

FLOP HOUSE RUM MAY HOLD BODIES

Firemen Hear Cries but Are Unable to Reach Supposed Victims of Blaze.

40 LODGERS DRIVEN OUT

Three Inmates Sleeping Off Effect of Christmas Celebration Are Rescued — San Francisco District Threatened.

SAN FRANCISCO, Dec. 26.—Whether lives were lost in the fire which burned the Capitol Lodging-house, a 19-cent "flop" house on the outskirts of the business district, tonight may never be known. Firemen who rescued three inmates, sleeping off the effects of a Christmas carousal, heard others scream, but were unable to reach them. About 40 of the lodgers, many in a condition of stupor, were driven from the building when the fire broke out on the second floor of the two-story frame building.

While the walls are standing, the interior was burned to a hard, black mass and no satisfactory search for bodies could be made tonight.

Greek Tenement Also Burns.

An adjoining three-story tenement-house, occupied in the main by Greeks, also was "virtually" destroyed. The plants of the Soble Bed Manufacturing Company and the Central Gold & Silver Plating Company, in the lodging-house building, were damaged. The entire loss was about \$25,000.

James Truman, a marine fireman, who had gone to the lodging-house to recuperate after a Christmas celebration, lurched through the second-story window when awakened by smoke and dragged his mate, Danny Sharkey, after him. Neither was injured. Fireman J. W. Anderson and Lieutenant Timothy Harrington took their way through the flames at the rear of the building and returned, each dragging a drunken sleeper.

Cries of Others Heard.

"I heard others yell," said Anderson, "but there was no way of reaching them. If they're in there they're gone."

The firemen saved the Thesaurus Restaurant, adjoining the lodging-house, and the plant of the Griffin Envelope Company. The roof of the restaurant had caught fire and it was saved only by a hard fight.

The lodgers-house stood in the midst of inflammable tenements and frame structures, hastily built after the fire of 1906, and it required every fire-fighting resource of the downtown district to keep the flames from spreading.

John Keenan, the clerk of the lodging-house, could not be found, and it is not yet known how many lodgers were in the building.

GERMANY TO GET PRUNES

Four Carloads to Be Shipped From Clark County.

YANCOUVER, Wash., Dec. 26.—(Special.)—Four carloads of Clark County prunes, grown, dried and being packed here by the J. K. Armory Packing Company, will be shipped to Germany in January. Prunes from Clark County go to all parts of the world, last year a carload being sent to the farthest point in Siberia.

Fifty girls were advertised for today to pack the prunes. Other large shipments probably will be made during the next few weeks. It is said that Clark County prunes are sometimes shipped to France and there treated and re-shipped to the United States as French prunes. The crop here this year was about one-quarter of what it usually is, but this did not deter fruitgrowers from setting out 500 acres more prunes this year, the largest such project ever set out in the county in one year.

BLIND ENJOY CHRISTMAS

Lighted Tree Prepared and Described for Sightless Children.

YANCOUVER, Wash., Dec. 26.—(Special.)—Though the children in whose honor the tree was held could not see it, they enjoyed the Christmas tree at the State School for the Blind last night. There are about 25 pupils at the State School for the Blind during the holidays, the others having been taken home for the holidays.

A large Christmas tree was fixed up for them by Principal George Mullin and teachers of the institution. Little lights were given wood pictures of how the tree looked with its glittering candles, tinsel and evergreen boughs and how it was laden with presents. A huge plum pudding, made in England and shipped to Mrs. George H. Mullin, was served to the children at their Christmas feast yesterday.

ARREST FOLLOWS DINNER

Officer Waits Until Man Has Concluded Christmas Meal.

BAKER, Or., Dec. 26.—(Special.)—Without interrupting the festivities of a Christmas dinner, Deputy Sheriff McCord, of the county, yesterday sat in another room of the home of George Campbell, awaiting the pleasure of Harry Campbell, whose arrest he made at the close of the dinner. The arrest was occasioned by an indictment by a former grand jury of this county against Campbell for the alleged "harassment" of some woman. Campbell, together with his partner, "Curley" Jones, were indicted jointly nearly a year ago. Jones pleaded guilty to the charges and was sentenced to the penitentiary. Campbell fled from Baker at the time of the trouble and returned only a few days ago. His case will be taken up at the next term of the Circuit Court.

RICH SISTERS DIE IN WANT

\$5604 Found Around Waist of One Who Refused Medical Aid.

