

DE LARM CALLOUS IN BONDAGE HANDLING

Seattle Broker Secured Issue Not to Exceed Four Cents on Dollar.

BIELH MADE DELIVERIES

Testimony in Columbia River Orchards Company Action Reveals Deals Through Brokers, Netting Nice Incomes.

Additional testimony was presented by the Government in United States Judge Bean's court yesterday disclosing that at the same time DeLarm and Bielh, through brokers, were selling Columbia River Orchards Company bonds at 2 1/2 cents on the dollar, they were exchanging the same bonds for city property.

Both Men Questioned. "I frequently questioned both DeLarm and Bielh as to the amount of their bond issue," said Mr. Gunn, "and was told that it did not exceed more than \$300,000 or \$400,000. I received this information one morning after having passed an office window in which a broker exhibited a bulletin board and an immense quantity of the orchard bonds. The bulletin board announced that the bonds were for sale.

On another occasion when the witness was conferring with DeLarm regarding the movement of the orchard bonds, DeLarm was quoted as having said: "I do most of the scheming in this enterprise, while Bielh does the physical work."

Similar testimony was given by a number of other witnesses as to the price for which the bonds were bartered among brokers. Others testified to having received, through the well printed circulars, substantially setting forth the value of the bonds, as well as the securities behind them.

Miss Pearl Day, stenographer for the Oregon & Washington Trust company, identified several letters written by Bielh and Hodges in connection with the affairs of the trust company and the sale of the orchard bonds in the Portland office. She testified that the trust company did not have a bank account and that the board of directors had no authority to sell the company's property.

Details of how DeLarm and his associates acquired 2400 acres of Lane County timber land were recalled yesterday. After mortgaging this property for \$250,000, the promoters organized the Imperial Timber Company and started a deal by which they expected to exchange more bonds for an additional 7000 acres of timber land owned by Lane County people.

Just before court adjourned yesterday District Attorney McCourt announced that the prosecution would conclude its case today, although it might be necessary to hold a night session.

POLICE COME TO RESCUE

Robert Wayne Is Still "Burglar Tom Dorgan" Long After Show Closes and While Guests Wait for Him at Grill, Next Year.

Talk about realism on the stage! There was a bit of it at the Bungalow New Year's eve, where the Baker players are presenting "In the Bishop's Carriage" this week. It was not the result of carefully wrought-out plans of author, stage director or actor, and came near wrecking the good disposition of one Robert Wayne, the popular heavy man of the company. It was the result of too much theatrical me-

Fear of Arrest for Peddling Without License Causes Activity.

INTENSE ITCHING AND BURNING

Scratching Made Sores. Could Not Sleep. Used Two Cakes of Cuticura Soap and Two Boxes of Cuticura Ointment. Now Rid of Trouble.

R. F. D. No. 2, Tawas City, Mich.—"My skin trouble was brought on while I was in the army, by fever and ague. It came on my body in a form of dead skin, then the itching and burning were intense, and I would scratch and make sores. One year ago this winter I was so bad I could not sleep, had to get out of bed every hour of the night, build a fire, boil water and take a bath before I could get any rest. "I washed with hot water, washed off the dead skin, then put on the Cuticura Soap, dried with a towel and then put on the Cuticura Ointment. I used two cakes of Cuticura Soap and two boxes of Cuticura Ointment and I was rid of the trouble and now I can sleep and rest." (Signed) E. L. Price, June 14, 1912. Not only are Cuticura Soap and Ointment most valuable in the treatment of eczema and other distressing eruptions of skin and scalp, but no other remedies do so much for pimples, blackheads, red, rough skins, itching, scaly scalp, dandruff, dry, thin and falling hair, chapped hands and shapless nails, nor do it so economically. A single cake of Cuticura Soap (36c.) and box of Cuticura Ointment (60c.) make a complete skin cure when all else has failed. Sold throughout the world. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

"CASCARETS" MAKE YOU FEEL GREAT

Gently Cleanse Your Liver and Sluggish Bowels While You Sleep.

