

—We Carry Only First Quality Rubber Goods, and the prices are based, in every instance, on perfect goods. The market is flooded with seconds and imperfect rubber goods that are offered at sensational reductions. Such rubber goods are only a snare and a delusion, as they never give the service of perfect rubber goods. Many of our rubber goods are made to our special order.

—We call particular attention to Winner line hot water bags, combinations and syringes. With each article we give the following guarantee: "These goods are made by expert workmen and of the finest grade of rubber and are guaranteed against any defect in material or workmanship." —The tubing and fittings are made of an excellent quality rubber.
