

PLURALITY REACHES 54000

Borah's Popularity Shown in Legislative Result.

ROOSEVELT IS THIRD MAN

Martin, Roosevelt Progressive Candidate for Governor, Carries Ada, Home County of Both Hawley and Haines, Opponents.

BOISE, Ida., Nov. 6.—(Special.)—Governor Hawley, Democrat, tonight conceded his defeat by John A. Haines, Republican, after the late returns had eliminated G. H. Martin, Roosevelt Progressive, from the race. Haines probably will have a plurality of 4000.

Returns so far tabulated from 166 precincts in all parts of the state give Taft 13,720, Wilson 11,762 and Roosevelt 6532. Debs had a large vote in some sections and carried several precincts in the north.

Hawley, for re-election, had 11,595 in the face of the returns and Haines has 13,338. Martin, third, with 4905.

Borah's Popularity Big Aid. Republican legislative candidates ran ahead of their tickets in many counties and it is conceded that the popularity of Senator Borah, who is up for re-election, contributed to this.

Haines' election was given to him by the Southeastern Idaho Mormon counties, for he failed to carry any other county in the state outside of that territory. Fremont, Bonneville, Bingham, Bear Lake, Bannock, Cassia and Oneida Counties rolled up big majorities for him.

Although the state is claimed for Taft, the returns are as yet incomplete and show that Taft ran behind Haines in the southeast and lost many other counties, including Ada, Canyon and Lincoln in the south, as well as a number of counties in the north. Roosevelt carried Ada, Canyon and Lincoln and a few northern counties, while Wilson took the rest.

Martin carried Ada, the home county of both Haines and Hawley, by 1499 over Haines and 986 over Hawley. The only other county in the southern part of the state in which Martin showed strength was Canyon, which he carried by 1633 over Haines and 1938 over Hawley. Martin failed to carry northern

GENERAL MILES URGES "REFORM"

EX-CHIEF OF STAFF WOULD "CHUCK THOSE PELTS."

Wilson to Be Told White House Is No Place for Stuffed Animals and Trophies of Chase.

NEW YORK, Nov. 6.—(Special.)—General Miles, formerly Chief of Staff of the United States Army, was seen busily hustling around Democratic headquarters today.

"I am here to implore Wilson to institute a reform much needed at the White House," he said solemnly. "What is that, General?" asked a reporter.

"The first thing to be done is to chuck those pelts and stuffed animals out of the White House," declared the General.

It was presumed the General referred to certain trophies of African game trails brought back by a faunal naturalist, who has retired to private life on two or three occasions—the most recent being yesterday.

AFRICA SUFFERS DROUTH

Country in Vicinity of Johannesburg Sees No Relief Ahead.

JOHANNESBURG, Nov. 6.—(Special.)—The exceptional drouth by which a large part of the country was afflicted last year is being repeated during the present year over a wide extent, the average precipitation being at least five inches less than the normal. The shortage of water is being felt with special severity on the Rand, where not only inconvenience, but actual distress is being suffered through the failure of the supply. Special meetings of the Town Council have been held to consider the matter and deputations have proceeded to Pretoria to lobby and endeavor to bring relief. The mines are threatened with a further diminution of their supply, which has already been reduced by 16 per cent.

The water service of the mines and townships along the reef has for nearly ten years past been entrusted to a statutory board. The area of supply is 1675 square miles and contains a population of more than 600,000 souls, whereof about two-thirds are Europeans and the remainder natives. There is probably no other district in the empire of the size and importance of the Witwatersrand which depends practically altogether on dolomite underground water supplies and the precariousness of the position has been recognized for many years. The mines have been taking an ever-increasing percentage of the available supply in each year since the war and the requirements, even in normal times, cannot be fully satisfied.

A year ago the normal supply was stated to be 1,000,000 gallons daily (although it had then fallen to 800,000), while extended work at Zuurbeekom and the installation of a temporary pumping plant at Springs Mines was expected to bring it up by September of this year to 14,000,000. This expectation has not been realized.

The actual supply at the present time does not exceed 7,000,000, whereas about three-fifths (in addition to 16,000,000 of non-potable water drawn from dams and from the mines themselves) is required for the services of the mines. The present situation has been accentuated not only by prolonged drouth, but by failure of pumping machinery and the situation has thus become exceedingly acute.

Popular Vote Estimates Vary. Assurances were made today from several quarters where an effort had been made to gather preliminary popular vote figures that Governor Wilson had not secured a majority of the vote cast throughout the country. Estimates range from a small majority of all votes to figures nearly 1,000,000 below a majority. The popular votes, however, would in no way affect his election, or his complete control of the electoral college.

