

# KAMM'S WIFE IS CHIEF BENEFICIARY

## Dead Transportation Man's Will Creates Trust Fund for Four Grandchildren.

### SON'S WIFE GETS \$12,000

#### Estate Expected to Inventory Upwards of \$4,000,000 and Three Trustees Are Empowered to Act in All Capacities.

The vast fortune of Jacob Kamm, pioneer transportation man, who died December 14, becomes the heritage of his immediate family, his widow and four grandchildren, according to the terms of Mr. Kamm's will, which was filed for probate at the Courthouse yesterday. An inventory has not yet been filed, the petition merely stating that the deceased was worth in excess of \$1,000,000, but it is generally believed that the estate will inventory considerably in excess of \$4,000,000.

Mrs. Kamm is beneficiary of the entire estate with the exception of \$152,000, of which \$12,000 is to go to Fenton Kamm, a son of the testator. Provision is made that \$150,000 is to be invested by the trustees, Mrs. Kamm, William B. McKenzie and W. W. Cotton, and the income used for the education of Mr. Kamm's three grandsons, Jacob Gray Kamm, aged 24; Walker Willis Kamm, aged 22; and Phillip Schuyler Kamm, aged 20.

### Trustees Given Authority.

It is provided that the \$150,000 shall be invested in income property, mortgages or other securities, in the discretion of the trustees, who are given power also to sell and reinvest as may seem expedient to them. When in the estimation of the executors, the amounts have been sufficiently educated, \$30,000 of the amount shall be paid immediately to Mrs. Kamm, or her heirs. The balance is to be divided in equal proportions, \$10,000 each, among the four grandchildren, the three already mentioned and Caroline Kamm McKinnon, now 28 years of age.

Mr. Kamm orders in his will that each grandchild shall receive \$5,000 on reaching the age of 27, \$10,000 on reaching the age of 30 and the balance of \$15,000 when 35 years of age. The \$12,000 for the daughter-in-law is to be paid any time within 10 years of the testator's death, as shall be convenient to the trustees. Mrs. Kamm receives the residue and bulk of the estate with absolutely no instructions, as far as the will is concerned, to how she shall dispose of it. She is now 72 years of age.

### Education Cost Limited.

The amount each year to be spent on the education of each grandchild is limited to \$1500. All excess income from the \$150,000 is to be paid yearly to Mrs. Kamm. Further provision is made that Mrs. Kamm is to receive anything due any grandchild who may die before inheriting in full.

The will was executed September 14, 1909, in the presence of W. W. Wakefield and Frank Robertson, the latter now being in New York on his way home from Europe. William B. McKenzie, named as one of the trustees, and executor, had been Mr. Kamm's private secretary for many years. W. W. Cotton, another of the trustees, is general counsel for the C. O. B. & N. Company, successor to the Oregon Railroad and Navigation Company, of which Mr. Kamm was one of the founders. It is directed in the will that the executors shall serve without bond. Dolph Mallory, Simon & Gearin are attorneys for the estate.

### CITY MAY ACQUIRE LAND

#### Agreement Reached by Mayor and Robert Wakefield.

In consideration of the payment by the city of a judgment obtained in the Circuit Court by Robert Wakefield in the Hawthorne bridge superstructure case, the city is to receive free of cost a strip of land on the East Side needed for the extension of Larabee street, if an agreement entered into by the city and Mayor Washburn and Robert Wakefield is indorsed by the City Council.

Mr. Wakefield will turn over the property and open the way for the city to make the street extension for Holladay avenue to the east approach of the Steel bridge at once. In paying the claim the city will be relieved of the payment of any interest on the money from the date of the completion of the superstructure which is involved in the judgment and also from paying court costs.

The suit, upon which \$11,800 judgment was obtained, arose from the refusal of the city to pay about \$11,800 for extra on the bridge. The judgment included interest for about two years. It was the plan to carry the case into the higher courts, which the Wakefield company did not desire because of the certainty of the amount involved being tied up for several years.

The land which will be obtained, if the Council indorses the agreement, would have cost no less than \$2800, as the viewers who made assessments of benefits and damages for the original proposed extension of Larabee street awarded Mr. Wakefield \$2000 for his property, above all the benefits.

### DOORS MUST SWING OUT

#### Police Gather Reports on Public Resorts Not Obeying Law.

Steps to enforce the statute which requires all outer doors in places of public resort to swing outward are being prepared in the District Attorney's office, where a big sheet of police reports are being worked up in regard to complaints against the delinquent owners of such places. The necessity of such action was referred to by a recent grand jury.