SICK HEADACHE, BILIOUSNESS, DIZZINESS, COATED TONGUE, FOUL TASTE AND FOUL BREATH, CONSTIPATION, HEADACHE, SORE THROAT, DELAYED FERMENTING FOOD IN THE BOWELS OR SOUR, GASTRIC ACIDITY.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Salts, Cathartic pills, oil and purgative waters force a passage way for a day or two—yes—but they don't take the poisons out and have no effect upon the liver or stomach. Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the constipated waste matter and poisons in the bowels. A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 16-cent box from your druggist, or direct from the manufacturer, will keep you clear, stomach sweet and your liver and bowels clean and regular for months.

YOUNG FOLKS SHOW APPRECIATION OF PLAYING OF SYMPHONY ORCHESTRA AT COMPLIMENTARY CONCERT ARRANGED FOR STUDENTS.

PART OF THE CROWD OF 2000 PUPILS OF PORTLAND SCHOOLS WHO ATTENDED CONCERT AT HELIOT THEATER. On the last day of the old year nearly 2000 pupils of the Portland schools were entertained at the Heliot Theater at the last rehearsal of the Symphony Orchestra, and showed their appreciation of the concert by frequent, enthusiastic applauding. They listened to the same programme that will be given at the Heliot Sunday afternoon. Educators are lauding the effort and the young people are enjoying the musical education. Before starting the concert, Conductor Jeffrey gave a brief history of the several instruments in the orchestra. This instructive talk was listened to with marked interest by the assemblage.

METERS ARE FAVORED

EAST SIDE CLUBS IN JOINT SESSION TAKE ACTION.

Sole Speaker Opposes Cost of Installation and Says It Will Put Premium on Neglect.

Installation of water meters as fast as they can be placed, in accordance with the vote of the people of Portland several years ago, was practically the unanimous sentiment of the delegates of improvement clubs who attended the union meeting Monday night at the rooms of the East Side Business Men's Club. A dozen or more made talks on the meter question, although the meeting had not been called for that purpose, and, with the exception of John W. Kaate, of Mount Tabor, favored the meter system.

"It will be a heavy tax to install the water meters," said Mr. Kaate. "I received three meters and paid \$15 each for them. To meter the entire city will be a great expense and about as much of the proceeds of the sale of water if it is paid by the city, I keep my grounds at Mount Tabor in good condition, and use much water for the benefit of the community as well as for myself. Why should I be taxed especially because I do this, when my neighbor may neglect his grounds?"

REAMES SEES BENEFIT

JOINT REPRESENTATIVE RETURNS FROM 1913 FAIR SITE.

Douglas and Jackson County Man Not in Favor of Appropriation Greater Than \$200,000.

C. L. Reames, Joint Representative from Douglas and Jackson counties, having just returned from a week's stay in San Francisco, in a communication to the board of directors of the State of Oregon will receive a much larger benefit through advertising at the exposition than will any of the states in either the Middle West or the West.

"I was greatly impressed with the business-like manner in which the managers of the exposition are getting on," said Reames. "I believe that Oregon will receive a much larger benefit through advertising at the exposition than will any of the states in either the Middle West or the West."

"At a meeting of the Jackson County delegation it was decided to favor an appropriation not exceeding \$200,000. I do not think in fixing the appropriation that we should pay much. If any attention to the amount of the appropriations that were made by other states in the past. I regard this matter purely as a business proposition, and believe that up to a reasonable amount the State of Oregon will receive in benefits, directly following the appropriation, the amount of the appropriation. I would be opposed to an appropriation exceeding \$200,000, and do not think that much more than this could be expended advantageously."

"In my opinion," Mr. Reames concludes, "the money should be expended through a commission appointed by the Governor. I am of the opinion that a suitable building could be erected at a cost not to exceed \$75,000 and that the best of the money should be expended in gathering together exhibits of the resources of Oregon and placing them on exhibition. From the commission that handles the money as a trustee, an accounting should be exacted as is maintained over the expenditures for the support of our state institutions. I do not think it is necessary to have a gathering of exhibits of the state's resources and causing them to be exhibited."

"Youth of Oregon" Is Subject

At the same time in the auditorium, I. B. Rhoads, the state Y. M. C. A. secretary, was telling of the youth of Oregon. By means of striking illustrations, he led the audience from the one great industry to another, from huge stacks of wheat to enormous operations connected with the staple industries of the state. Then he threw onto the screen a picture of the Oregonian building and alongside of it, overtopping even its great height, was a boy. "There is our greatest industry," he said.
