REAL ESTATE.

For Sale—Houses.

Let us build you a home in Laureihurst. We have the best building plan that has ever been devised in Portland. It saves you all of the trouble of looking after the work, and protects you against lives and other building annoyances. We relieve you of all the worry, of all the details and stand between you and all loss. We can build cheaper than you can set a home built any where else in Portland, and much cheaper than you can build it yourself. We buy building material in large quantities, at big discounts, and you get the advantage of this discount. We employ only the best mechanics.

Our plan is as follows: You select your lot and decide upon the type of home which you want. We will have our architect draw your plans, then we will take charge of the construction, look after every detail, build the house exactly as you want it, give you your full money's worth and turn the house over to you a finished job—you to make us a cash payment of only about 10 per cent of the value of the property. The remainder you can pay in monthly installments, which will amount to very little more than your present rent. No other sub-division operators have ever made such a liberal effer as this in Portland.

Think of getting a house built in such an addition as Laureihurs on such liberal affer as this in Portland.
