3,000,000 APPLES AT SPOKANE SHOW

Exhibits, 2000 in Number. Range From Five-Carload Lot to Plate of Four.

MME. GADSKI ON PLATFORM

With Governor Hay and President Strahorn Big Event of Fifth Year Is Successfully Launched. Yakima's Display Largest.

SPOKANE, Wash., Nov. 11.—(Special.)—With approximately 2900 exhibits, consisting of 3,000,000 apples, ranging from a five-carload lot to a plate of four apples, the Fifth National Apple Show opened this morning at the Interstate Fair grounds. Mme. Johanna Gadski, Governor Hay and President Strahorn of the Apple Show, surrounded by officers and trustees of the show and the trustees of the Chamber of Commerce, occupied seats on the platform and successfully launched the fifth great apple undertaking started by Spokane. The largest exhibitor is the Yakima Valley Fruitgrowers' Association, with a shipment of five carloads of "Y" brand apples. These consist of one car yellow Newtown pippins, one car Spitzenberg, one car Winesap, one car Whitewater pippins and one car Arkansas blacks. The exhibit is in charge of W. P. Romans. As outlined by Mr. Romans, the purpose of the association is to make "Y" brand mean to apple as what "sterling" means to silver. Next in size is the exhibit of the Wenatchee Valley Fruitgrowers' Association, with two carloads, one of Winesap and one of mixed varieties. The ten-box, five-box and one-box exhibits outnumber these of any former show. King Pip Y's royal apple as propounded by his chief and Order of Baskops consisted of 500 bushels of apples, cored and quartered, one and one-quarter tons of sugar, 500 pounds of spices, water to salt, case of lemons, 50 pounds of butter, salt and eggs and 2500 pounds of flour. It required the services of 350 Enlakers and helpers one hour to deliver the ingredients to the pot, which is the largest of its kind in the world and weighed 19 tons when full of sauce. Two and one-half hours was used in cooking and two hours to serve the hundreds of people. Albany Chautauqua Body Named. ALBANY, Or., Nov. 11.—(Special.)—

The executive board of the Albany Chautauqua Association has appointed the following committee chairman to arrange for the fourth annual Chautauqua Assembly at this city: Grounds and equipment, J. S. Van Winkle; finance, F. M. French; transportation, J. L. Tomlinson; educational, C. E. Sox; athletics, D. O. Woodworth; advertising and publicity, H. E. Morton. Each chairman will select the members of his own committee and work will go forward during the winter in the development of plans for next summer's Chautauqua.

MOUNT ANGEL ELECTS CAPTAIN OF 1914 BASKETBALL TEAM.

RONALD KENNEDY. MOUNT ANGEL, Or., Nov. 11.—(Special.)—Since football has been discontinued at Mount Angel College, the students have turned their attention to basketball. At the first call of Coach Rastler about 15 candidates turned out for the first practice of the season. Ronald Kennedy, last year's captain, and John Schlier manager. As only two members of the team remain—Pick at guard and Kennedy at forward—there is much rivalry among the candidates for positions on the team. Scholz, the former Columbia University star, is making a hard fight for the other forward position. The most promising of the new men are Vaughn and Dusseau at forward, Kronberg and Brophy at guard. Manager Schlier announced that games would be arranged with Pacific University, Chemawa Indian School, Dallas, Philomath, Columbia University, Oregon Agricultural College and other fast teams.

HOME RULE PARTY SUFFERS SET-BACK

British Unionists Force a Snap Division and Win Decisive Victory.

CABINET WILL NOT RESIGN

Coup Planned by Younger Members Effectively Executed While Opponents Are Numerically Short and Divided on Points.

LONDON, Nov. 11.—While the House of Commons was debating the financial provisions of the home rule bill in committee today, a vote on an amendment offered by Sir Frederick Banbury, a Unionist member, City of London, resulted in an opposition victory by a majority of 22. The Conservatives were jubilant and loudly demanded that the Liberal government resign, which according to precedents, it should do, if the vote, which was 228 to 206, was a genuine test of the strength of the government on the measure. The temporary defeat of the government caused a great political sensation, but did not result in its retirement. The cabinet held a meeting tonight and decided to present a resolution in the House tomorrow, which will be practically a demand for a vote of confidence, and after some preliminary red tape, will endeavor to have Sir Frederick Banbury's amendment resubmitted and expunged.

Younger Element Makes Coup.

The younger Conservatives prepared the trap for the home rulers and succeeded in getting a vote when many members were in the country or absent from the House, not expecting that important business would be taken up. The government's average majority on previous details of the bill have been in the neighborhood of 100. There has been much dissatisfaction, however, among members of all parties over the provision compelling other sections of the United Kingdom to contribute to the support of Ireland without a vote in the expenditure of money. The cabinet council held after the government's defeat lasted two hours, at the end of which its decision not to resign was announced. Snap Division Government Verdict. An official statement which was issued, says that "the adoption of the amendment clearly was due to a snap division on a motion which was not

even put on the order paper and which was destructive of the resolution passed November 7 by a majority of 211. "The government, therefore," the statement concludes, "does not consider that its defeat necessitates any change in its programme, which, in respect to home rule, has been supported by a majority seldom short of 100."

