

COLONEL'S SURVEY IS NOT COMPLETED

Party to Live, He Says, but Statement Is Not Forthcoming for Present.

DEFEAT ACCEPTED GAILY

Result Said to Be Expected—Close Friends Visit Chief—Party Plan Will Be Discussed Friday. Quiet Life Is Planned.

OYSTER BAY, N. Y., Nov. 6.—Colonel Roosevelt surveyed the field of battle today and gathered as much of the story of yesterday's defeat as he could piece together.

His lieutenants in each state telegraphed to him their reports, in many cases incomplete, and tonight Roosevelt was in doubt as to just what his Progressive party had accomplished in its first campaign.

There was nothing of the aspect of a beaten general and no hint of defeat in his manner. He smiled as easily and told stories as gaily as before, and apparently, was enjoying life thoroughly today.

Views Will Be Forthcoming. Colonel Roosevelt said he wanted to tell his supporters everywhere what he thought of the outcome and the outlook. The only reason he did not do so tonight was that he had not the facts at hand.

"When I have all the facts accurately, I shall make a statement," he said. The only thing which was accepted as a settled fact at Sagamore Hill today was that the fight was to go on. What methods Colonel Roosevelt will adopt are unknown even to himself.

"Of course the fight will go on," he said, with an air of finality. "In the end the cause must triumph."

Result Not Disappointing. Close friends of Colonel Roosevelt said he was not surprised at Governor Wilson's election, because he was at no time confident, they asserted, that the new party would be able to win its first fight. The showing which the party made, his friends said, had pleased rather than disappointed his leader.

Several Roosevelt Progressive leaders came to Oyster Bay to talk over the election and plan for the future. Governor Johnson, of California, and Gifford and Amos Pinchot, of New York, spent the day and tonight George W. Perkins, Frank A. Munsey and H. L. Stoddard motored down from New York.

Nether Colonel Roosevelt nor his visitors would discuss their plans. When he goes to his editorial rooms in New York Friday, Colonel Roosevelt will hold another conference, at which definite arrangements for keeping up the organization may be made.

Eye Already on 1914. It is Colonel Roosevelt's desire to have a vacation from politics after those plans have been decided, although he expects to keep constantly in touch with the general aspects of the situation.

It is hoped to carry forward some kind of progressive propaganda throughout the next two years, with an eye to the Congressional and state elections in 1914.

Colonel Roosevelt expects to drop back for the winter into the quiet life at home which he led before the campaign, with a trip to New York once or twice a week. He probably will be called on once a month or oftener to make speeches, although he desires to avoid any long trips for months to come.

NEW YORK LEAD IS 200,792

State Outside of City Goes Democratic for First Time.

NEW YORK, Nov. 7.—A Wilson plurality of practically an even 99,000 votes over Taft, a Taft lead of 60,000 over Roosevelt, and a similar alignment of parties in the gubernatorial vote is the result of the election in New York State, so far as confirmed by nearly complete returns last night.

The Democratic Presidential plurality is the largest New York State ever given that party and it is the first time the voters outside of the metropolitan district have given a Democratic Presidential candidate a plurality.

The total tonight follows: For President, Wilson 648,096, Taft 477,274, Roosevelt 331,066. Wilson's plurality, 290,792.

For Governor: Sulzer, Dem., 649,896; Hedges, Rep., 444,882; Straus, Prog., 331,882. Sulzer's plurality, 205,124.

New York City gave Wilson a plurality of 124,458 over Roosevelt, who was second in the city.

STUBBS ADMITS DEFEAT

Kansas Governor Loses Senatorial Fight—Democrats in Lead.

TOPEKA, Kan., Nov. 7.—Practically complete returns from 68 of the 105 counties in Kansas gave Wilson a plurality of 10,000. The state Democratic ticket also made big gains in the returns received last night and George Hedges, Democratic candidate for Governor had a lead of 2500 over Arthur Capper, Republican.

Governor W. H. Stubbs, Republican, last night admitted that he had been defeated by William H. Thompson, Democrat for the United States Senate.

