

DAIRY EXHIBIT IS MAGNET FOR 5000

Livestock Show Has Many Charms for Business Men and Women.

"REPORTER GIRL" IS BORN

Baby Guernsey Heifer Is Center of Attraction--Wisconsin Men Take Butter and Cheese Honors.

Attendance boomed at the Dairy Show yesterday. Until late in the afternoon every streetcar to the stockyards was crowded, and hundreds came in automobiles. Members of the Ad Club, wearing badges telling their names and lines of business, put in the afternoon admiring the aristocratic milk-producers, and with a large delegation of the Progressive Business Men's Club, and representatives of the Commercial Club and Chamber of Commerce, learned a few of the fine points of the game of breeding superior dairy stock.

Interest displayed in the judging of the Jerseys and the agricultural college students' general stock-judging contest. Competition was keen in the Jersey class, but in the Oregon class the splendid herd of D. H. Looney, of Independence, Or., was opposed by no other entries.

Washington Agricultural College took first in the students' judging contest, with 1750 out of a possible 2500 points. The first team of the Oregon Agricultural College was second, with 1714, and the second team of the same school third, with 1600.

Wisconsin Takes Honors. In the butter and cheese competitions Wisconsin appears to have carried off first honors, with Oregon a close second in both cases. L. W. Turner, of Montfort, Wis., took first for butter, with 97.50, and Peter Beier, both of Portland, second and third, the scores being 97, 96.5 and 96.1. It is possible that when the judges complete their grand averages today Oregon will find second leading, although the highest single score goes to the Badger state.

Announcements of the certified milk and cream withers awaiting only on the bacteriological tests and will be made today. It is a close race between E. L. Thompson, of Portland; the Linwood Dairy, of Astoria; J. D. Farrell, of Renton, Wash.; lacking the tests for bacteria, Mr. Thompson's entries have a trifling lead, but the honor for the purest may go to the Linwood Dairy, which has won the Pacific Coast states, with chances favoring Washington, because of its many excellent entries.

Much interest was taken yesterday in the sale by auction of five handsome Holsteins from the herd of Thomas Carmichael, of Gaston, Or. The sale arena was crowded and bidding was brisk. The five animals bring an average of \$271. The sale will be continued today at 1 o'clock.

Professor Marshall, of the husbandry department of the University of California, has bought a Junior yearling Jersey from the herd of John B. Stump & Son, of Monmouth, Or., paying \$600 for the handsome little animal.

The newest thing at the show is a lively baby Guernsey heifer, born in the exhibit building Sunday, in the herd of D. H. Looney, of Jefferson, Or. The infant has been christened Reporter Girl, in honor of the Live Stock Reporter, the stockyards semi-weekly paper.

No Admittance Charged. The Dairy Show is considered remarkable, in that no admittance is charged, none of its officers draw salary, that it is not incorporated and that its directors have no legal power to do business in its name. The show owes its success to the energy and initiative of a few men who are determined to put a live show on the map as a livestock center.

Sentiment grows apace for the permanent location of a great annual stock show here, the latest development being to incorporate with a large capital, the stockholders to be Oregon, Washington, Idaho, California, Utah and British Columbia stockholders.

Jerseys Are Judged. Judging was completed in the Jersey class down to the herd awards, which will be made today, with the following result: Aged bulls--First, Rochette's Noble, John B. Stump & Son, Monmouth, Or.; second, Oxford's Victory, Cannon Bros., Salt Lake City; third, Majesty's Oxford Lad, Riverside Dairy & Stock Farm, Salt Lake City; fourth, Soul King, W. O. Morrow, Independence, Or.; fifth, Mayfield's Wonder, George R. Mokei, Portland.

CONVICT'S EX-WIFE WEDS

Ernest Herald Wins Former Wife of George Edward Adams.

