KRASNER IS SENTENCED

SALOONKEEPER MUST SERVE 9 MONTHS IN JAIL.
Judge Imposes Light Penalty Because Harris, Co-Defendant, Will Not Be Prosecuted.

Frankly saying that he would have imposed a much heavier penalty had not the District Attorney's office announced an intention not to bring Harry Harris, Krasner's codefendant, to trial, Circuit Judge Gantenbein yesterday sentenced Sam Krasner, North End saloonkeeper under conviction for extortion, to nine months' imprisonment in the County Jail.

LODGING-HOUSES DEFINED

"Tintplate" and "Hotel Bonding" Ordinances Create Some Confusion.
Because of hundreds of inquiries at the office of the City Attorney and Mayor Rushlight regarding the provisions of the recently enacted "tintplate" and "hotel bonding" ordinances passed by the Council, City Auditor Barbur has had a large number of copies of the measure prepared for distribution.

Almost every day since the ordinances were signed by Mayor Rushlight the City Hall telephones have been busy with calls from persons seeking information on the measure. In addition a large number of persons have appeared at the Mayor's office and the office of City Attorney Grant in person.

There is considerable confusion regarding the class of lodging-houses covered by the bonding ordinance. Many people have the impression that every house where furnished rooms are rented is affected by the terms and will be required to deposit a bond of \$1000 with the city. The ordinance provides that a hotel, rooming-house or lodging-house, under the terms of the ordinance, shall be deemed any house or building containing ten or more rooms which are rented for sleeping purposes.

H. C. VAN METER PASSES

CHRISTIAN SCIENTIST PROMINENT IN LOCAL CHURCH.
Formerly Was First Reader in First Church and Latterly Directed Publicity Work of District.

Howard C. Van Meter passed away suddenly Thursday night at 11 o'clock at his home, 418 East Fifteenth street North, from an attack of heart trouble, aged 43 years.

Mr. Van Meter was prominent among Christian Scientists in Portland. For some time after his arrival here he held the position of first reader in the First Church of Christ, Scientist. Later he resigned this position in order to act as head of Christian Science Board of Publication work in the Portland district. For a time after taking this position he continued his work as a healer, but latterly had almost completely given it up, owing to the heavy demands made on his time by his publicity work. He contributed to all of the regular Christian Science publications.

Mr. Van Meter was born in Hudson, Wis., and while very young took up railroad work, in which he remained for about 24 years. He was in the employment of the Chicago & Northwestern and the Great Western railways at different times. A number of years ago he took up the study of Christian Science and some time after becoming a Scientist abandoned his railroad work, devoting all of his time to study and practice.

His illness first appeared serious about a week ago, when Dr. E. P. Geary was called to diagnose his trouble. A few days later Mr. Van Meter telephoned to Dr. Geary, saying that he was much better. In view of the apparent improvement in his condition his death came as a surprise to everyone. Mr. Van Meter is survived by no

COMAN OFFERS PRIZE CUP

North Bank Official Interested in International Dairy Show.
Manager Plummer, of the Pacific International Dairy Show, has received advice from W. B. Coman, general freight agent of the Spokane, Portland & Seattle Company, that they would give a beautiful silver cup for the best bull 3 years old and over, any breed, at the show. With the cup offered by the O. W. R. & N. Company for the

BOOK IS FOR DEBATERS, TOO

"The American Government" Proves Handy and Valuable Volume.
It is characteristic of the increased interest in public affairs of this country that school debating societies, both in the cities and in the rural districts, are turning their attention more and more toward discussion of present-day problems of government. Senators and Representatives in Congress are daily in receipt of scores of letters from school debaters asking for information on this, that and the other matter of governmental activity and political interest.

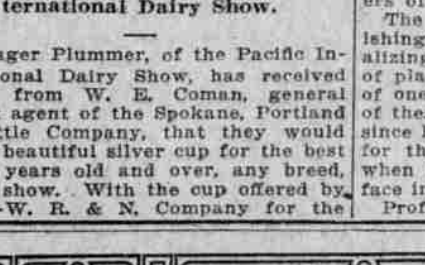

It is not surprising, therefore, that the school debating societies gave a hearty welcome to "The American Government," by Frederic J. Haackin, a book that tells all about the work of the Federal Government, and tells it in an intensely practical way.

The book, which is now being offered to the readers of The Oregonian on such generous terms (see coupon on page 2) has been welcomed not only in the public and private schools as a reference work for debaters, but it has been used for the same purpose in night schools, church clubs and other similar organizations. It is a book that will interest everybody, instruct everybody, entertain everybody, and from which everybody will derive profit.

After the theater you instinctively turn to The Louvre as a grill where surroundings, service and entertainment are delightfully blended. Rigo, Gipsy violinist and lady singers, 6 to 8 and 10 to 11 P. M.

It is a misdemeanor to throw a piece of waste paper upon a Paris street.

best senior heifer, and one by the Northern Pacific for the best cow 3 years old or over, there is keen interest being stirred up among the owners of the four breeds shown. The herdsmen are all putting a finishing touch to their prize animals, realizing the fact that a few hairs out of place may determine the ownership of one of these handsome cups. Many of these herds have been on the circuit since late in August, and it speaks well for the faithful care of the handlers, when it is almost possible to see one's face in their shiny skins. Professor Marshall, of the Univer-
