REAL ESTATE.

For Sale—Houses.

Let us build you a home in Laurelhurst. We have the best building plan that has ever been devised in Portland. It saves you all of the trouble of looking after the work, and protects you against liens and other building annoyances. We believe you of all the worry, of all the details and stand between you and all loss. We can build cheaper than you can get a home built any where else in Portland, and much cheaper than you can build it yourself. We buy building material in large quantities, at big discounts, and you get the advantage of this discount. We employ only the best mechanics.

Our plan is as follows: You select your lot and decide upon the type of home which you want. We will have our architect draw your plans, then we will take charge of the construction, look after every detail, build the house exactly as you want it, give you your full money's worth and turn the house over to you a finished job—you to make us a cash payment of only about 10 per cent of the value of the property. The remainder you can pay in monthly installments, which will amount to very little more than your present rent. No other sub-division operators have ever made such a liberal offer as this in Portland.

Think of getting a house built in such an addition as Laurelhurst on such liberal terms as we have outlined above. It is an unheard of proposition in this city. Come around to our office at 270½ Stark street, in the Railway Exchange building, and let us explain it to you fully.
