

PORTE'S APPEAL IS ADVISED BY RUSSIA

Request for Armistice to Arrange Peace Is Made Direct to Bulgaria.

INTERVENTION NOT NEEDED

Powers Arrive at Some Sort of Agreement, It Is Said, but Too Late—Internal Trouble Is Felt in Constantinople.

LONDON, Nov. 12.—The Porte, on the advice of Russia, has instructed Nazim Pasha, the Turkish commander-in-chief, to apply to the Bulgarian commander for an eight days' armistice, with a view to opening direct negotiations for peace.

This decision seems to show that Turkey has little hope of being able to hold the Tchatalja lines against the Bulgarian advance. There is no news, however, as to how the Bulgarian commander met the Turkish request.

The situation at the front is confusing, owing to the paucity of news allowed to filter through from either side. Clearly there has been heavy fighting, as on November 12 Constantinople reported that numerous wounded men were arriving from the front and the almost invariably correct Vienna Reichspost correspondent has reported the capture of a position by Bulgarians in the neighborhood of the Tchatalja lines.

Attack Delayed by Rain. The same correspondent says now the main attack on Tchatalja has been delayed two days by rain.

The powers at last have arrived at some kind of agreement with respect to mediation. It is assumed, however, that now the Porte has opened negotiations with Bulgaria, European intervention will not be needed.

The diplomatic situation is easier, but the French Premier, Mr. Poincaré, in a speech in Paris tonight did not speak too hopefully and proof that all danger is not past is seen in ominous reports from Austria and Russia of unusual troop movements and mobilization in Russia's western provinces.

Poincaré Is Hopeful. M. Poincaré declared it essential that Europe advance no pretensions as to the fruits of the allied victories, and he expressed the fervent belief that it would be impossible that the Balkan difficulties could lead to a war—the most frightful that ever laid Europe low.

The report that the Servians have reached Durazzo is not confirmed and no news has been received from other fronts.

Serious internal difficulties are developing in Constantinople and the guard has taken strong action in arresting the Young Turk leaders.

MAIN ATTACK IS CONTINUED

Bulgarians Drive Turks From Posts Before Constantinople.

VIENNA, Nov. 12.—The main Bulgarian attack on the Turkish forts along the line of Tchatalja in front of Constantinople is now progressing favorably, after being delayed for two days because of the difficulty of transportation of the heavy rain, according to the correspondent of the Reichspost at Bulgarian headquarters, in a dispatch dated today.

The Turks, he says, have been driven from their advance posts. In another dispatch the correspondent says the Turkish lines captured during the sorties made by the garrison of Adrianople declare the Bulgarian artillery fire was unbearable. The Turkish troops engaged in the sorties had only a few biscuits to eat. They treated their officers' commands to advance with indifference and stirred only when the Mussulman priests intervened.

The utmost confusion prevailed among the beleagued. Turkish troops fired on one another in the darkness, while the Bulgarian artillery continued to rake their ranks and the infantry finally closed in on them.

The Turks in Adrianople have been kept in ignorance of the defeat of the main Turkish army.

BATTLE AT TCHATALJA STOPS

Cessation of Fighting Believed to Be Due to Armistice.

CONSTANTINOPLE, Nov. 12.—In the last 48 hours, according to advice received here, there has been no fighting on the Tchatalja lines, owing, it is believed, to the fact that the negotiations for an armistice are proceeding direct with the Bulgarians.

Another factor which probably has contributed to the cessation of fighting is the outbreak of cholera in the Bulgarian lines. The Englishman in charge of the Karaburun lighthouse reports that Bulgarian scouts have been loaded with refugees from Shifli, wounding one.

RIEKA, Nov. 12.—The Austro-Hungarian Minister made diplomatic representations yesterday to King Nicholas with reference to Montenegro's action against Alessio and the Port of San Giovanni di Medua. He said these two places were reserved for autonomous Albania.

To this the King replied emphatically that no such reservation had been made.

SPAIN IS IN MOURNING

PRESS OF EVERY PARTY CONDEMNNS ASSASSIN.

Canalejas Lauded as Man Who Labored to Ameliorate Condition of Poor.

MADRID, Nov. 12.—The body of the Spanish Premier, Jose Canalejas, was entombed in the Spanish Pantheon this afternoon with the highest national honors. The entire nation is in mourning and all civil affairs and business was suspended in Madrid until after the ceremony.

The press of all shades of opinion condemns the assassin and lauds Senor Canalejas as the finest type of Spaniard, who, in addition to being a great statesman, had devoted himself to the amelioration of the condition of the poor.

The Republican press protests against the assertion that the assassin represented an attempt to avenge the execution of Ferrer. Manuel Parandinas, the assassin, died, according to the police, without making any statement. The exact motive for the deed remains a mystery.

