Prominent Folk in Delegation That Has as Goal Southern California. Banquet at Hotel Portland

Is Feature of Visit.

Prominent men and women of Spo-kane, Walla Walla and other parts of the Inland Empire, as well as certain sections of Canada, are members of a party of tourists that will arrive by special train over the O.-W. R. & N. line at 2:30 this afternoe

They will remain in Portland until late tonight, when they will start over the Southern Pacific for California-the objective point of their journey. While in Portland the visitors will be entertained by their friends and by of-ficials of the railroads handling the ex-

cursion. The principal function in connection with their visit will be a dinner at the Portland Hotel at 6:30 this evening. An informal programme of toasts and impromptu addresses is being prepared. Florida Traffic Diverted.

This excursion is one of a series that is being conducted through Portland this Winter. The first party, which was recruited from Alberta and Saskatchewan, was in the city a week ago. Today's visitors will be followed later in the season by travelers from the Puget Sound district and from various parts: in the Northwest. ndints in the Northwest

points in the Northwest.

Both Oregon and California are deriving much benefit from the special train parties that the O.-W. R. & N. and the Southern Pacific have brought to this territory in the last few years.

Many of the visitors after seeing Portland have returned here to become permanent residents. Most of these tourists previously had been in the habit of passing their Winters in Flordian. Portland never saw them until the ids. Portland never saw them until the railroads became active in seeking

This Home-Made Cough Syrup Will Surprise You

ps Even Whooping Cough Quickly. A Family Supply at Small Cost.

Here is a home-made remedy that takes hold of a cough instantly, and will usually cure the most stubborn case in 24 hours. This recipe makes a pint—enough for a whole family. You couldn't buy as much or as good ready-made cough syrup for \$2.50.

Mix one pint of granulated sugar with ½ pint of warm water, and stir 2 minutes. Put 2½ ounces of Pinex (fifty cents' worth) in a pint bottle, and add the Sugar Syrup. This keeps perfectly and has a pleasant taste—children like it. Braces up the appetite and is slightly laxative, which helps end a cough.

You probably know the medical value of pine in treating asthma, bronchitis and other throat troubles, sore lungs, etc. There is nothing better. Pinex is the most valuable concentrated compound of Norway white pine extract, rich in guaiacol and all the natural healing pine elements. Other preparations will not work in this formula.

The prompt results from this inexpensive remedy have made friends for it in thousands of homes in the United States and Canada, which explains why the plan has been imitated often, but never successfully.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.