SEATTLE, Wash., Nov. 20. (Special.) Miss Emily Clary, divorced wife of George Edward Adams, who served a term in prison for gold thefts from the United States Assay Office in this city, was married today to Ernest B. Herald, a well-known lawyer and prominent Elk. Rev. W. A. Major, of the Bethany Presbyterian Church, performed the ceremony. The couple left for San Francisco for their honeymoon. Mrs. Herald was the daughter of the late Charles Clary, United States Bank Examiner. Her marriage to Adams eight years ago was a society affair. Adams was then chief clerk of the assay office at \$1800 a year and he bought a fine home on Capitol Hill. Two years later he was convicted of big gold thefts and was sentenced to McNeill Island. While he was there, in 1908, his wife procured a divorce and was awarded all of Adams' property, some \$48,000. At the time Adams wrote appealing letters to her asking that he be left enough to start him in honest business when he should be released. He was paroled last May and last September was arrested with John G. Webber, an old counterfeiter and a fellow-convict, charged with conspiracy to counterfeit money at their plant at Kent, near this city. Adams was working as a book-keeper in an automobile establishment and furnished Webber with the money for the plant. He is in the county jail awaiting trial.

\$5000 SALVE GIVEN

Damage Suit of Contracting Plumber Settled.

'BLUE BOOK' CASE FIGURES

Rudolph G. Fleischer Alleges That Refusal by Wholesale Houses to Fill Orders Worked Hardship to Extent of \$20,000.

When the damage suit of Rudolph G. Fleischer, contracting plumber, against the Crane Company, the Gaud Company and M. L. Kline, wholesale plumbing establishments, was called for trial in Circuit Court yesterday morning, Attorneys John F. Logan and Dan J. Malarky, representing the plaintiff, announced that the case had been settled for \$5000. In the complaint \$20,000 was demanded, Fleischer contending that the defendants had ruined his business by refusing to sell him supplies.

The trouble arose when John Lynde and E. C. Lynde, the latter now dead, dissolved partnership a few years ago. E. C. Lynde and Mr. Fleischer, who had come from Chicago, went into partnership. They did not belong to the famous "blue-book" combination of wholesale, master and journeyman plumbers, uncovered by the Federal Government about a year ago when it sued against a number of Pacific Coast plumbing establishments was started in the Federal Court at Los Angeles.

As a consequence they had great difficulty in purchasing supplies and were forced to resort to subterfuges of various kinds, the complaint set forth, such as purchasing through third parties and smuggling the supplies to their jobs under cover of darkness. Often it was charged, the plaintiff's identity was discovered after he had supplies on his wagon and he was told to unload. Spot cash, it was alleged, did not help him any.

The suit at Los Angeles resulted in a victory for the Government, the various defendants, including those against whom Mr. Fleischer brought suit, denying the allegations of the Government's complaint, but confessing judgment, on the theory, it was explained, that nothing was to be gained by contesting the suit. "Everything is lovely now," said Mr. Logan. "The Government threw such a scare into those fellows that they are making no discriminations."

Multnomah Football Roster

11--Earl C. Latourette, quarterback. LATOURETTE was discovered in 1906, when he played quarter with Lincoln High School, then Portland High. His rise was meteoric and when the football season of 1906 was laid on the shelf he was termed the best player had ever seen. His record was not of the short-lived variety and he came back the next year and was made all-star again.

Then he went to Oregon, where he filled the shoes of his brother, Jack Latourette, who played quarterback before him. Here he continued to perform with credit and in 1909 and 1910 was chosen all-Northwest quarter. The following year, his last at the school, he was honorably mentioned for second choice.

He is still playing his game and is one of the greatest of backfield men. His strong point is his work in an open field. He came from Oregon City, where he played with the Oregon City High School team. While in Portland he was under the tutelage of G. W. Henderson, one of the best of academic football coaches. Henderson is still lavish with praise for his erstwhile pupil and predicts that he will be as much of a star in the Multnomah games as he was in college and high school contests.

He weighs 155 pounds and is 5 feet 10 1/2 inches tall. "Sag," as Earl is popularly known, is a lawyer.

Drug Clerks Organize

Protest against the fact that Multnomah County is not represented on the State Board of Pharmacy was voiced by speakers at a meeting of 40 registered drug clerks at the Imperial Hotel last night, when an organization was affected to be known as the Oregon Registered Drug Clerks' Association.
