

# RILEY RESIGNS AS CAPTAIN OF POLICE

### Acting Official Complains of Low Efficiency Rating Given Him by Slover.

## LYON MAY FILL VACANCY

In Civil Service Examination Chief Recommends Him With Mark of 70—Keller Gets 100—Lyon and Craddock 95.

On the ground that the rating for efficiency given him by Chief Slover in the recent examination for the position of captain of police was such that he could not with dignity retain his command of the first night relief, Acting Captain Riley announced yesterday that he would return to the rank of sergeant, beginning today. The announcement, when made to the members of his relief, caused surprise and the retiring captain was cheered vehemently for the stand he took. Under the civil service rules, the Chief of Police gives a rating to the various candidates, which at the maximum is given a relative weight of 40 in the hundred in the final markings. Thus, if a candidate receives 100 for standing, and he receives 50, 20 points are added.

### Keller Gets Perfect Rating.

Chief Slover gave Joseph Keller the perfect rating of 100. Sergeant Lyon and Detective Sergeant Craddock receiving 85. Riley, Sergeant Casey and Record Clerk Circle were given 70. The three rated highest by the Chief stood at the head of the examination list, while all of the others, with a rating as high as 50, would have been contenders. Riley takes the stand that he has for many months commanded the first night relief, without criticism, and that in fairness he was entitled to as high a rating as the others, or else should have been relieved long since. Mr. Haskin yesterday announced that he would serve no longer as acting captain. He says his superior pressed him to remain, but he closed the discussion by asking to have some other officer placed in charge of the relief tonight.

Vacancies in the rank of captain have been the subject of a scandal ever since Chief Slover was elevated to that rank to take the position of acting chief, and Sergeant Bailey was appointed to fill the temporary vacancy.

### Men Refuse to Withdraw.

An examination was held, at which Circle, Riley and Inskeep passed highest and were therefore eligible to be appointed. While Riley was seventh on the list, an effort was made to have those between him and the eligible three withdraw their claims, but that he could be appointed, but they refused, and it was then discovered that there was no vacancy existing. Slover still being a captain in fact, and Keller was retained.

### Keller's Showing Good.

One of the questions in the examination was: "Name the 10 worst criminals captured by you, with the disposition of their cases." Keller, having command of the second night relief, when a majority of such men are captured, and being taken into all important arrests by the officers under him, was able to make a better showing than any other candidate.

## POULTRY CLUB PROJECTED

### Men, Women and Children Eligible to New Y. M. C. A. Organization.

Organization of a poultry club, open to men, women and children, has been decided upon by the educational department of the Young Men's Christian Association. A series of poultry lectures were begun several weeks ago by the Y. M. C. A. and these will be continued, but in addition a club will be formed to meet every Saturday night. Organization of the club will be effected and officers elected at an open meeting in room 309 of the Y. M. C. A. building tomorrow night. A textbook course will be taken up and special attention will be paid to the subject of co-operative marketing.

Several interesting features are being planned for the lecture nights, which will be held monthly. Among the speakers will be H. H. Collier, member of the executive committee of the National Poultrymen's Association, and Miller Furr, editor of a poultry journal, who will be in Portland to judge the poultry show next month. A novelty will be the exhibition of a fast of moving pictures of poultry, loaned to the Y. M. C. A. by the Oregon Agricultural College.

A collection of poultry books from the Public Library will be installed in the Y. M. C. A., which already has a branch library made up of books used in the religious work classes. A competitive poultry exhibit will be made in January by the club members.

## 15-YEAR-OLD BOY MISSING

Son of Mrs. Henry Northrop Disappears in Chicago.

Police of three Pacific Coast cities are searching for Valford E. Welthoff, a 15-year-old boy, son of Mrs. Henry Northrop, of 384 Salmon street. The lad dropped out of sight after leaving a railroad train at Chicago November 8. Detective Hawley has been assigned to the Portland end of the case, and appeals to the police at Seattle and Los Angeles have been heeded in those cities.

Presuming that her son was on his way to join her, Mrs. Northrop does not know what city he may have started for, as her movements at the time she last heard from him, nearly a year ago,

were uncertain. Her husband is in the employ of the Elfers Music House. Estrangement continuing after being divorced, caused a total discontinuation of communication between Mrs. Northrop and H. E. Welthoff, her former husband, a resident of Columbus, Ind., and since last Christmas she has heard nothing from her son. At that time the movements of the Northrop were so indefinite that the boy, if in search of his mother, would not know which way to direct his travels. After the disappearance Mr. Welthoff wrote to Mrs. Northrop on the theory that she was concealing her son, but on being assured that such was not the case, wrote again, resigning all claim to his custody in her favor, and waiving any action on account of the boy's taking \$160 from his father's house. "I am dreadfully worried," said the mother yesterday, "for fear something has happened to my son. He is an accomplished violinist and able to support himself that way, but I feel sure that he is somewhere in the West, looking for me."

## COURTS ARE DISCUSSED

Book Offered by The Oregonian Tells of Government Methods.

The discussions in Congress and in the newspapers concerning the Commerce Court, as to whether or not it shall be abolished, naturally create general interest in the Federal Judiciary system. Comparatively few persons fully understand the great changes

Acting Captain Riley, Who Quits Command, Saying Chief Underestimated Him.

that have taken place in the system in recent years—the establishment of the Commerce Court, the abolition of the old Circuit Courts, and other sweeping changes that were made January 1, 1912.

The only available authoritative statement of the system of Federal courts, as now organized, is that contained in the two chapters on the Federal Judiciary in the new book, "The American Government," by Frederic J. Haskin. These chapters, and the one pointing out the changes, ought to be read by every person who discusses in any way, or who reads or thinks about, the Federal judicial system.

In this matter alone Mr. Haskin's book is of such value that The Oregonian has won popular approval by giving its readers the opportunity to get this valuable work for only 50 cents and two coupons.

## Wake Up! You Lazy Stomach!

### Make Your Stomach Cheerfully Do Its Work—Stuart's Dyspepsia Tablets Digest Your Food and Assist the Stomach.

People who complain they are worn to a frazzle are nearly always dyspeptic and are recommended to use Stuart's Dyspepsia Tablets. The stomach gets lazy, food ferments and sours, gas belches up, there are symptoms of bloating, the blood becomes thick and sluggish, the liver is blamed, the head is heavy, the mind a blank and the dining-room is a chamber of horrors. One of the greatest evils of our modern life is the quick lunch. To this evil, as much or more than any other, may be traced the preponderance of the stomach troubles of our times. Instead of taking time to thoroughly masticate the food before swallowing it, the average person rushes through the meal, bolting the food, deglutition taking place while it is only partially mixed with saliva, and only half masticated, thus leaving the stomach to do the work the teeth should have done. Stuart's Dyspepsia Tablets contain digestive elements, a single grain being capable of digesting 3000 grains of food, including meats, eggs, grain, vegetables, starches and mineral matters. They prepare every particle of food by thorough digestion for ready absorption and assimilation by the lactical glands, which pass it into the blood, whence it is conducted to all parts of the system, rebuilding and revitalizing it.

Every drugist has Stuart's Dyspepsia Tablets in stock and sells them at 50 cents a box.

## The Special Care

We give your linen may bring you success because of increased self-confidence in the knowledge that you appear at your best, and that a hand ironed shirt evidences good taste and true economy.