The maneuver to defeat the government was carefully planned by the Unionists. They were only 40 short of their full strength in the division, while the other parties, not expecting the vote, had not urged their members to attend so early in the day. The government defeat will have the effect of dislocating the schedule arranged with the view of passing the bill before Christmas.

Irish Protection Feared.

Sir Frederick Banbury moved an amendment providing that the total payment for the imperial preference to the Irish Parliament should not exceed \$12,500,000, exclusive of the amount received from Irish taxation and having regard to the amount saved in the Irish administration by the transfer of certain services to the control of the Irish government. There has been considerable opposition among the members on the Ministerial side of the House to the financial provisions of the home rule bill. Some 70 Liberal members have given voice to their objection to the Irish parliament being given control of the customs, as they argue such control would enable the Irish Parliament to introduce protection. The followers of William O'Brien only this morning announced their intention of withdrawing from the committee during the proceedings of the committee on the financial clauses of the bill. Snap divisions during the meetings of the committee of the House of Commons are not unusual, although this is the first experience of the kind in the present government. Arthur J. Balfour, when he was Premier, suffered in this way several times during his last Parliament.

CALIFORNIA CASH COMES

Waldo Placer Mining Circles Aroused Over New Capital. GRANTS PASS, Or., Nov. 11.—(Special.)—Considerable activity has been awakened in mining circles this week owing to California capital seeking investments in placer grounds near Grants Pass. The instruments drawn up by the grantors for a year at any time give the grantees an opportunity to take over 1600 acres of farming land, including the farms of H. M. Profferty, D. S. Shafer, W. O. Kohler and C. A. Harvey. Judge Carroll, of Tacoma, is behind the deal of the company, the California Mining concern. The farms included in the deal will be free to the owners to continue in possession for the balance of the year. Before a large amount of machinery is installed the company intends to make demonstrative tests by drill work and sinking of shafts. The Grants Valley has always been very rich in Oregon along the upper creek benches, and in early days the pockets of miners were well filled with the diggings gone over.

HAY AWAITS COUNT

Governor Won't Concede Victory to Lister Yet.

RACE HOT, DIFFERENCE 734

If Defeated, Private Business in Spokane Will Be Next Move of Executive Who Starts Work on Message Soon.

SPOKANE, Wash., Nov. 11.—(Special.)—Admitting that on the face of the returns Ernest Lister, Democrat, seems the leader for Governor, yet determined not to give up until the official count is complete, Governor Hay arrived in Spokane today to open the National Apple Show. The Governor is far from being gloomy over the result of the election. "I'm not going to give up hope or concede anything until the official count is complete," said the Governor. "The race is close and the official count will be necessary to confirm it. One day last week I virtually conceded that Mr. Lister had been elected, but ten minutes after the words were spoken I had returns that made the situation look much more favorable. As it stands now, I figure Lister is leading me by 734 votes. I am anxious to see the official count completed as quickly as possible. The Governor said that he intended to start work next week on his message to the Legislature of 1915, which will be delivered when that body convenes next January, prior to Lister's inauguration, should the latter finally win.

Keeping the Body in Repair

Nature intended that the body should do its own repairing—and it would do so were it not for the fact that most of us live other than a natural life. Nature didn't intend that we should wear corsets, tight collars or shoes, nor live in badly ventilated and draughty houses, nor eat and drink some of the things that we do, nor ride in street cars when we should walk. The consequence is that the body when it gets out of order must look for outside help to make the necessary repairs. For weak stomachs and the indigestion or dyspepsia resulting, and the multitude of diseases following therefrom, no medicine can be more adaptable as a curative agent than DR. GRANT VISITS LODGES NOW

Knights of Pythias at Brownsville Welcome Grand Vice-Chancellor.

ALBANY, Or., Nov. 11.—(Special.)

Frank S. Grant, City Attorney of Portland, who was chosen at the recent session of the grand lodge of the Knights of Pythias in Portland as grand vice-chancellor of the Knights of Pythias of Oregon, has begun making official visits to lodges of the order. He visited the lodge at Brownsville Saturday evening and addressed an enthusiastic meeting. Grant expects to visit every lodge of the Knights of Pythias in the Willamette Valley during the coming year. For many years he has been active in the work of the order and is one of the best-informed men on Pythianism in the state and his splendid addresses on the history and ideals of the order will be a prominent feature of the work in many Oregon lodges during the coming winter.

NOTHING EQUALS S.S.S. FOR OLD SORES

Nothing equals S. S. S. as a cure for Old Sores because nothing equals it as a blood purifier. The source and supply of every chronic sore is impure blood; the circulation is infected with germs and morbid accumulations which are being constantly deposited into the open place. This causes ulceration and inflammation of the flesh tissues and produces a condition upon which salves, washes, lotions, etc., can have no curative effects. The blood must be purified of all infectious matter before the circulation can nourish the flesh tissues and stimulate them to the healthy condition necessary to heal the sore. S. S. S. heals old sores by going down to the fountain-head of the trouble and driving out the germs and morbid matters which are keeping the ulcer open. Then as new rich blood is carried to the place, the healing begins, all discharge ceases, the inflammation leaves, new tissue and healthy flesh are formed, and soon the ulcer is well. You are not wasting time when you use S. S. S., but you are giving yourself the benefit of the very best treatment for old sores. Book on Sores and Ulcers and any medical advice free. S. S. S. is sold at drug stores. THE SWIFT SPECIFIC CO., ATLANTA, GA.