Thompson will win by several thousand majority, Governor Stubbs said. Arthur Capper, Republican candidate for Governor, said tonight he would defeat George Hedges, Democrat, by from 3000 to 5000 plurality. Capper was leading Hedges by a narrow margin and the Democrats are claiming Hedges' election.

FOREIGN STARS COMING

Heilig Theater to Present Season of Grand Opera.

Charles R. Baker was in Portland yesterday, heralding the early arrival of the Lombardi grand opera company, which will come to Portland during the season from Los Angeles, Monday, November 18, to play a six days' engagement at the Heilig Theater. The Lombardi company, Mr. Baker says, offers this season a repertoire that has never been duplicated in grand opera on the Pacific Coast.

"Conchita," the new opera by Zandonal, reckoned by critics as the successor to "Carmen," is being produced by the Lombardi company for the first time in the United States, and the Pacific Coast cities are privileged to enjoy it even before the New York

audience," said Mr. Baker. "The 'Salome' of Strauss, which has never before been sung in the cities west of Chicago, is also featured in the repertoire that will be offered to Portland theater-goers by the company.

"Lucia Di Lammermoor," "Salome," "Madame Butterfly," "Cavalleria Rusticana" and "Pagliacci" (double bill) and "Conchita."

The company leaves Los Angeles, Saturday, November 16, comes by special direct to Portland, and is scheduled to reach here Monday—the fastest trip by special over that route.

Following is the repertoire offered in Portland, which is the same as that which has just been completed with a successful four weeks run in San Francisco: "Il Trovatore," with an enlarged cast; "Lucia Di Lammermoor," "Salome," "Madame Butterfly," "Cavalleria Rusticana" and "Pagliacci" (double bill) and "Conchita."

The company leaves Los Angeles, Saturday, November 16, comes by special direct to Portland, and is scheduled to reach here Monday—the fastest trip by special over that route.

LETTERS BY RYAN READ

GOVERNMENT MAKES DYNAMITE CHARGES SPECIFIC.

Men Assigned to Various Explosions, According to Evidence Presented by Federal Prosecutor.

INDIANAPOLIS, Nov. 6.—Specific accusations were made by the Government in the "dynamite conspiracy" trial today that in the Spring of 1910 Frank M. Ryan, president of the Iron Workers' Union, and members of the union's executive board entered on a campaign systematically to blow up the property of certain iron and steel contractors and that in furtherance of the plan President Ryan wrote from New York a letter assigning men to have charge of explosions in different localities.

"Jobs" Assigned by Letter. Prosecutor Miller read a letter showing that McNamara wrote to members informing them of the policy recently laid down by the board and urging secrecy. Explosions later occurred in or near all those cities.

The Ryan letter was quoted as saying in part: "In regard to the McClintic-Marshall job, assign Heavy W. Leakeley to the job in the Pittsburg district. Let J. T. Butler attend to the jobs at Buffalo and Rochester. Hockin will arrange for the Chicago, Detroit and Cincinnati jobs. P. J. Morin can attend to Mount Vernon."

Two explosions on a hotel under construction in Salt Lake City the same year were preceded by an extensive correspondence between McNamara and J. E. Munsey, the business agent at Salt Lake City, and Eugene A. Clancy, San Francisco, an executive board member, the Government charged.

COURT PREPARES TO FLEE

Ottoman Ruler Would Abandon Constantinople for Asia.

LONDON, Nov. 6.—Bulgaria is giving the broken Turkish army no time to recuperate. In accordance with the tactics adopted throughout the war, the Bulgarians are following up the defeated Turks with extraordinary energy.

Flying columns are pushing along the southeast toward the Tebaljala lines and it is believed the main attack will be directed toward Constantinople or Friday.

Turkish Coast Ready to Flee. Constantinople appeared to have lost hope of stemming the victorious advance even at Tebaljala and the Turkish court is ready to cross into Asia. Apparently, however, the Bulgarian government has no designs on Constantinople itself and would be ready to consider peace providing Turkey agreed to surrender Adrianople and some other positions in the Western theater of war and give a guarantee to bring no reinforcements from Asia.

