

EGG BARGAINS DRAW CROWDS OF WOMEN

Police Called Out to Handle Chicago Shopper and Dealers Cut Prices.

CARLOADS DISPOSED OF

Call for Volunteers Issued by Head of Movement—Campaign to Be Renewed and Other Commodities Added.

CHICAGO, Dec. 20.—(Special).—Women from all stations of life, rich and poor alike, followed their way through the crowds which thronged the "egg stations" in various parts of the city today, Chicago's first day of egg bargains.

One million, one hundred thousand eggs of April stock were placed on sale by club women in 39 places, the price being 24 cents a dozen. As soon as the sale had started and the rush for the "bargain eggs" was fairly under way, merchants with stores near the sale centers placed banners in their windows, announcing that they were selling the "best storage eggs" at prices ranging from 24 to 26 cents a dozen.

Women Kept Overbusy.
In spite of this the women in charge of the sale centers found they had more than they could do to supply shopping housewives. It was estimated that 750,000 eggs were sold by the club women today.

In many of the stores the sale will be continued tomorrow and it is believed that the five and a half carloads of eggs first purchased by the women will be exhausted before noon. Arrangements have been made to buy as many more eggs as are needed today.

A call for 100 more volunteers was issued by Mrs. J. G. Bley, of 5645 Washington Park place, from the headquarters of the campaign in the Congress Hotel. She also issued an appeal to shoppers to bring with them baskets or other receptacles in which to carry away eggs they bought.

Police Needed to Calm Crowds.
Police were called to handle the crowd at the store at West Madison and Market streets before the sale had been in progress an hour.

The success of the sale as evidenced by the reduction in the price of eggs in retail stores and the number of eggs sold by the club women, has led to the announcement that besides tomorrow's sale another date will be set for a general renewal of the campaign and that other commodities will be added as the demand arises.

ROBBERY CRIME MOTIVE

Seaman Who Confessed Murder Says He Stole \$9000 From Victim.

ATLANTON, Kan., Dec. 20.—John Derr, apprentice seaman in the United States Navy, who confessed to the California authorities recently that he killed William Barkis, a wealthy reclusive near here three years ago, in a subsequent confession said robbery was the motive and that he stole between \$9000 and \$9000, T. A. Micey, County Attorney, said tonight. Micey said he received a copy of the later confession today.

Derr's confession said that he found the money in an old trunk. He said he hid the money, but refused to reveal the hiding place. It is known that Barkis drew \$6000 from an Atlanta bank two years before his killing and the authorities never could account for the money after he was killed.

The county has taken no action to bring Derr back to Kansas. He said he wanted to make a further investigation of alleged conflicting statements in Derr's confession.

JOHN S. HUYLER KILLED

Son of Millionaire Candymaker Falls Under Train.

MORRISTOWN, N. J., Dec. 20.—John S. Huyler, aged 19, the youngest son of the late John S. Huyler, millionaire candy manufacturer, was fatally injured here today when he fell beneath a train. Both legs were crushed to the knee, so that immediate amputation was necessary and he died a few hours later.

The young man jumped on the train just as it was pulling out of the station for New York, lost his balance and fell.

SUSPENSE YET UNBROKEN

they have been quite ready with their names.

The Governor received a call from Rolla Wells, treasurer of the National Democratic Committee, and ex-Mayor of St. Louis, who brought a bound volume showing campaign contributions and expenses, a fac simile of which recently was filed with the clerk of the House of Representatives.

Foreign Contributions Pleasing.
"I venture to say," the Governor said, "that it's a better looking report than the other two fellows filed. It's the best of its kind I've ever seen and an interesting document, because it's the first report under the law requiring the publicity of campaign contributions."

The Governor seemed pleased by the wide support that the financial side of the campaign received. He ran his fingers over a list of places, calling attention to the fact that contributions were received from Americans in Canada, China, Mexico, Ireland, Egypt, Ecuador, Pan-America, Cuba, Honduras, the Philippines and Porto Rico. These foreign contributions totaled more than \$2500.

Governor Wilson had a long talk with Senator Fielder, who has been informally agreed upon by the Democrats for president of the State Senate, which means automatic succession to Governor Wilson when the latter resigns. He read Mr. Fielder the message he is preparing for the State Legislature and discussed the forthcoming revision of the corporate laws.

Party Walks Eight Miles on Good Roads and Today Will Trudge Seven Miles to Poughkeepsie, Where They Will Take Rest.

WAPPINGERS FALLS, N. Y., Dec. 20.—"Albany only eight miles away!" This was the cry of the little band of suffragists who arrived here late today after an eight-mile walk from Fishkill over good roads. The four pedestrians, Miss Rosalie Jones, Miss Ida Craft, Mrs. Jessie Hardy Stubbs and Mrs. Lavinia Dock, passed tonight in a local hotel and tomorrow will plod the seven miles to Poughkeepsie, where they will remain over Sunday.

When the little party left Fishkill they were accompanied by a score of enthusiastic suffragettes and on their arrival here they were met by a large delegation.

Miss Craft addressed a crowd of women coming from a factory and tonight Miss Jones and Miss Craft spoke at the assembly hall, the society event of the season in this village.

CITY OFFICIALS AT WAR

OREGON CITY WITHOUT CHIEF OF POLICE.

Mayor's Appointee Loses Suit for Salary and Council's Favorite Is Cited in Court.

