FLOUR PRICES TO RISE

ADVANCE OF 20 CENTS PER

BARREL DUE TODAY.

Possible Shortage in Supply of

Wheat Given as Cause by Millers

and Higher Figures Feared.

Flour prices this morning will be 20 cents a barrel, or 5 cents a sack, higher in the local market. This is the

the prices of some other necessary com-modities. A year ago today the price was the same as now, though by Sum-mer it had advanced 60 cents a barrel.

Two years ago on this date the whole

sale price was \$8.35 a barrel, which is \$1.85 above the present price. The re-tail price of the best flour on that date was \$1.90 a sack. The retail price to-

day on the same kind of flour will be \$1.35 a sack.

storms had made the road almost im-passable for traffic and they were much fatisued when they arrived at Warren, where they took the stage.

The oregonian will accept classified advertise in the flour market is due to higher prices in the wheat market, wheat is soaring, as stocks in the country are becoming smaller and there is a possibility that not enough is left to last until the new crep comes on. Therefore, millers and grain men think that still higher flour prices will prevail.

LET us build you a home in Laurelhurst. We have the best building plan that has ever been derived in Portland. It saves you all at the trouble of looking after the work, and protects you against liens and other building annoyances. We relieve you of all the worry, of all the details and stand between you and all look. We can build cheaper than you can get a home built anywhere else in Portland, and much cheaper than you can build it yourself. We buy building material in large quantities, at big discounts, and you get the advantage of this discount. We employ only the best mechanics.

Our plan is as follows: You select your lot and decide upon the type of home which you want. We will have our architect draw your plans, then we will take charge of the construction, look after every detail, build the house exactly as you want it, give you your full money's worth and turn the house over to you a finished job—you be make us a cash payment of only about 10 per cent of the value of the property. The remainder you can pay in manthly installments, which will amount to very fiftle more than your present rent. No other sub-division operators have ever made such a liberal offer as this in Portland.

Think of getting a house built in such an indiction as Laurelhurst on such liberal terms as we have outlined above. It is an unheard of prepasition in this city. Come around to our effect at 270% Stark at each of the surface and let us explain it to you fully.
