Visitors to the Capitol in Washington always are interested in one curious survival of the pomp and

ceremony of old England that is maniceremony of old England that is manifested every day in the House of Representatives—the significance of the mace. The beginning of every daily session of the House is marked by the elevation of the mace, in the hands of the sergeant-at-arms, to its place on a pedestal by the side of the Speaker. When a member transpresses the rules of debate, or when the House gets in an uproar, the sergeant-at-arms bears the mace into the middle of the fray and, as the emblem of the dignity and the majesty of the House, it never falls to restore order.

the majesty of the House, it never lais to restore order.

The mace was originally a weapon, a hammer used to beat down soldiers profected by armor. A king's mace in those days, being heavy, was borne hefore him by a sergeant-at-arms. Richard of the Llon Heart was the Richard of the Llon Bear.

DR. YOUNG SPEAKS FOR CON-STRUCTION OF AUDITORIUM.

Pastor of First Methodist Church Be lieves Site for Building Should Be Chosen.

Rev. Benjamin Young, pastor of the First Methodist Church, believes that there should be no more delay on the part of the Municipal Auditorium Commission in selecting a site and beginning the construction of the audi-

Portland is missing many good things every year as it is now, on acin which to hold large gatherings," he said yesterday. "We should proceed said yesterday. "We should proceed at once to remedy the lack. Further delay at this time is foolish. "The people voted \$600,000 for the auditorium and have shown themselves

anxious to have it built. I think that in the recent elections it has been clearly shown that the people know, moreover, how much they want to pay for their auditorium. They do not seel

an architectural monument, but a practical auditorium, which will be suitable for convention gatherings.

"It is all very true that the finer the building the better pleased the people will probably be, but the primary consideration is not magnificence. in the structure but suitableness to the needs of the community. "The average citizen manifestly

feels, if we are to trust the popular expression at the last election in the city, that \$600,000 is sufficient for the erection of such a building. It is not then, a matter of how the Commission feels about it at all. It is for the Commission to go to work at once and secure for the city the most satisfactory mu-nicipal auditorium that can be built

nicipal auditorium that can be built for the sum of money which the citi-zens have been willing to set asside for that purpose."

Dr. Young, while he is not opposed to the suggested site at Nineteenth and Washington, thinks it out of the ques-tion on account of its cost considering tion on account of its cost, considering the limited funds at the disposal of the Commission. He suggested either the Market block or the block on Fourteenth street, occupied by the old Lin-coln High School building. Either one of these, he said, ought to be a good site for the building of the auditorium vas lesued today in the country of the standard of the country of

### LAD IS SENT TO ROCKPILE Authorities Give Up Hope of Reform-

ing John Davis.

Hope of reforming John Davis, clung to by Juvenile and Municipal Courts and other authorities over a space of years, was finally abandoned in Munic-ipal Court yesterday when the boy was sent to the rockpile for 50 days and to serve out a fine of \$200. The sentence was on account of the arrest of Davis Saturday night on a charge of being drunk. It was shown also that he has been associating with a gang of ex-convicts.

Davis, according to court records, is guilty and a fine of \$50. Davis has been a victim of the cocaine habit for years and at the time of Miller's arrest was serving a term at the rock-pile. He was released apparently cured of the habit and was an important witness at the Miller trials. From time to time since he has been caught in circumstances tending to show that he had not broken away from the use

as on many other occasions, and did what she could for her son.

This Home-Made Cough

Quickly. A Family Supply

Here is a home-made remedy that takes hold of a cough instantly, and will

enough for a whole family. You couldn't buy as much or as good ready-made cough syrup for \$2.50.

Mix one pint of granulated augar with ½ pint of warm water, and stir 2 minutes. Put 235 ounces of Pinex (fifty cents' worth) in a pint bottle, and add the Sugar Syrup. This keeps perfectly and has a pleasant taste—children like it Braces up the appetite and is slightly

and other throat troubles, sore lungs, etc. There is nothing better. Pinex is the most valuable concentrated compound of Norway white pine extract, rich in guaiacol and all the natural healing pine elements. Other preparations will not work in this formula.

The prompt results from this inexpen-sive remedy have made friends for it in thousands of homes in the United States and Canada, which explains why the plan has been imitated often, but never

pian has been imputed often, but never successfully.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

Pinex is fully guaranteed by Laucavis Drug Co. (distributers), Portland.

Was Hurt in Sawmill Discovered by Relief Workers.

The publicity given to the financial campaign of the Associated Charities has brought to light many sad cases of poverty which otherwise might have never been referred to any agency for assistance. Such a one is that of John and Mary

60 years of age. A short time ago the husband was injured in a saw mill. The man refused the small settlement offered and suit is being brought. In the meantime Hanson is unable to work, the rent is due, and when an many, agent of the Associated Charities called yesterday, they were without food. Their immediate needs are being

permanent help may be obtained until been cared for but for the fact that the lawyer who referred the matter to the society had just been approached for a contribution by one of the society and just been approached Probably this case never would have for a contribution by one of the com-mittees and so he knew of the work which the organization is prepared to