The Porte shows no disposition to treat for peace direct with the allies and until the big Tebaljala battle has been fought the diplomatic situation is not likely to be changed.

Servia Demands Support. It is said that any attempt by Servia to encroach on Albania will be regarded by Austria as a casus belli. On the other hand Servia contends that the total annihilation is a matter of life and death for her, and she fails to see why her presence there should be detrimental to the interests of any other power.

Servia argues that she would only be regaining possession of what belonged to her before the downfall of the Serbian empire, when Adriatic seaports were flourishing towns.

The fall of Monastir is not confirmed, but is considered not improbable. The Greeks are crossing the Varda River and the fall of Saloniki is reported imminent.

IRISH AUTO TOURS DIVERT

Animals' Anxiety to Make Acquaintance With Cars Feature of Trip.

LONDON, Nov. 7.—(Special.)—In a lecture at the London Salon of Photography on the experiences of a motor-tourist in Northwestern Ireland, Arthur Marshall said that the manner in which the various animals on the unfrequented roads made their first acquaintance with the motor or was one of the things that lent light relief to an Irish trip.

Fowls invariably flew right in front of the wheels. Ducks were more sensible; they lay down flat in the middle of the road and let the car go over them without hurt. The pigs were the chief obstruction. On one occasion in Donegal no persuasion would remove a pig from the highway. Cold water and hot water, prods and pokes were unavailing. At length an arrangement was made by which the exhaust from the car was directed upon the back of the pig. That did it.

T. R. AHEAD IN MINNESOTA

Late Returns Overcome Wilson's Lead and Put State in Doubt.

ST. PAUL, Nov. 7.—Returns from country districts at midnight swelled the figures of Colonel Roosevelt and gave him a lead in Minnesota over Wilson. Earlier returns had indicated that Wilson had carried the state. Eighteen hundred and eighty precincts complete out of a total of 3963 in the state give Roosevelt 21,325, Wilson 24,117 Taft 59,729.

Returns increased Governor Eberhart's lead for re-election over his Democratic opponent, N. Rigdahl,

LANDSIDE CARRIES CANNON TO DEFEAT

"Uncle Joe" Loses Out Second Time in Forty Years' Career in Congress.

WINNER GOOD CAMPAIGNER

Frank O'Hair, Democratic Successor to ex-Speaker, Works Among Farmers in Fields and Personality Wins Him Victory.

DANVILLE, Ill., Nov. 7.—(Special.)—For the first time since 1890 and for the second time in his career of 49 years in Congress, Joseph Gurney Cannon has been defeated for re-election by voters of the Eighteenth District.

A "shoe-string," consisting of six counties, extending from Kankakee on the north to Cumberland on the south, apportioned in such a manner that the heavy Republican counties of the north outweighed the voting power of the small Democratic counties of the south.

"Uncle Joe" has been so firmly entrenched that nothing short of a political revolution could oust him.

Contributing causes for his defeat were the Republican votes secured by E. F. Royce, the third party candidate, and the strong personality of his chief opponent, Frank T. O'Hair, of Paris, who has won the election by about 500 plurality.

For several terms Democrats were so disheartened by the great Republican majority in the district that they made little effort to oppose the ex-Speaker.

Last Spring Democratic leaders, encouraged by the previous elections, determined to give Cannon a fight for his life, selected Frank T. O'Hair as their leader and, with the solid support of their party, reinforced by the Progressive movement, made a strong and winning fight.

Winner Born in Log Cabin. Congressman-elect O'Hair was born 42 years ago in a log cabin in a remote section of South Edgar County, and his boyhood years were spent upon a farm.

After graduating from the common schools, he studied law at Purdue University. Upon receiving his degree he returned to the capital of his home county to practice law.

He accepted the nomination of his party reluctantly, but, after getting into the fight, astonished the old campaigners by the novelty and success of his methods.