ST. LOUIS, Dec. 26.—Examination of the body of Mrs. Sarah Johnson, who, with her sister, Miss Mary Scott, died Christmas eve of pneumonia, apparently in want, revealed that a bag around her waist contained \$5604 in cash and three gold watches. In Miss Scott's effects were found deeds and papers showing bank deposits. Little is known of the sisters. They arrived at the address at which death occurred about two weeks ago, both suffering from colds, which developed into pneumonia. They refused to have medical attention because of the cost and even declined to go to a free hospital.

Although living in the same rooms they slept in single beds and used sep-

arate tables, dishes and silverware for eating.

In the delirium preceding death, Mrs. Johnson spoke of a daughter living in New Mexico and of a sister in Pueblo, Colo. The elder woman was about 50 years old and Mrs. Scott had remarked that she was "more than 40."

PLANS WILL BE HURRIED

Effort Is to Start Pittock Block Work and Theater Is Included.

D. C. Lewis, architect for the Fleischacker interests in preparation to erect a building on the Pittock block in Portland, expects Benjamin J. McDougall, a San Francisco architect, who is to be associated with him in preparation of the plans, to arrive in Portland some time this week, to look over the ground and make preliminary examinations.

Mr. Lewis says that it will be necessary for the plans to be drawn in San Francisco, because so many of the men interested in the company, which is to erect the building, reside in that city. As soon as Mr. McDougall arrives conferences will be held and all possible speed in preparing the plans will be made, since it is desired to begin excavation for the foundations of the new building at the earliest possible date.

conditions for the sake of peace. But there is a limit which the allies have far surpassed.

The allies, on the other hand, say that the armistice was arranged to give Turkey an opportunity of making peace terms without suffering further losses in the field, and they characterized Turkey's talk of keeping Adrianople, Janina and Scutari and retaining Saloniki as laughable. General Danzig, the Greek chief of general staff, said:

"Let them come and take Saloniki if they can. Even the dust of our ancient heroes would rise up to defend our rights."

The most optimistic of the Turkish military party profess confidence that the Bulgarians never will be able to force the Tchatalja lines, but that, on the contrary, with her present powerful army, Turkey will free Adrianople in a fortnight, and adding that garrison to the main body, will take the offensive toward Philippopolis and Saloniki.

PRICE-FIXING IS TESTED

FEDERAL SUIT BEGUN AGAINST BREAKFAST FOOD CONCERN.

Litigation Will Determine Right to Refuse to Sell to Jobbers Who Violate Conditions.

DETROIT, Dec. 26.—The Kellogg Toasted Corn Flake Company is alleged to be violating the Sherman law in a petition in equity filed in the United States District Court here today by order of Attorney-General Clegg, to restrain the company from the extent to which a manufacturer can control retail prices.

The company and its officers, engaged in the manufacture of Kellogg's toasted corn flakes, are charged with fixing prices at which the flakes are sold to retailer and consumer, preventing competition which would reduce the price to the public and creating a monopoly by concentrating the entire interstate traffic in this commodity in the hands of jobbers and retailers.

The suit is regarded by the Government as of vast importance because of the breakfast food after it leaves the hands of the manufacturer.

It is alleged that the company sells only to jobbers, refusing absolutely to deal directly with the consumers or with the retail trade. The company, according to the petition, is sold to jobbers at a uniform price, under an agreement that the jobbers will sell to retailers at a price fixed by the defendants. The defendants are charged with strictly enforcing the agreement of sale by absolutely refusing to deal with any other parties in failure to maintain the specified price.

LA GRANDE BOY ONLY VENTRILOQUIST WHO CAN MAKE THREE DUMMIES SING AT SAME TIME.

"PROFESSOR OREGANUS" IS HAROLD GRADY.

"Professor Oreganus" the man of mystery, who is the only ventriloquist living that can make three dummies sing at the same time, is one of the features billed by the University of Oregon Glee Club for their concert at the new Lincoln High school next Saturday night. Harold Grady, of La Grande, is the "professor," who introduces the three little baby dolls. "Limbo," a mean little "sawm" from Peaslee; "Sambo," a colored lad who is said to be a graduate of Washington High School, and "Percival," of Albany, a sweet little youngster who parts his hair in the middle and wears a bow necktie.

One of the greatest feats of Professor Oreganus is to bring his dummies to life and make them sing. The act made a great hit in the Eugene and Albany concerts. Tickets to the concert are selling rapidly at Frank Naeve's Drug Store.

MEXICAN SHOPMEN OUT

2000 DEMAND HIGHER WAGES AND SHORTER HOURS.

Strike Coming at Time of Demoralization of Lines by Rebels Is Cause of Much Concern.

LAREDO, Texas, Dec. 26.—Two thousand shop employees of the National Railway of Mexico struck today because of the refusal of the management to grant an eight-hour day on an increase in wages. The strike was called simultaneously at Nuevo Laredo, San Luis Potosi, Mexico City and Aguas Calientes. At Nuevo Laredo 1000 mechanics and 1000 other employees walked out. The shops are closed.