There were many surprises throughout the day and night. Early in the day New Hampshire, first credited to Taft, went into the Wilson column with a majority of about 1500 for the Democratic candidate. Returns from Idaho, which came in scattering form early in the day, favored Wilson so strongly as to create the belief that it would give him his electoral vote, but later returns made it doubtful.

The Roosevelt forces, watching the returns hourly, as they came from Illinois, suffered a severe shock when Democratic districts reduced Colonel Roosevelt's plurality from Cook County until it promised to disappear. Late in the day a complete report from Cook County again swelled the Roosevelt majority in the state and seemingly made certain the control of Illinois' 29 votes by the Progressive candidate, Kansas, which had been conceded to

DRY FIGHT TO CONTINUE

Vancouver Anti-Liquor Forces, Defeated Tuesday, Reorganize.

VANCOUVER, Wash., Nov. 6.—(Special.)—The dry forces, after their defeat in the election and primaries in Vancouver yesterday, held a caucus and nominated an independent ticket for the city election to be held December 5. The organization of the party met in the First Methodist Church, which Rev. J. M. Canse is pastor. The names of the ticket is "Citizens' Ticket." R. G. Summerlin, pastor of the United Brethren Church, was elected president, and D. W. Kimball, secretary. The political principle of the new ticket will be "For better enforcement of the law."

The candidates nominated are: Mayor, Dr. H. W. Arpold; Councilmen, I. W. Bowman, W. F. Sorber, Charles Sorber, Dr. A. P. Pomeroy, City Clerk, Oscar McBride, John E. Norcross; City Attorney, James O. Blair.

The dry candidate, N. E. Allen, was defeated by Dr. Charles E. Irwin for Mayor yesterday by 418 votes.

LENTS COMES INTO CITY

Portland's Population Increased 8000—Better Service Expected.

By the small margin of 23 votes, the annexation of Lents to the City of Portland was carried at the election Tuesday. Approximately 1000 ballots were cast.

The district added to the city comprises a territory of about two miles square and contains a population of between 8000 and 10,000. Supporters of annexation made their campaign on the ground that the district will be provided with cheaper insurance and water rates, better fire and police protection and better telephone and electric line service. The fact that the handsome school building at Lents was built by the Portland School Board also entered favorably into the question of annexation. Two years ago the annexation issue was defeated by a small majority.

ACTOR NUTT ON PROBATION

Englishman's Mentality Questioned by Immigration Officials.

NEW YORK, Nov. 6.—(Special.)—Willie Nutt, the English actor, who was detained on Ellis Island a week ago on the grounds that he might become a public charge through his weak mentality, was released today on an order of Secretary Nagle. By the Secretary's order he will be allowed to remain in this country six months under bond.

WILSON IS CERTAIN OF 399 ELECTORS

Doubtful States Lean Toward Democrat.

PENNSYLVANIA IS COLONEL'S

Count Will Not Be Completed for Several Days.

DAY HAS ITS SURPRISES

Illinois Gives Roosevelt Managers Scare Temporarily—Wilson Has Better Situation in Minnesota and Iowa.

NEW YORK, Nov. 6.—Only the uncertainty of a few close states, whose electoral vote in no way can affect the election of Wilson and Marshall, speculation over the popular vote of the three Presidential candidates and the complexion of Legislatures that will meet today in the final returns of yesterday's general election.

The total of the Republican electoral column apparently was fixed with the eight votes of Utah and Vermont, but the footing of the Wilson and Roosevelt columns flickered alternately during the day and night, as late returns from Iowa, Kansas, Minnesota, South Dakota and Wyoming gave indications of changing results accepted last night.

Six States Doubtful. On the basis of the latest returns early in the evening, with the vote of Idaho, Iowa, Kansas, Minnesota, South Dakota and Wyoming placed in the "doubtful" column, President-elect Wilson had 399 certain votes in the electoral college. Roosevelt 89 and Taft 8.

All of the doubtful states except South Dakota gave more or less certain indications during the night of landing in the list of Wilson electoral votes. South Dakota's returns showed a general trend toward Roosevelt.

Estimates of the popular vote polled by Governor Wilson ranged through many millions during the day. It was found impossible to compute with accuracy the popular vote of any of the Presidential candidates and it will be several days before the counting of the three-cornered contest in the different states is concluded.

Assurances were made today from several quarters where an effort had been made to gather preliminary popular vote figures that Governor Wilson had not secured a majority of the vote cast throughout the country. Estimates range from a small majority of all votes to figures nearly 1,000,000 below a majority.