LEBANON PLUM ATTRACTS

Active Campaign Being Waged to Land Postmastership.

LEBANON, Or., Nov. 12.—(Special.)—An active campaign has been started here by the Lebanon Democrats for appointment as postmaster for this place. W. M. Brown, the Republican incumbent in the office, will have served eight years in December of this year. He may be reappointed when his term expires, as he has no opposition among Republicans, but the Democrats do not intend to allow him to hold the office longer than possible after the change in the Administration next March. The office is a Presidential one and pays about \$1800 a year, and there are not less than six Democrats who are willing to undertake the job.

Waldport Fight Still On.

WALDPOR, Or., Nov. 12.—(Special.)—The election fight is still on here. At the recent election the precinct went "wet," but owing to alleged illegal voting the ballot may be thrown out. In case it stands, however, the city will ballot upon it the first Tuesday in December and it is thought the city will go dry.

Government Cannot Proceed.

There was a long parliamentary discussion and then Mr. Asquith said that no notice had been given of the amendment offered by Sir Frederick Banbury and that its discussion was brief. He doubted if the members on either side had appreciated its importance. It would reduce the \$30,000,000 which it was proposed to transfer to the Irish government to \$12,500,000. "If the decision reached Monday remains unretreated," said the Premier gravely, "or, on reconsideration, is found to be the deliberate judgment of the house, it would be impossible for the government to proceed with this bill. There are two reasons for this.

First Lord of the Admiralty, Mr. Churchill, whom it struck full on the chest. There was an ugly rush from the Liberal benches, but the cooler heads held back their colleagues. For a moment a battle of fists seemed imminent. The peace-making voice of Will Crooks was raised in song. "Should Auld Acquaintance Be Forgot?" there took up the refrain and gradually flowed into the lobbies. At a Cabinet meeting later it was determined to adhere to the programme.

AVIATOR FALLS FROM PLANE

Air Student May Die as Result of 150-Foot Drop at San Diego.

SAN DIEGO, Nov. 12.—Falling 150 feet from his biplane at the Curtiss aviation school, North Island, before noon, Edwin Williams, a student aviator, lies unconscious at Agnew Hospital, and a consultation of physicians is being held to determine the exact extent of his injuries, which may prove fatal. Williams was flying a Curtiss biplane over the North Island course. He had been up only a few moments when the machine was seen to veer suddenly and then shoot downwards, dislodging Williams from his seat. He was terrifiedly mangled by the fall. Both legs are known to be broken, while his body is a mass of cuts and bruises. Internal injuries also are feared.

ADJOURNMENT IS FORCED

Trouble Arises Over Premier's Effort to Annul Action Already Taken to Defeat Financial Feature of Bill.

In the first place, a mortal blow would have been struck. Mr. Bonar Law—"Has been—Mr. Asquith." At the financial arrangements of the bill. Finally, I hold that a bill passing this house should receive upon all substantial and vital points the assent of the majority of the house. Asquith Argues From Precedent. Mr. Asquith proceeded to point out that last week they had a majority of 121 on a question similar to that raised by Sir Frederick Banbury. He argued that there were precedents for the course proposed. Mr. Bonar Law replied that the established rule of the House was for one decision on a resolution. The government's proposal, he declared, was an affront to the House. Captain Craig, Unionist, for East Down, said: "The government's supporters are here under monstrous and degrading circumstances. A change in the government under the present international conditions—if that is the ground for the government's clinging to office—will have the whole-hearted support of the Unionist party." He then moved adjournment, which was defeated, 327 to 218.

Government Told to Resign.

Then the storm broke. Sir Frederick Banbury moved that a decision reached could not be reversed at the same session. "The only honorable alternatives resignation or dissolution. All the respect with which the members of the minority are treated is to have the same thing, grinning like apes. The Government is only a circus led by rebels. The best thing the Ulster members can do is to go home and make preparations to resist home rule." Louis Harcourt, Secretary of State for the Colonies, attempted to speak. He was on his feet for several minutes. Ever's sentence was drowned by loud shouts and derisive cries for Lloyd-George. He finally took his seat. The Attorney-General, Sir Rufus Isaacs, had the same experience.

London Scandal Injected.

Henry Page Croft, Unionist, for Christ Church, shouted: "The name of this government stinks in the City of London." This referred to various alleged financial scandals. The speaker finally adjourned the House for one hour. Immediately it reconvened, Sir Rufus Isaacs was on his feet amid shouts of "adjourn."

Mr. Asquith, white and indignant, faced the attack with folded arms.

The air was thick with papers and hats. At length the Prime Minister stalked to the door, greeted with yells of defiance and approval. Suddenly a Unionist member, Ronald McNeill, rushed to the clerks' table and seized a heavy volume. He hurled it at the