Because of the demoralized condition along the line of the railway as the result of the rebel activity, the strike has caused the greatest concern. Railroad officials refuse to discuss the situation beyond saying that the strike will not cause a tie-up of the lines and that they believe regular train service can be maintained.

At several points bridges and stations have been burned by the revolutionists and long stretches of roadbed destroyed.

The employees presented their demands for a shorter day and an ultimatum that if they were not acceded to, a strike would be called before the end of the year. No intimation had been given that a strike was selected as the date of the walkout.

TARIFF NEEDS ESTIMATED

Amount to Be Raised Will Be in Excess of \$225,000,000.

WASHINGTON, Dec. 26.—Between \$225,000,000 and \$350,000,000 will have to be raised by the tariff legislation of the next Congress. This is the basis on which the ways and means committee is figuring.

The committee will provide in the tariff revision plans whether there shall be an excise or income tax to meet part of the revenue necessities. Several of the members of the House committee on ways and means were at the Capitol today preparing for the coming hearings.

BRIGADIER'S RANK HOLDS

McClernand to Be Retired With Rank, Though Unconfirmed.

WASHINGTON, Dec. 26.—Acting on the advice of the Attorney-General and of the Judge Advocate-General of the Army, the Secretary of War has directed that General Edward J. McClernand, on his statutory retirement for age next Sunday shall be retired with the status of a Brigadier-General of the line.

General McClernand is at present at the head of a board of cavalry officers which is inspecting foreign military establishments. He was appointed Brigadier-General by President Taft, but owing to the failure of the Senate to act upon the nomination must be retired December 29 before confirmation can be had.

JURY EXONERATES SLAYER

Kitsap County Clerk Found to Have Shot Stepfather in Self-Defense.

SHELTON, Wash., Dec. 26.—V. Clarence Newman, County Clerk of Kitsap County, who shot and killed his stepfather, John S. Davis, Christmas night, was partly exonerated by a Coroner's jury today. The jury found that Newman probably shot in self-defense, but asked that the death of Davis be further investigated.

Newman is still in the Mason County Jail and will be arraigned tomorrow before Judge John R. Mitchell, of Thurston County, who will sit as a committing magistrate. The Prosecuting Attorney has not determined what charge will be preferred against Newman.

Mrs. Davis, Newman's mother, the only witness of the shooting, said her son shot in self-defense.

CHRISTMAS TRADE GREAT

A. Holtz, of the Holtz store, declared that their business was fully 25 per cent greater than expected. Inasmuch as this was the first Christmas season in which they were in business, the result was extremely gratifying to him.

The buying public displayed a tendency to purchase popular-priced lines, he said.

"I heard from all sources that business was better in Portland this year than ever before," he declared, "and I am satisfied that we received our full share."

MARCHERS IN TRIM

After Day's Trip, Suffragists Coast Down Hill.

WELCOME IS VOCIFEROUS

Enthusiast With Shotgun Causes Fair Soldiers to Jump With Terror and Rocket Narrowly Misses One of Band.

STOCKPORT CENTER, N. Y., Dec. 26.—The suffragette army which marched to Albany to carry a secret message to Governor-elect Sulzer reached here this afternoon after a quick, easy march of five miles from Hudson.

The grinning recruits from the townfolk of Stockport were of an explosive and startling character. One enthusiastic citizen without warning fired his shotgun within close range of the marching pilgrims, causing every member of the band to jump in terror.

Skyrocket Causes Scare.

"Surgeon" Doek narrowly escaped injury from a skyrocket, which was set off to greet the arriving suffragettes.

Some of the marchers were in such fine physical trim that they spent part of the afternoon in coasting down nearby hills or sliding borrowed from small boys. Around a huge bonfire to-night speeches were made and debates on the suffrage movement conducted.

The army will cover the remaining 27 miles of Albany on easy marches of five and 10 miles a day, unless another forced march should be called for by "General" Rosalie Jones.

Washington Trip Proposed.

When asked today about a proposed march from New York to Washington, carrying a message to President-elect Wilson at the time of his inauguration, "General" Jones admitted that she was thinking such a trip serious consideration.

The pilgrims rested tonight in a comfortable farmhouse here and will start tomorrow for Valatie, 10 miles away.

The proposed Washington trip, to which "General" Jones referred, it was proposed should begin in February. The fair marchers will carry the message from the National Association of Suffragists to President Wilson, urging him to enroll in the cause and to support it in his message to Congress.

How many women will be in line, where the message will be drafted, how many days the trip will require and who will lead the army are matters yet undetermined.