### BAR ON ELK IS DENIED

#### Game Warden Says Carload Will Be Released in Safe Location.

Within the next few days a carload of elk will be passing through Portland on their way to Redding, Cal., where the local lodge of Elks has made arrangements to have them placed in the Shasta Forest reservation. In this connection word was sent to the lodge that State Game Warden Finley had refused permission to allow them to pass through Oregon.

This is not the case at all," said Mr. Finley yesterday. "When I heard that arrangements were being made to send this carload from Gardner, Mont. down to Redding, Cal., I naturally made inquiries when they asked for my permission, as to what was going to be done with the elk. I should have refused permission had the location of the release not been desirable in my estimation. I see it stated that the Federal authorities were going to overrule my refusal. Even if I had refused they cannot overrule my decision. I make. If I said the elk were not to go through Oregon they would not have done so, that's all, as the State Game Warden has absolute control over the state fish and game."

Mr. Finley received a telegram yesterday from Washington, D. C. to say that 300,000 Eastern Brook trout eggs were being sent to Portland from Leadville, Colo. This shipment will increase the number of trout eggs up to between 2,000,000 and 3,000,000 to be released this season for 1,800,000 arrived yesterday at Bonnevill from Creed, Colo. in good shape, and 500,000 are expected from Utah, in addition to those on hand.

The State Game Warden's office is now collecting black spotted trout which will be kept in the location of spawning time. They are being separated from other trout and placed in the hatcheries at Elk Creek, Trask and Marshfield.

### CONTROL BOARD URGED

#### C. N. M'ARTHUR WILL PROPOSE CHANGE TO LEGISLATURE.

#### Present System Believed to Be Unbusinesslike and to Result in Confusion.

The creation of a state board of control, to have jurisdiction in the management of all state institutions, including the Penitentiary, Hospital for the Insane and the Soldiers' Home at Roseburg, is the purpose of a bill now in preparation and which will be introduced by C. N. McArthur, candidate for Speaker of the House, early in the legislative session which opens January 12. The board is to consist of the Governor, Secretary of State and State Treasurer, the idea being to centralize the management of the various institutions in one board, abolishing the many boards and commissions now in control.

Governor West is in favor of the plan, on the ground that the present system, with its multiplicity of management, is unbusinesslike in that it makes for confusion and expense, with little uniformity of method in the management of the different institutions.

Mr. McArthur believes that it constitutes a much-needed piece of legislation. He served two years as secretary to the late Governor Benson and his experience then taught him that the executive office was crowded with work connected with the various institutions. He believes that the Governor should be relieved of the responsibility of the management of the Penitentiary, the Soldiers' Home and other boards, so that he will have more time to devote to his executive duties.

A separate board of control, which has no state official shall be connected, is the ideal way to handle state institutions, in the opinion of Mr. McArthur, and he believes that eventually such a board must be established, but as the present sentiment of the state is against the creation of new offices, and economy in the watchword generally, he favors the sharing of the responsibility with the Governor by the Treasurer and Secretary of State.

### HANDSOME PRESENTS.

A high-grade overcoat that looks like \$25 and costs only \$17.50 is a present worth while. Jimmy Dunn, room 313 Oregonian bldg. Take elevator. Open evenings.

### What is More Beneficial or Lasting for CHRISTMAS

#### KRYPTOK

#### Without Lines in the Lens

Than a pair of Kryptok or Toric Lenses, combined with a Comfort Mounting? Your present and kindness will ever be in the memory of your friend.

Call and talk it over with me. I will gladly explain it to you. I always guarantee my work. Ask to see my grinding department.

### J. D. DUBACK

#### Eyesight Specialist. Sixth Floor Selling Bldg. Sixth and Alder.

### A GOOD PRESCRIPTION

#### For a Long Life.

This is the prescription for a long life given by an old gentleman in Connecticut, who is 93 years old and still well and cheerful—"Live temperately, be slow to anger, don't worry, take plenty of exercise in the fresh air, and above all keep cheerful."

Should the system get run down—digestive organs weak—the blood thin and clammy—take Vinol, which is a delicious combination of the medicinal—body-building properties of cod's livers, with the easiest means of eliminating and tonic iron added. We regard Vinol as one of the greatest body-builders and strength creators in the world for aged people.

Mrs. Mary Tevy, of Columbus, Ga., says: "If people only know the good Vinol does old people you would be unable to supply the demand; it is the best tonic and strength creator I ever used."

We wish every feeble old person in this vicinity would try Vinol on our agreement to return their money if it fails to give satisfaction. Woodward, Clarke & Co., druggists, Portland, Or.

P. S. If you have any skin trouble try Sazo Salve. We guarantee it.

# Until Christmas, Store Opens 9:30 A. M., Closes 9:30 P. M.
