

HARMONY SOUGHT THROUGH CABINET

President-elect Intimates He Will Recognize All Sections and Factions.

BRYAN VARIOUSLY PLACED

Portfolios of State and Justice Suggested, as Well as Ambassadorship — O'Gorman's Name Figures Prominently.

WASHINGTON, Nov. 12.—The return of Democratic sentiment and Representative bringing out a renewal of Cabinet discussion, although the talk is still wholly conjectural, nothing having come from President-elect Wilson to indicate his line of action.

Incoming Democratic statesmen predict that in filling his Cabinet Mr. Wilson will give precedence to New York, another to New England and a third to Ohio or one of the other states of the Middle West.

It is the view of Congressional circles that at least two of the seats at the Cabinet table will be assigned to the South, that one will go to the Pacific Coast and another to the states immediately west of the Mississippi, including Missouri, Iowa, Kansas and Nebraska.

Bryan Subject of Speculation.

With this distribution there would be left two Cabinet offices that might be filled for reasons of peculiar fitness or expediency.

Senator O'Gorman's name figures prominently in the talk of Cabinet possibilities and speculation would assign him to the Department of Justice. The availability of William J. Bryan is also much discussed for the Department of State or for Attorney-General and one Democratic Senator has coupled Mr. Bryan's name with the Ambassadorship to London.

While the prevailing opinion among Democrats now in Washington is that a Cabinet position may be offered the Nebraskan, opinion is divided as to his acceptance. Mr. Bryan has declined to discuss Cabinet possibilities, and has laughingly put forward efforts to draw him into an expression as to his own willingness to accept an appointment.

Senator Gardner of Maine, Representative Burleson, of Texas, and Ellis L. Moore, chief of the Weather Service, are all advanced for the position of Secretary of Agriculture. Josephus Daniels, of North Carolina, and William F. McCombs, of New York, are considered in all gossip of possible Cabinet appointments.

To the rumor afloat in the City Hall that Mayor Rushlight will stand for renomination in the primaries next spring on the Republican ticket, the city executive offers a non-committal reply, although many of his friends have made the announcement as though the affair is entirely settled.

CLIMAX IS PASSED

Socialism Is Definitely on Wane in Milwaukee.

OPPORTUNITY NOT GRASPED

Complete Failure of Party, When Machinery Was Within Its Grasp. Limits Tenure in Office to Single Term.

MILWAUKEE, Nov. 12.—(Special.)—That Socialism has reached its climax in Milwaukee, and is now dropping backward, is the declaration of political observers here as a result of the election by which Victor L. Berger, the lone Socialist member of Congress, was defeated, and every Socialist officeholder in Milwaukee County was voted to private life.

The Socialist vote showed a great falling off over the Spring election figures, and although there was a gain in the state, Milwaukee Socialists actually lost ground. In the state the Socialist vote will total about 60,000, running even with that for Roosevelt. Four years ago it was only half that figure, and the gain is more significant, for the state total vote this year shows a falling off of more than 100,000 from the complete figures of 1908.

BERGER'S DEFEAT DECLINE. Berger was defeated by more than 2000 votes. This was in the face of the fact that a redistricting of his congressional district took from him the county precincts of Waukesha County, where Socialists are unknown, and gave him instead two city wards, the strong Socialist precincts in the city. The loss in the total Socialist vote over the Spring election was \$519 votes.

200 SURGEONS IN CLINIC

Leaders in Medical Profession Will Scalpels for Charity.

NEW YORK, Nov. 12.—Nearly 200 leading surgeons of the world wielded the scalpel for charity in New York's hospitals today. In 171 institutions in the city clinics which were held by members of the Congress of Surgeons of North America gathered here, more than 2000 strong, for their third annual convention. European surgeons also are here as guests.

CAUSE IS LOSS IN MILWAUKEE

In Milwaukee, however, the red flag movement appears to be finally lost, and it can be said to have accomplished its purpose in municipal affairs. The Socialists were beaten in the city election last Spring by a fusion of Democrats and Republicans and the Fall when county officers were elected, the same fusion accomplished the same result.