While ex-Speaker Cannon was hurling statistics at his audiences, O'Hair quietly circulated among the people in a "get-acquainted" campaign that included every town, city and crossroad community in the district, during which he repeatedly made speeches. Frequently he went into the fields and worked alongside farmers while talking to them. Attired in an old suit and a rusty slouch hat, with pockets bulging with good cigars and a handkerchief containing a grip like a vise, he stormed the voter under his own vine and fig tree.

O'Hair Won Common People. During the last days of his campaign he went over the same ground, speaking at the principal places, and his eloquence and ability as a logician, coupled with a rare ability to tell the homely stories that appeal to the common people, resulted in great crowds flocking to hear him.

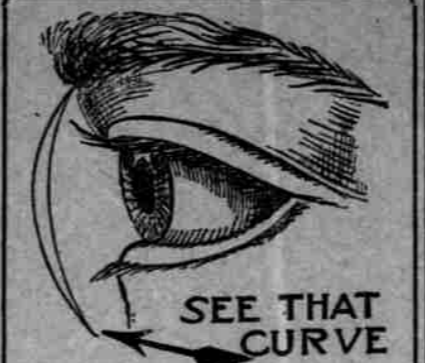

Mr. O'Hair married the daughter of O. D. Houston, a prominent Paris Republican, and his courtship campaign during a contest for Mayor of that city, during which he was pitted against his future father-in-law in the bitterest city campaign the city had ever experienced, forbade him in the heat of the campaign to enter the home of his opponent, he hid his affairs of the heart for a time and persisted in his quiet fight. The election of Houston was quickly followed by a reconciliation and his marriage to his successful opponent's charming daughter followed. They reside in a handsome home in Paris and have a pretty 5-year-old daughter.

Jean de Castellane, in charge of the French Red Cross mission at work there. He said the simple fortitude of the wounded was like the classic stories of the ancients. Recoveries from wounds are extremely rapid, due to the healthy and rigorous outdoor lives of the soldiers. He has seen wives begging husbands who were slightly wounded to hurry to get well so as to return to the front.

Undoubtedly supplies captured from the Turk have been invaluable for feeding the Bulgarian army. Much grain and flour and many flocks of sheep in preparation by the Bulgars in all departments to follow up their victory show the promptness with which they repaired the railroad from Kirk Killiseh to Lule Burgas.

EGYPTIAN SWINDLER TAKEN

Hafez Neguib Wanted for Series of Exceedingly Daring Crimes.

CAIRO, Egypt, Nov. 7.—(Special.)—The police have just succeeded in laying their hands on Hafez Neguib, a celebrated swindler, who has escaped from arrest on more than one occasion, and for whom they have been searching for nearly three years. There are no fewer than 18 charges against him from different parts of the country. He is a most daring and resourceful criminal, and among his offenses are those of obtaining money under false pretenses from a monastery in Upper Egypt on the pretenses of having treasure, and of entering the service of one of the administrations, from which he embezzled various sums. He also made a practice of robbing camel drivers (local headmen) in most barefaced fashion.

His own nationality did not, however, furnish his only victims, for he became the lover of a European lady in Cairo and strained her affection to its utmost limit by decamping with her jewels and money. His last exploit was to escape from the clutches of the police who had arrested him, and until a few days ago, when his presence in Cairo was suspected, he had succeeded in evading the vigilance of the authorities.

Russia Wins Contentment

BRUSSELS, Nov. 7.—(Special.)—The permanent Sugar Commission will meet at Brussels on December 9. The Russian government has recently demanded from all the powers that are members of the sugar convention a written undertaking by which they would permit Russia to increase the amount of her exportations if the exceptional circumstances of the present year, which compelled the Russian government to ask for special treatment, should again arise. Fears were expressed that the German government might refuse to agree to this demand. It has, however, consented, and the other powers have raised no objections.

LISBON, Nov. 8.—(Special.)—Telegrams from Rome announce that the Vatican has decided not to excommunicate the Portuguese priests, who have accepted pensions from the government, but to allow them to recognize the republic. Rumors had spread in Portugal that the Vatican was about to adopt an openly hostile attitude.

Extortion of money from J.