OREGON CITY, Or., Dec. 20.—(Special).—Oregon City, which for four months had two acting Chiefs of Police, is now without any. Circuit Judge Eakin today decided that E. V. Shaw is not the chief and has no right or title to the office. Grant B. Dimick, Mayor, had cited Shaw to prove his title to the office, which the Mayor charged Shaw had usurped. Shaw's counsel, C. D. Latourette and J. E. Hedges alleged that he had never assumed the office, being merely a peace officer and jailkeeper.

Mayor Dimick and the Council last January failed to agree on several appointments, one of which was Chief of Police. The Mayor appointed Charles E. Burns Chief, but the Council refused to confirm the appointment, declaring that E. L. Shaw should be retained. Burns was acting Chief for four months. He then resigned and

JEWEL MERCHANT KILLED IN REVENGE

Man Found Dead With Bullet and Stab Wounds and Acid Burns on Mouth.

SKULL ALSO IS CRUSHED

Activity in Sending Thieves to Prison Several Years Ago May Furnish Motive — Finger Prints Give Clue.

CHICAGO, Dec. 20.—Revenge, according to the police, prompted the murder of J. H. Logue, a diamond merchant, who was killed in his office in the McVicker Theater building in the center of the shopping district at noon today.

There is no clue to the slayer or slayers. Logue is said to have been responsible for the sentencing of some diamond thieves to prison in 1905 or 1906, and police are working on the theory that, having regained their freedom, they may have been implicated in the killing.

Woman May Be in Plot.
A woman may have been included in the plot against Logue's life. When found in his office, he was gagged with a black ribbon. Seventeen knife wounds were in his body, which caused the revenge theory to be advanced. He also was shot in the right shoulder, but the wound would not have caused his death, physicians said. His mouth was burned with acid. A diamond band containing the liquid was found on the office floor.

His skull had been crushed by beating. Part of Logue's right thumb almost severed, indicating a hand-to-hand struggle between the assailant and his victim.

Bloody Fingerprints Found.
Whether robbery entered into the crime has not been determined. The office safe was locked, but bloody fingerprints and a bloody rag were found inside. Clean impressions of the print were obtained and the police hope they may prove a valuable clue.

No jewelry of any value remained in the office, which might have lent strength to the robbery theory had not Mrs. Logue declared that her husband had carried a large stock of goods.

She said she acted as a jobber and bought diamonds and other jewelry for what she saw a ready market for them.

DEFENSE UPHOLDS AID

LAWYER SAYS ENORMITY PRECLUDED CREDENCE.

Attorney for Minneapolis Men Involved in Dynamite Cases Defends Walking Delegate.

INDIANAPOLIS, Dec. 20.—Denial that aid in raising a defense fund for the McNamara brothers by labor union officials now on trial should be taken as an indication of guilty knowledge as to a dynamite conspiracy on the part of the 40 defendants was made today by attorneys for the defense in their arguments before the Federal jury.

"It has been repeatedly charged by the Government that these defendants showed their implication in the dynamite plots by their efforts to help the McNamara brothers plead guilty, were locked up in Los Angeles and before they pleaded guilty," said M. C. Tift, attorney for the defense.

SEALS MAY BE HUNTED

GOVERNMENT URGED TO AMEND EXISTING ACT.

Herd Almost Doubled and Belief Is That Quality Will Be Better by Thinning Out Males.

WASHINGTON, Dec. 20.—Unless the agreement reached with Japan and Great Britain for the protection of the seal herds in the North Pacific is to fall of realization and the seal treaty, perhaps itself be lost, it will be necessary for Congress during the present session to amend the seal act so as to remove the five-year restriction upon the killing of male seals on the Pribilof Islands.

This is the view of the Administration based on several urgent communications to the United States, the latest received today from Japan. This communication pointed out that the existing legislation amounts to a practical repudiation of that part of the treaty which guaranteed to the Japanese and the British governments a fair return from the seals that might be safely killed on the American seal islands in lieu of those taken by pelagic sealers.

The seal herd has almost doubled in number under one year of suspension of killing, and it is the opinion of the State Department experts that, so far from being necessary to prevent the further taking of a due proportion of skins, some thinning out of males of the herds is absolutely necessary to prevent its deterioration. Therefore, it is expected the President will make another effort to induce Congress to amend the existing seal act so as to insure fair treatment for the Japanese and British governments.

Business Agent Has Mission.
Defending Charles N. Beum, of Minneapolis, and Fred J. Mooney, of Duluth, whom he especially represented, Mr. Tift said they had no knowledge that \$1000 a month was being used by McNamara for dynamiting expenses.

Attorney J. G. Lettler replied to statements by the district attorney that most of the defendants were "walking delegates and business agents who did not work, but who used the funds of labor unions to further their own ambitions."

"The business agent has a mission," said Mr. Lettler. "His mission is to procure for laboringmen the wages which laboringmen otherwise would not get."

United States Senator Kern will argue for the defense next Monday. He will be followed by the closing statements of the Government. All arguments are to be concluded by next Thursday, when the jury will be the instructions of Judge Anderson.

TILLAMOOK CHEESE WINS

I. W. Hiner and Andrew Christensen First and Second at Eugene.

ALBANY, Or., Dec. 20.—(Special).—I. W. Hiner, of Tillamook, won the first prize for the best cheese at the third annual convention of the Oregon Butter and Cheesemakers' Association, which was held here this week.

By virtue of his victory Hiner received a gold watch, offered by the Marshall Dairy Laboratory, of Madison, Wis., and other prizes. Hiner was only half a point over Andrew Christensen, of Tillamook, who, as winner of second place, will receive several prizes, as will the winners of third, fourth and fifth places.
